Chamberlain's Cough Remedy the Most Reliable

After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirstein Greenville, Ill., writes: "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used."

UNITED WAR FUND SURE TO BE NEEDED

Even End of Hostilities Would Not Change This.

Though the war should cease immediately it is said that every cent of the \$170,500,000 sought in the United War Work campaign in the United States, for the seven approved organizations ministering to the American fighters, will be needed just the same.

This is the word of leaders of the fund-raising campaign and their explanation is easily comprehended. In the first place, it has been officially estimated that 18 months to two years must elapse before all the American boys can be returned from foreign soil. There are the men of many other countries to be transported home when the war ends, so the number of boats for use of the Yankees will be limited. Then there is also the fact that thousands must remain so long as the great properties and stores of the United States have not been disposed of or returned.

Immediate cessation of war activities in Europe would plainly create grave problems connected with the care of the men. Remove the great motive which actuates every man at the front today and throw him into dull inactivity, with nothing much to do but await his chance to return to home and loved ones, and the work of keeping him cheerful increases in magnitude. The soldier welfare organizations foresee all phases of this grave contingency. They foresee how great would be the need for reading matter, entertainments, amusements, recreation and the cheery personal touch.

PERSHING WARNS OF GERMAN PUBLICITY

Germany's efforts to involve the United States and her Allies into a consideration of peace terms and an armistice did not impress James F. Pershing, brother of General Pershing, as being sincere and designed to give the world what it is praying for. Mr. Pershing, who was in Oregon recently in the interest of the United War Work drive, which opens November 11, cautioned the American people against the too-common tendency to become apathetic under the idea that peace and the cessation of hostilities are at hand.

"When heaven is ready to negotiate with hell," he declared, "then will America be ready to make peace with Germany." He told of the great work being done in Europe by the Y. M. C. A., Knights of Columbus, Salvation Army and other agencies, and called on Americans to respond liberally in supporting the campaign about to open for raising money with which to carry on these activities.

GENERAL PERSHING MODEST MAN

"All that General Pershing wants now is the success of the American boys in France, and to avoid, so far as possible, any glory for himself," declared James F. Pershing, brother of America's leader in the field, in an address delivered in Portland recently in behalf of the United War Work drive, which opens November 11. The speaker paid a tribute to the men in the ranks, and gave his audience an idea of the high esteem in which the boys are held by their commander. He showed the importance of war work in this country as an imperative necessity to the victory of the Allies in the battles for Democracy, and urged that no diminution in speed be allowed to result through recent peace proposals. Unqualified indorsement of the United War Work drive was voiced by Mr. Pershing who is one of the leading authorities on conditions now existing along the battlefield, and he was especially desirous that there be no relaxation of efforts in behalf of the several war work funds.

Best Big Sisters.

The Y. W. C. A. is known as "The Best Big Sister in the World." Of the \$170,500,000 to be raised in the United War Work Campaign \$15,000,000 will go to the work of this organization.
