Our first touch of real winter came Sunday when snow fell all day and our stockmen got busy making arrangements for feeding. However the sun came but bright and warm Monday and very few sheep were brought in from the hills.

An Old Man's Stomach
As we grow older and less active, less and less food is required to meet the demands of our bodies. If too much is habitually taken, the stomach will rebel. When a man reaches the advanced age of 80 or 90, you will find that he is a light eater. Be as careful as you will, however you will occasionally eat more than you should and will feel the need of Chamberlain's Tablets to correct the disorder. These tablets do not contain poison, but strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

Like millions of other Americans we are willing to share our last crust with the starving people of Europe—except any able-bodied resident of Germany. Let them subsist on the food stuffs they sank with their submarines.

John Dima, who was called on July 21st and has since been stationed at Camp Lewis in 43rd Co. 166th Depot Brigade, arrived back in the Valley Saturday, having received an honorable discharge on Nov. 20th. He was given his citizenship papers on Oct. 14th. John says he likes the service and expects to enter the navy as soon as possible. He reports the following Eagle Valley boys now at Camp Lewis as fine and dandy and that most of them expect to be home before Christmas, viz: Everett Brooks, James Harvill, Ralph Byrne and Ezra Engum.

Francis Herr of 7th Co., U. S. Navy Training Camp, Seattle, Wash., arrived home Friday for a two days visit with his parents. He is very enthusiastic about the service and intends to stick with it for the four years at least, and from from his appearance all must agree that he has not suffered any by the treatment he has received. He says Eber Eldred, who is at the same camp, is in the best of health and also likes the service immensely. As Francis had been granted but a five day pass and had to report for duty Tuesday noon, he left Sunday morning for camp, his mother, Mrs. J. F. Herr, accompanying him as far as Baker.

For a Weak Stomach
As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets.

Why We Are Thankful.

We are thankful that we are a citizen of the U. S. A.

We are thankful for the prosperity enjoyed by all.

We are thankful that ourself and family are in good health.

We are thankful for the glorious climate of Eagle Valley.

We are thankful that every Yank who fell in France died with his face to the foe.

We are thankful that each and every Eagle Valley boy called to the colors has made good.

We are thankful for the loyalty to Old Glory generally displayed by our citizens in all war work.

We are thankful that this community escaped an epidemic of Spanish influenza.

We are thankful that the people of Belgium, France and Italy are free from the menace that has threatened them for years past.

We are thankful that Germany was compelled to surrender, and would be more thankful were we certain that every German, Turk and Austrian, who was responsible for any of the sufferings inflicted upon the people of the allied nations, would be compelled to suffer ten times as much as each one of his victims.

We are thankful for the support given us by the people of this community, without which we would have been compelled to suspend publication months ago.

We are thankful for the many, many blessings bestowed upon us by kind providence, and with our heart full with thankfulness we wish to each and every reader a splendid Thanksgiving Day.

A meeting of Red Cross members will be held at the K. P. hall at 2 o'clock next Monday afternoon, Dec. 2nd, for the purpose of electing officers. Don't fail to attend.

Where He Got the Other.
A Boer who fought with the British forces in the East African campaign was recently operated on for extraction of a bullet. Shortly afterward an English surgeon remarked to him: "By the by, we took two bullets out of you. Did you know there were two?" "Oh, yes," replied the Boer; "one I got from the Germans and the other from you beggars at Colenso."

Certain Cure for Croup.
Mrs. Rose Middleton, of Greenville, Ill., has had experience in the treatment of this disease. She says, "When my children were small my son had croup frequently. Chamberlain's Cough Remedy always broke up these attacks immediately, and I was never without it in the house. I have taken it myself for coughs and colds with good results."

Three shiploads of American soldiers are on their way home. We have reason to expect one or more Eagle Valley boys will be among them.
