Next Sunday's Lesson is on the subject of "Intercessory Prayer" and is found in Eph. 3: 14-21, Ex. 33: 7-17 and 1st Tim. 2: 1-5. The Golden Text is in Jas. 5: 16. What we may say while on our knees or in some other posture will not be prayer unless we put ourselves in position and spirit to help answer our own prayers. Sometimes, the reason why we fail to see our church work advance is because we ask God to do what we ourselves ought to do.

J. M. Johnson.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and restoring nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, P.
