Have Installed X Ray Equipment

We have installed the very latest X-Ray equipment.

Chiropractic is a progressive science. Disease has a definite cause inside the body, (not outside). Unless that cause is located and removed no cure will be made. The cause of disease is an abnormal condition of the spine, which is producing pressure on the nerves that pass between the vertebrae of the spine. This prevents nature (the brain) from controlling the parts involved and disease develops. With the X-Ray we locate the abnormal conditions of the spine, which is convincing proof that the cause has been located. Why treat the effects? Have your spine adjusted and remove the cause of disease and nature will cure.

TOO STRONG ON SYMPATHY

Elvira Parkins Had a Fault From Which Too Many of Us Are Not Quite Free.

"Is she gone?" Aunt Harriet inquired breathlessly.

Aunt Harriet's niece, Elleen, turned from the flowers she was arranging—flowers left by the departing guest. "She's just going down the path," she replied. "Shall I call her back? Do you want to see her again? Did she leave anything?"

"If you call her back, I'll disown you, even if you are my favorite niece," Aunt Harriet retorted. "Tell me the minute the gate clicks."

Elleen's eyes began to dance. Months of illness had not broken Aunt Harriet's spirit. She left the flowers and devoted herself to the window.

"Now!" she announced.

"Aunt Harriet drew a long breath, 'I wish,' she declared, 'that Elvira Parkins never had had a mother! There, I've said it, and I feel better!'"

"Aunt Harriet!" Elleen cried, with a laugh that broke bounds in spite of her.

"I know, I suppose I ought to be ashamed, and maybe I shall be some day, but just this minute that seems to me the most relieving thing I ever said in my life. Elvira Parkins is a good woman. She wouldn't hurt the feelings of a fly, and she'd run her feet off doing kind things for people. I could stand the kindness, but what I can't stand is her sympathy."

"If I so much as mention a twinge in my little finger, she will draw down her face and lower her voice and say, 'I know—you can't tell me anything about it. My mother suffered that way for years.' I have discovered that Elvira's mother had an accident like mine and was hard of hearing like me and had a heart just like mine. Elvira saw me dodging a streak of sunlight for a minute, and she jumped for the shade and pulled it clear down and came back and patted my shoulder, murmuring, 'My mother had just such sensitive eyes. You must be very, very careful. Mother suffered so with hers the last of her life.'"

Aunt Harriet's mimicry was delightful. Elleen was enjoying herself greatly. "Do tell me some more of Elvira's conversation!" she pleaded. "I'm ready to vow never to be sympathetic again as long as I live."

Aunt Harriet sank back on her pillows, but her eyes were twinkling. "I'm not saying that I'd advise you to go quite as far as that, Elleen," she retorted. "I'd only call your attention to the fact that there's sympathy and sympathy, and advise you to exercise a little care in choosing the kind you use."

Farmers' Income Taxable.
Every farmer and ranchman who had a fair or a good year in 1918 must heed the Income Tax this year. He must consider all his income as taxable. He is entitled to deduct from his gross income all amounts expended in carrying on his farm. The cost of farm machinery, farm buildings and improvements cannot be deducted. The cost of live stock, either for resale or for breeding purposes, is also regarded as investment.

Overtime and Bonuses Taxed.
Salary and wage earners must consider as taxable every item received from employers and from other sources. Bonuses and overtime pay are to be reported as well as the regular payments.

Allowances for Losses.
Losses sustained in 1918 and not covered by insurance are deductible items if incurred in the taxpayer's business or trade, in any transaction undertaken for profit or arising from fire, storm, shipwreck or other casualty or from theft.

★ **SQUARE DEAL FOR EVERY INCOME TAX PAYER.** ★
★ Washington, D. C. — "The rights of all persons now filing Income Tax returns are amply protected by provisions for abatements, refunds and appeals," says Commissioner Daniel C. Roper. ★
★ "Every person can be sure of a square deal. No person is expected to pay more than his share of tax. His share is determined solely by the amount and nature of his net income for 1918, as defined in the law." ★
★ "Abatement petitions are dealt with open-mindedly. Refunds will be made in every case where too much tax is erroneously collected." ★
★ "The Income Tax is 'on the level' all the way through." ★
