## B-C POST ROAD APPROVED BY GOVT.

We are in receipt of a message from County Judge Doby announcing the fact that the three sections of the B-C postroad surveyed last summer were approved by the federal authorities at Washington last Saturday and that advertising for bids will be done at once. The bids will be opened on Tuesday, April 8th. A delegation composed of members of the county court and Commercial Club visited State Highway Commissioner Thompson and Engineer Bennett at Pendleton last Saturday and were informed that the state was ready and willing to commence work on the road above mentioned as soon as same was approved by the government, so there is no question but that the work will start within the next few months. This will mean increased prosperity for the Panhandle as \$20,000 will be expended just east of Richland and five or more miles of road will be built in Pine Valley.

Dear Friend: Rec'd. your letter a few days ago, am always glad to hear from any of the people in good Old Eagle Valley. But I get the News regular every week, and I sure want to brag on it, it is just like taking a trip over the Valley to read it. Sometimes it is a day or two late and it makes me feel like I was looking for a friend through the mail and he didn't come.  
It was sure bad about so many dying with the flu. It wasn't so awful bad here, only had two deaths, but at Worden they died off like flies. The worst I hated about it when I had it was they didn't feed me nothing but dry toast and coffee, and let me tell you they had hip boots on the coffee, too, when they led it through the coffee pot.  
Well I will have to make this letter short as it is almost time for the lights to be put out so will ring off.  
With best regards to all,  
Pvt. Otis L. Simonis,

**Why Endorse It?**  
"Why is it," asks a young man, "that they always want you to endorse a check at the bank?" The reason is simple. The endorsement is your receipt for the money. A check is an order on the bank to pay some particular person a certain amount of money. The person making the check wants to know that his wishes are fulfilled—that the person he gives the check to gets his money. It is much simpler, easier, and safer, to leave the money in the bank and then pay your bills by check. On account of the endorsement as above explained there is a complete record of each transaction. "Please see that all checks and drafts are endorsed."

A ripple of excitement was created in Richland yesterday when it was discovered that a man by the name of Lee, who had just come from Pine Valley a few days previous and was working at Holmes' garage, was a victim of small pox.  
At first Mayor Saunders and City Physician Wilson decided to put the fellow in quarantine at the town hall, but after giving the keys of the building to Undertaker Baird with instructions to put the fellow in, other plans were made. A tent was secured and will be put up outside the town limits. G. W. Martin will look after the man's wants.  
There is little danger that the disease will get a start in this section as every precaution is being taken in the way of fumigating the places where the man Lee had been since his arrival from Pine Valley.

Union social meeting Christian Endeavor and Epworth League will be held at the Methodist church tomorrow eve (Friday) at 7:30. All young people of the Valley invited.
