Do Your Best

Everyone should do all he can to provide for his family and in order to do this he must keep his physical system in the best condition possible. No one can reasonably hope to do much when he is half sick a good share of the time. If you are constipated, bilious or troubled with indigestion get a package of Chamberlain's Tablets and follow the plain printed directions, and you will soon be feeling alright and able to do a day's work.

Great interest is being manifested throughout the United States in regard to the celebration of Memorial Day this year for the occasion means more to the American people than ever. Eagle Valley has always observed the day but it appears to us that extra effort should be made to have this year's program excel any given in the past for we will have with us on that day veterans from four wars—a distinction that but few communities can claim.

You Are Invited to Attend.

Next Sunday will be observed as Mother's Day at the Methodist church. Special music and a sermon for the mothers. All ladies are urged to bring some other lady to the morning service.

Suggestion for a Camping Trip

Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy before leaving home. As a rule it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamships and at such times and places it is most likely to be needed. The safe way is to have it with you.
