He has purchased a handsome curly black-haired wig and will have his mustache dyed to match. Success to you, John.

Do Your Best

Everyone should do all he can to provide for his family and in order to do this he must keep his physical system in the best condition possible. No one can reasonably hope to do much when he is half sick a good share of the time. If you are constipated, bilious or troubled with indigestion get a package of Chamberlain's Tablets and follow the plain printed directions, and you will soon be feeling alright and able to do a day's work.

V. News for valuable assistance.

Suggestion for a Camping Trip

Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy, before leaving home. As a rule it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamships and at such times and places it is most likely to be needed. The safe way is to have it with you.

Lawyers stand up in court houses before jurors, and denounce men as liars, scoundrels, thieves and perjured villains and when court adjourns the men appear to harbor no ill will against them. But let a newspaper faintly intimate that a man's character is blemished, and he has to confront a horse pistol, stand a libel suit or suffer what the people think to be the greatest of all mortifications—lose a subscriber.

About Rheumatism

People are learning that it is only a waste of time and money to take medicine internally for chronic and muscular rheumatism, and about ninety-nine out of a hundred cases are one or the other of these varieties. All that is really necessary to afford relief is to apply Chamberlain's Liniment freely. Try it. It costs but 30 cents per bottle. Large size 60 cents.

AMERICANS NEVER QUIT

The Germans found that the American doughboys at the front were not quitters. Let us show those doughboys that the Americans who stayed at home are not quitters. There is no better way to do this than to hold on to the Liberty Bonds we have and buy to the limit when we are asked to take more.

Carter Glass, Secretary of the Treasury, said recently:

"Our boys at the front in the service of the government have never quit. If you sell your Liberty Bonds you quit at a time when the government needs your continued support. Every time you quit by selling your Liberty Bonds you hurt the credit of our government and make it more difficult to finance the war. The cost of the war continues until peace is signed and our gallant boys are brought back to American soil."

There is no excuse for you to sell your bonds unless you are without food or are to be turned out of your home. In a Liberty Bond you have the safest investment in the world. The credit of the United States, whose wealth is estimated at \$250,000,000,000, is guarantee that you will get your money back. In the meantime your money will be working for you at a fair rate of interest.

C. C. Shelton was in town Monday; the first time for about six weeks as he has been laid up with kidney trouble.

For a Weak Stomach

As a general rule all you need to do to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets.

WHAT IS CHIROPRACTIC

(Ki-ro-prak-tik)

It is Not Medicine, Not Surgery, Not Osteopathy or Naturpathy

It is a scientific method of adjusting the cause of disease without drugs or instruments, based on a correct knowledge of anatomy, and especially the nervous system. The Chiropractic idea is that the cause of disease is in the person afflicted, and the adjustment in correcting the wrong that is producing it. The function of every organ in the body is controlled by mental impulses from the brain, which it transmits through the nerves. Any impingement of these nerves interfering with the transmission of mental impulses results in an abnormal function called disease. This interference is produced by subluxated vertebrae pressing upon nerves as they pass out from the spinal cord. The trained Adjuster is able to locate the point of obstruction or interference, and by means of adjusting the subluxated vertebrae corrects the cause, and normal conditions, or health, is the result.

The X-ray shows just what vertebrae of the spine are involved. We remove the cause of disease and nature cures.
