When a man comes to you all doped up with pain and declares he will die in your presence unless you procure him a drink of whiskey, send him to a doctor or else give him a dose of Chamberlain's Colic and Diarrhoea Remedy. **Cut This Out and Take It With You.**  
A man often forgets the exact name of the article he wishes to purchase and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quite so satisfactory for constipation and indigestion.

### Former Resident Wounded.

Below we give a clipping from the newspaper published at Syracuse, Nebr., which will no doubt prove of interest to our readers as Mr. Endicott was formerly a resident of Eagle Valley and has many friends here.

George B. Endicott, who was discharged from the army March 7, 1919, and who went to the army on July 24, 1917, from Unadilla, was a Syracuse visitor, Saturday. He is what you would certainly call a war veteran of the late war and carries several scars from the several battles he was in. He served at Camp Cody, New Mexico, and later went overseas, where he saw four and one-half months' of active service in the front line with the 162d Machine Gun Company (a real suicide club), of the 89th Division. He was wounded three times and gassed once. He received a gun shot and bayonet wound at Chateau-Thierry and on August 10th, 1918, he received a severe shrapnel wound in his right side, resembling by looks the same as a scar from an operation of appendicitis and is in the same place on the abdomen where the operation would be performed only the scar he carries is much longer. He was sent back to duty two months later and at the Champagne front was gassed. George has not fully recovered from his gas attack, but expects to go to some other climate where he will be benefited. He says it is hard to describe a battle and all that he knows is the Americans fight like the devil when in battle and are surprised when told of their results afterward. It is quite exciting when you are waiting and ready to make a charge, says George, and cannot hold yourself back; then after you get to going good and see your comrades lying wounded and perhaps dying on the field of battle, and as you pass them here they say, "Go get them, boys," he says you sure go and get them. That is what gallantry and heroic deeds the American soldier, sailor and marine is made of. George is a very interesting talker about the war, but like all the rest of the heroes who return, lets out very little about himself, and what we got from him we had to use our initiative pump system to a perfection.

**Mr. Wisler Cured of Indigestion.**  
"Some time in 1909 when I had an attack of indigestion and everything looked gloomy to me, I received a free sample of Chamberlain's Tablets by mail. I gave them a trial and they were such a help to me that I bought a package and I can truthfully say that I have not had a similar attack since," writes Wm. B. Wisler, Douglassville, Pa.

**Bids for Wood Wanted.**  
Sealed bids are desired by School District No. 44 of Baker county for forty ricks of 18-inch pine wood, to be cut from green timber before July 15th and delivered and ricked at the school house in Richland on or before October 1st, 1919.  
Bids will be opened on Monday, June 9th. The right is reserved to reject any or all bids.  
Address, C. E. Thorp, Clerk School District No. 44, Richland, Oregon. ad29

## Ranch For Sale

Fifty-four acres alfalfa land under an adjoining ditch in "Dry Gulch;" deep rich soil and seventy-eight shares water in the Dry Gulch Ditch Company; situated about two miles from Richland on principal traveled highway and close to if not adjoining Baker-Cornucopia Post Road now under construction. Adjoining land is estimated to produce five tons of alfalfa to the acre per year.

At this date, May 27, this land is unimproved. Arrangements are being made to fence and put it into alfalfa and a wheat nursing crop. If buyer prefers to do this work himself he should phone the owner at once. In case buyer makes his own improvements no payment need be made on the principal for three or more years as preferred. Or equally liberal terms (after paying for improvements) may be arranged when land is fenced and in crop.

For particulars communicate with the owner, Leroy H. Tibbals, Tibbals Piano House Baker, Ore.
