## When Dark-Eyed Jennie Sings.

When the sun sinks back of Greenhorn  
In a mass of golden sunshine,  
And the shadows turn to purple  
The green of fir and pine,  
And twilight o'er the canyons deep  
Her veil of violet sings,  
The then, in flowing cadence,  
My dark-eyed Jennie sings,  
At night toward my cabin home  
My weary feet I point,  
With every muscle aching  
And a pain in every joint;  
But music soothes the throbbing  
And peace and comfort bring,  
For ease and repose fly away  
When my sweet Jennie sings,  
At morn about the luncheon hour  
I hear her busy feet,  
And when I open my cabin door  
She always there to greet,  
And then her morning song pours out  
Till all the canyon rings,  
And all the miners hustle out  
When my sweet Jennie sings,  
"See how! see how! see how!" she chirps,  
The other birds are still,  
The chipmunk hunts a hollow log,  
The rabbit hits the hill,  
The pine-squirrel to his breezy bough  
In trembling terror clings  
While Jennie shuts her slumberous eyes  
And sings, and sings, and sings,  
—Shantko Leader.

## IN AND AROUND TOWN.

O. P. Hulse made a business trip to Portland this week.

I have a couple of houses for rent in Moro. M. Fitzmaurice, City Hotel.

Moro old stiffs were beaten at baseball by the Moro kids on Tuesday evening.

Don't miss the baseball games this afternoon and tomorrow between Goldendale and Moro.

Wanted—Rooms and board in private family, by a gentleman. Inquire at Sherman Trading Co.

Steve Hayes is putting in a new brick cellar under his house, cement floor and other up-to-date fixings.

E. Peoples sold Joe Morrison a Plano header yesterday. Grain cutting will commence almost immediately.

Mrs. A. S. Johnson was a passenger on Monday's morning train for a ten days' visit to relatives in Monmouth.

Blacksmith shops round Monkland are overrun with work. Now is the time to attend to cutting and harvesting machinery.

Mrs. Walter Stanley arrived home from Portland yesterday. We are pleased to say she left Miss Rose greatly improved and gaining strength rapidly.

Two hundred and sixty feet of 6-foot sidewalk has been put down in front of Moore and Elrod's residences. This is a good pattern for other property holders.

Parties wanting timber claims will do well to write or see M. Fitzmaurice, Moro, Or. He has some yellow pine, 2 1/2 million feet to the 1/2 section, 3 miles from a driveable stream. New railroad in course of construction. Apply at once.

John Walton of Monkland tells of a forest over there that looks fine. We never saw it, but take his word for its being all in bloom. He also says there are several bachelor farmers in the Monkland neighborhood who have signs up, "Cook wanted—any old thing will do."

The games of the season will be played here today and tomorrow, between the Goldendale and Moro teams. Our boys think they can make a better showing than they did at Goldendale, when they were almost played out from being up all night and after a fatiguing game with Wasco.

The Little Giant thrasher, sold by Moore Bros. & Ginn, Moro, is one of the best machines of the kind on the market. The thrasher and gasoline engine to run it can be bought for a tithe of the price paid for the larger outfits. One of these machines threshed 115 sacks of grain in 4 hours on a farm near town last week, from straw kept over from last year. A carload of these machines, latest improved and better than ever, are expected in town daily. Come in and figure for the outfit. With one of these you have a dead cinch on your crop. No need to wait until your neighbor is through; you can thresh when you please and with the ordinary help on the ranch.

The engineers on the Willamette and Columbia river steamboats have struck for increased wages, and in consequence the river traffic is at a standstill.

L. S. Hathaway, a timber locator, was in town on Tuesday, hunting parties to take timber claims. The timber all over Oregon is being taken up rapidly, and those who want to get good claims have no time to lose.

John McDermid had a team of Clydesdale draught horses at the horse show at Wasco that are a credit to the county. They tip the scales at 1900 pounds each, and are splendid specimens of horse-flesh.

W. S. Dickens was in town Monday from Hood River. He is a native of Syracuse, Nebraska, and a friend of H. A. Page and J. M. Parry, who came from the same place. Mr. Dickens is well pleased with Sherman county, and will go into business in Moro.

The Wasco-Moro baseball game was played on the Wasco diamond on the Fourth, and after ten innings ended in a victory for Wasco. The following score by innings will show the game was a close one: Moro 0 0 1 0 0 0 2 4 0—7 Wasco 0 2 0 0 1 1 1 1 1—8

E. R. Hickson came home from Goldendale on Monday, and will resume his position in the bank here, Moore Bros. having sold their bank in Goldendale and needing Mr. Hickson's services in Moro. He returned, and is to be found at the old stand, very much to our satisfaction.

John Kunsman returned from a trip south on Tuesday. He has been rustling for Moore Bros. & Ginn, and has sold several of their Little Giant threshers with gasoline engine attached. John also visited Lake's sawmill to see if a trade in lumber cannot be opened up with this point.

If you like the Bulletin, send on your dollar and you will get 52 numbers filled full of news during the year. If you haven't got the dollar handy, just write us (or call upon us), saying so, and we will send the paper right along, and you pay us at your convenience. This is fair, is it not?

R. J. Ginn returned on Monday from Denver, Colorado, where he attended the Sunday school convention. He says Denver is just one mile above sea level, and is a beautiful city. Mr. Ginn took a trip through Eastern Colorado and saw some very nice country; but was very glad to get home, all the same. The snow was 6 or 8 inches deep in Leadville as he passed through. There were 1600 delegates at the convention, and some 5000 visitors.

As we go to press the result of the baseball game Goldendale vs. Moro has reached the office. The game was full of interest throughout and ended in a victory for Moro, score 11 to 9, Moro not batting in the last inning. A very unfortunate accident occurred in the sixth, when Pitcher Dunbar was struck in the arm above the wrist, completely knocking him out. Catcher Murphy of the Moro team played an exceptionally brilliant game, gathering in two hard fouls and doing exceptional throwing to second. There were many excellent plays on the Goldendale side, their shortstop in particular gathering in everything that came his way.

Mother Always Keeps it Handy. "My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once, and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects, as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. Geo. N. Bolton.

## The "Used-to-Be's" Play Ball.

Bright was the day and memorable the occasion on July 9, 1902, when 22 of Moro's old boys, prompted by feelings of good will and harmony, met in friendly battle a number of the old boys of Wasco on their diamond and played the most scientific game of baseball ever witnessed in Eastern Oregon. Wasco left no stone unturned to honor her visitors, and gave the men of Moro the right hand of fellowship yesterday in that hearty manner characteristic of the dwellers in the West. It must be allowed that the two towns Wasco and Moro have been "at outs," to put it mildly, for some years. Yesterday, however, the slate was wiped clean, the hatchet buried, and all bitterness and animosity cast to the winds of oblivion.

According to arrangements, the proceedings at Wasco opened with a grand parade headed by the liberty car carrying the Wasco band, who during the day discoursed music suitable to the occasion. Then came the memorable ball game, when the 44 old boys unlimbered their stiff joints and showed the young fellows how the trick was done. The game ended in a hard-fought victory for Moro.

Although a number of Red Cross ladies attended with lint and bandages, there were no casualties, except Dru Barnum, who got excited, trod on his nose and sprained his ankle. It is safe to say there was not an error made on either side during the whole game.

The sumptuous banquet in the evening opened with music by Miss McPherson and Rod Cameron. Covers were laid for 100 people. At each plate lay the historic hatchet, which was buried for all time under the load of good things under which the tables groaned. When the clatter of knives and forks had subsided, E. S. Catron, mayor of Wasco, called the assemblage to order, and appropriate speeches were made by W. H. Moore, Moro's chief executive, J. B. Hosford and Rev. Elder, which were gracefully responded to by W. M. Barnett, C. J. Bright and Rev. Archer.

Thus ended a happy and harmonious day. The Wasco people will attend in Moro on Tuesday next, play another game of ball, partake of the hospitality of Moro, and cement a friendship between the two towns which we sincerely hope may be everlasting.

The following are the old boys who batted, pitched and caught for Moro: W H Moore, Wm Hoggard, Billy Powell, T R McGinnis, Jim Dunahoo, Dr Goffin, Wm Henrichs, W E Getz, Rev Smith, A Wolfard, Ben McCoy, Dru Barnum, Taylor Bergen, Doc Johnson, W H Ragsdale, Chas McCaleb, Chas Cochran, A E Cousens, L D Idleman, C L Ireland, Steve Hays, Allan Wallis, J B Hosford sub. We could not learn the names of the Wasco players.

Poisoning the System.	
It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dulness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently, but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Geo. N. Bolton.

Grant Kellogg, who edited the People's Republic in this town for some time, is back again and intends to start another paper. That's right, Mr. Kellogg; the more the merrier.

## Sherman County's Lands.

The wonderful productiveness of Sherman county has never been fully understood, even by her own citizens. Here is a county that is about the smallest in area of any in the state, but when it comes to wheat producing we find that one-sixth of the entire crop of wheat of the state of Oregon is harvested in this little county. Not only does she produce an immense crop of wheat, but barley, oats, apples, peaches, plums, and all kinds of vegetables flourish and yield in abundance. The people are wide awake and progressive, as is evidenced by the good schoolhouses in every locality. Land is cheap, selling from \$5 to \$15 per acre, and all within easy reach of market. Persons desiring to know more of Sherman county would do well to address O. P. Hulse, Moro, Oregon, who takes great pleasure in giving information concerning its resources and possibilities.
