COME TO "THE LEADER."

W. C. STRANAHAN, Prop.

THE MORO BULLETIN.

THURSDAY JULY 31, 1902

IN AND AROUND TOWN.

Miss Ida Mowry is now out in her father's cook wagon, feeding the hungry harvest hands.

Heydt & Co. of Moro have on hand a large stock of double and single harness, and also all kinds of heavy work harness.

Here is an opportunity for every one in Sherman county to be well shod. Shoes for men, women and children at cost at the "Leader." See ad.

Parties wanting timber claims will do well to write or see M. Fitzmaurice, Moro, Or. He has some yellow pine, 2 1/2 million feet to the 1/4 section, 3 miles from a driveable stream. New railroad in course of construction. Apply at once.

Nobody knows Tracy is running a threshing outfit in this county. Well, he is, all the same; as the cook-house with his name on the side pulled out of town for the grain fields on Wednesday. Later—We understand Louis Peetz has charge of the outfit.

Hadley's regulator is one of the lineal descendants of that time-honored grandfather's clock that stopped short when the old man died. Mr. Hadley's clock stopped short on his departure for Collins, and has absolutely refused to budge until his return.

C. P. Ragsdale heard from his sheep, which are being summered back of Caleb, in Crook county, on Monday. The sheep are in charge of Cland Rigdon, who says they are doing fine. His camp is pretty near the danger line where sheep are known to be shot up in that country.

The Little Giant thresher, sold by Moore Bros. & Ginn, Moro, is one of the best machines of the kind on the market. The thresher and gasoline engine to run it can be bought for a tithe of the price paid for the larger outfits. One of these machines threshed 115 sacks of grain in 4 hours on a farm near town last week, from straw kept over from last year. A carload of these machines, latest improved and better than ever, are expected in town daily. Come in and figure for the outfit. With one of these you have a dead cinch on your crop. No need to wait until your neighbor is through; you can thresh when you please and with the ordinary help on the ranch.

John Forbes of Hood River is helping George Hennagin with his harvest.

I have a couple of houses for rent in Moro. M. Fitzmaurice, City Hotel.

Henry Smith brought in a wagonload of chickens to the City Hotel Saturday.

Overalls! Overalls! Overalls! Overalls at wholesale prices at the "Leader." See ad.

Taylor Bergen and Irwin Pike became members of the Odd Fellows lodge on Saturday evening.

A. E. Hammond was a visitor to Moro on Tuesday, having a refractory tooth brought to time by Dr. Idleman.

Emmett Sells is running the city pumping engine for W. E. Getts. No better man could be found for the position.

Miss Ora Read of Eugene registered at the City Hotel this week. She is selling some useful and entertaining literature.

Johnny Christensen was in town from his ranch on Tuesday. It is needless to say he is up to his eyes in business harvesting.

There is no love lost between Dido Goffin and Sandy Kennedy. It is curious, but these two dogs never meet without wanting to scrap.

We print envelopes just like the government, if you prefer that style of printing, and at a very moderate charge over the price of the stamped envelope. Call on us for particulars.

It pays to advertise in the Bulletin. Already Moore Bros. & Ginn have sold five of their Little Giant threshers. The last sale was to Hendricson & Fagan, of Wasco county. The machine looks very complete, with its gasoline engine attachment.

Mother Always Keeps It Handy.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once, and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects, as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. Geo. N. Bolton.

Grant Kollogg made a trip to The Dalles yesterday.

Ben Peetz was a visitor from his store at Kent on Tuesday.

Vacuum Fruit Jars at the Sherman Trading Co. Best on earth.

George Sells has taken a position with W. C. Stranahan in the new Leader store.

Born—Near Monkland, July 30, to the wife of Peter Dillinger, an eight-pound daughter.

O. W. Axtell went to Biggs yesterday to meet his daughter, who has been on a visit to Portland.

Discard your old hat and buy a new one. You can afford it; they are selling at cost at the "Leader." See ad.

Mrs. Hall, head cook at the City Hotel, is rustivating in the cook-house of Robt. Kaseberg during harvest.

Self-sealing Vacuum Fruit Jars, best can in the market today, at Moro Implement Co. Gives universal satisfaction.

James Snipes, of the Diamond flour mills, The Dalles, was in town on Tuesday, looking up his customers and taking orders.

Lost—On the road between Moro and DeMoss, a chain purse. The finder can keep the money therein if he will return the purse to the Bulletin office.

Mrs. Idis Henderson, who has bought out Miss Sells' millinery stock, wishes to inform the public that she will sell her stock of hats from now on at cost.

If you want a bargain in a stylish shirtwaist, come to the "Leader." There isn't a last year's waist in the stock. They are going at cost. See ad.

E. R. Hickson and W. W. Clayton went fishing to the Deschutes on Sunday. Hickson was as usual successful. Of Clayton's luck the least said the better.

Mrs. Redfield says Moro people should feel proud of their pretty little city, when compared with the forlorn looking hamlets she passed on her journey West.

Mr. and Mrs. C. M. Redfield arrived in town from Omaha on the 29th. They will spend a month in a round of visits to parents and friends in Oregon before their return to Nebraska.

It was reported on Tuesday that Julius Wiley had lost his eyesight, the result of a bursting soda-water bottle at Shaniko last week. Later accounts say he was not so badly hurt after all, and will save his eyes.

A simple method to preserve eggs is to grease them before they are cool after being laid. This procedure is so successful that eggs so treated are said to be as fresh to the taste when weeks and even months old as they are when eaten an hour after being laid.

A Christening.

Perhaps a more appropriate heading for this article would be "A Rechristening," for such it was. For the second time in its history the "Pioneer Brick Block" of this city has received an appellation by which it was intended to be known among the people of Sherman Co. No doubt the readers of the Bulletin are aware that the original name "Pioneer Brick" was conferred because the doorplate is made of type set by the missionaries in 1868.

Its new name, "The Leader," was designated by Mr. W. C. Stranahan, the proprietor of the store, and as such it was rechristened on July 22d, the year 1902. In view of the eternal fitness of things this is a most appropriate name, as it signifies the position which the store will occupy from now on.

It will be a "leader" in every instance; a leader in lowness of price, a leader in quality of goods, a leader in style, a leader in recognizing that there are two ends of a bargain and treating its customers fairly, a leader in courtesy to the tradespeople, and last but not least a leader in promoting the interests of Moro and doing its share towards making this city the best trade center for miles of surrounding country.

C. M. Redfield left for his home at Albany on yesterday's train.

E. M. Meach has been doing some artistic painting and varnishing in the Ginn building this week.

Albert Snider came up on Tuesday's train. He intends to sew sacks for some threshing outfit.

A big tank of oil passed up the line to Shaniko on Tuesday, for use on the Columbia Southern engines.

Bob Dear is now a lonely, tearful widow. His wife went up to Shaniko for a two weeks' visit with her mother yesterday.

The beautiful new Methodist church at Grass Valley was dedicated on Sunday last. A large contingent of Moro people attended.

Vacation Days.

Vacation time is here, and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says B. L. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. Geo. N. Bolton.

Need More Help.

Often the overtaxed organs of digestion cry out for help by dyspepsia's pains, nausea, dizziness, headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25c at all druggists.

Sherman County's Lands.

The wonderful productiveness of Sherman county has never been fully understood, even by her own citizens. Here is a county that is about the smallest in area of any in the state, but when it comes to wheat producing we find that one-sixth of the entire crop of wheat of the state of Oregon is harvested in this little county. Not only does she produce an immense crop of wheat, but barley, oats, apples, peaches, plums, and all kinds of vegetables flourish and yield in abundance. The people are wide awake and progressive, as is evidenced by the good schoolhouses in every locality.

Land is cheap, selling from \$5 to \$15 per acre, and all within easy reach of market.

Persons desiring to know more of Sherman county would do well to address O. P. Hulse, Moro, Oregon, who takes great pleasure in giving information concerning its resources and possibilities.

Notice to Shippers.

Effective July 1st, the basis of charges for foreign line cars is changed from a mileage to a per diem basis, and on that account this company finds it necessary to assess a demurrage charge of one dollar per day or fraction of a day, on all cars held over 24 hours to load or unload. Sundays and legal holidays not counted in time held.

In order to give quick action to cars and avoid payment of demurrage charges, we respectfully request the co-operation of all shippers by taking quick action in loading and unloading carload freight. C. E. LITTLE, G. F. A.

If you like the Bulletin, send on your dollar and you will get 52 numbers filled full of news during the year. If you haven't got the dollar handy, just write us (or call upon us), saying so, and we will send the paper right along, and you pay us at your convenience. This is fair, is it not?

Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dulness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently, but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Geo. N. Bolton.
