### THE MORO BULLETIN.

THURSDAY AUG. 7, 1902

#### IN AND AROUND TOWN.

Mrs. Mitchell will teach school at DeMoss next term.

Get your typewriter supplies and inks of Geo. Bolton, Moro.

Oscar Proebstel started to thresh for J. B. Mowry on Monday.

Our courtyard fence looks much better since R. M. Brash put on the finishing touches.

A. E. Hammond was in town on Monday from Shaniko. Mrs. Hammond came along to take care of him.

We wish again to draw attention to the excellent castings done at the foundry. No necessity to send East or anywhere else for extras when they can be had cheaper and just as good at home.

Parties wanting timber claims will do well to write or see M. Fitzmaurice, Moro, Or. He has some yellow pine, 2 1/2 million feet to the 4 section, 3 miles from a driveable stream. New railroad in course of construction. Apply at once.

Mr. Sells had quite a disagreeable experience on Saturday last. A scaffolding in the L. K. Moore brick tumbled down while being removed. The old gent was on top of the scaffolding when it fell, and got severely shaken up and a very severe cut from a spike. His numerous injuries are healing up favorably.

The Little Giant thresher, sold by Moore Bros. & Ginn, Moro, is one of the best machines of the kind on the market. The thresher and gasoline engine to run it can be bought for a tithe of the price paid for the larger outfits. One of these machines threshed 115 sacks of grain in 4 hours on a farm near town last week, from straw kept over from last year. A carload of these machines, latest improved and better than ever, are expected in town daily. Come in and figure for the outfit. With one of these you have a dead cinch on your crop. No need to wait until your neighbor is through; you can thresh when you please and with the ordinary help on the ranch.

Judge Fulton was in town Monday on probate business.

Overalls! Overalls! Overalls! Overalls at wholesale prices at the "Leader." See ad.

Fred Peetz met with a painful accident on Monday last. He got his wrist almost broken by a kick from a vicious horse.

The old Racket store building, now occupied by the Palace Restaurant, is slowly but surely changing its outside appearance.

Johnny Saxe and wife left for the pretty little town of Biggs on Monday. Johnny has charge of the W. W. M. Co. warehouse there.

G. C. Vintin is running the Columbia Southern warehouse while Steve Hayes is enjoying himself amongst the mermaids down at Collins.

W. B. McCoy has been appointed sole agent for the celebrated Hazelwood ice cream, of Portland. It is the perfection of the ice cream maker's art. On sale every day.

We print envelopes just like the government, if you prefer that style of printing, and at a very moderate charge over the price of the stamped envelope. Call on us for particulars.

We were pleased to see the smiling face of Mr. McCulloch of Kent on our streets Monday. He has just returned from the Valley, and reports farmers in that locality prosperous and happy, hop fields fine and prices good.

The fire bell called the fire company to order yesterday, the blaze being north of town on Horace Strong's ranch. When the brigade arrived they found the fire outside the city limits and too far for them to render help with the hose. Some 200 acres of stubble and pasture were burnt, the fire doing no other damage.

#### Mother Always Keeps it Handy.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once, and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects, as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. Geo. N. Bolton.

Geo. Bolton has the famous Robinson bath cabinet. Complete, \$5.

Vacuum Fruit Jars at the Sherman Trading Co. Best on earth.

Discard your old hat and buy a new one. You can afford it; they are selling at cost at the "Leader." See ad.

The Wright boy is the right boy in the right place as a street-sprinkler. He does his work well and is to be commended for it.

Lost—On the road between Moro and DeMoss, a chain purse. The finder can keep the money therein if he will return the purse to the Bulletin office.

Mrs. Idis Henderson, who has bought out Miss Sells' millinery stock, wishes to inform the public that she will sell her stock of hats from now on at cost.

If you want a bargain in a stylish shirtwaist, come to the "Leader." There isn't a last year's waist in the stock. They are going at cost. See ad.

Oriental splendor in colorings and designs may be found in many homes in Moro. A look through these houses tells the tale of prosperity in some direction.

Wm. Henrichs and family have gone to Collins for a month's outing. As he has with him all sorts of fishing supplies we know that he is not out for his health solely.

A neat letter of farewell is our table from E. M. Shutt, who has been elected sheriff of Morrow county. Mr. Shutt states he has laid down the pen for the sword. If he has, let him grasp the hilt and get out after Tracy.

A report of a big fire comes from near Wasco, several acres of growing grain and some settings being burnt, together with a valuable separator. Who says it is folly to insure your grain and secure payment for a year's labor in case of accident?

Sam Welton and wife, of Girrard, Ill., arrived in town on the train Tuesday, on a visit to their daughter, Mrs. W. B. Johnson. Mr. Welton has a nice home near Girrard, and is a farmer of the solid order. He raises corn, wheat, oats, and all kinds of farm products, besides running quite a large bunch of cattle.

David Junkin met with a severe accident while hauling goods to Ajax last week. His brake gave way, and the wagon being heavily laden the horses could not hold it back. The result was a runaway, and Mr. Junkin was thrown out and his foot severely crushed. The contents of the wagon were scattered all over the hill, while the wagon itself will be a wagon never no more.

No necessity to save up the timber; oil is already taking the place of cordwood on river steamboats. Railroad engines on the Columbia Southern will follow suit, and it is only a question of time when the modest cook stove in Sherman county will be operated with some other fuel besides coal or wood. It is about time that a cheaper fuel came into use. What with high freight and dear wood people may expect to freeze next winter.

Mae Smith of Thirtymile, Gilliam county, had an exciting experience with a wildcat while bathing in the creek one day last week. It seems the cat, not being in the habit of seeing a naked man wallow around in the water, took Mae for a hippopotamus and proceeded to give the alarm to all other cataracts in that section. This was the feline's undoing, as Mae, without waiting to don his habiliments, we presume, proceeded for his gun and plugged the cat, thereby securing the \$2 bounty and the hide for an undershirt.

Dishes of every description and for every occasion going at a big sacrifice at the Leader.

Later accounts say the damaging fire at Wasco took place on Vose Vanlandingham's farm. Sixteen hundred sacks of threshed grain were burned, besides several acres standing. Tom Sink lost his separator in the conflagration.

R. P. Dear and son Maurice arrived yesterday. Bob brought some dandy flies along. When we see these handsome insects we always remember some lines we saw somewhere—Shakespeare, perhaps: "Fitz, I can call spirits from the vasty deep. Aye, Bob; but will they come, old feller?"

#### Vacation Days.

Vacation time is here, and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says B. L. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. Geo. N. Bolton.

#### Just Look At Her.

Whence came that sprightly step, faultless skin, rich, rosy complexion, smiling face? She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result—all organs active, digestion good, no headaches, no chance for "blues." Try them yourself. Only 25c at all drug stores.

#### Sherman County's Lands.

The wonderful productiveness of Sherman county has never been fully understood, even by her own citizens. Here is a county that is about the smallest in area of any in the state, but when it comes to wheat producing we find that one-sixth of the entire crop of wheat of the state of Oregon is harvested in this little county. Not only does she produce an immense crop of wheat, but barley, oats, apples, peaches, plums, and all kinds of vegetables flourish and yield in abundance. The people are wide awake and progressive, as is evidenced by the good schoolhouses in every locality.

Land is cheap, selling from \$5 to \$15 per acre, and all within easy reach of market.

Persons desiring to know more of Sherman county would do well to address O. P. Hulse, Moro, Oregon, who takes great pleasure in giving information concerning its resources and possibilities.

#### Notice to Shippers.

Effective July 1st, the basis of charges for foreign line cars is changed from a mileage to a per diem basis, and on that account this company finds it necessary to assess a demurrage charge of one dollar per day or fraction of a day, on all cars held over 24 hours to load or unload. Sundays and legal holidays not counted in time held.

In order to give quick action to cars and avoid payment of demurrage charges, we respectfully request the co-operation of all shippers by taking quick action in loading and unloading carload freight. C. E. LITTLE, G. F. A.

If you like the Bulletin, send on your dollar and you will get 52 numbers filled full of news during the year. If you haven't got the dollar handy, just write us (or call upon us), saying so, and we will send the paper right along, and you pay us at your convenience. This is fair, is it not?

#### Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dulness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently, but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Geo. N. Bolton.
