Tom Haddins met with a serious accident on Monday while driving a header wagon near DeMoss. Going down a hill the wagon tipped over, throwing Mr. Haddins to the ground. He suffered a bad fracture of the collarbone and several bruises. His injuries were promptly attended to by Dr. Goffin, and the old gentleman, according to latest accounts, is doing well.

The Little Giant thresher, sold by Moore Bros. & Ginn, Moro, is one of the best machines of the kind on the market. The thresher and gasoline engine to run it can be bought for a tithe of the price paid for the larger outfits. One of these machines threshed 115 sacks of grain in 4 hours on a farm near town last week, from straw kept over from last year. A carload of these machines, latest improved and better than ever, are expected in town daily. Come in and figure you have a dead cinch on your crop. No need to wait until your neighbor is through; you can thresh when you please and with the ordinary help on the ranch.

Whence came that sprightly step, faultless skin, rich, rosy complexion, smiling face? asks Dr. Kingue. Here's her secret. She uses my New Woman Pills. No, she doesn't, doctor; the girl's just out from Ireland.

The Rebekahs will give one of their famous social entertainments on Friday evening. A sumptuous repast will be served and an entertaining program rendered, consisting of music and recitations, comic and sentimental. All Rebekahs are requested to don their best bib and tucker and be present.

An alarm of fire was turned in from the City Hotel on Sunday. A coal oil lamp was upset on some bedding by boys, and a lively blaze was the consequence. Only for prompt help and the early arrival of the fire brigade Fitzmaurice's occupation would be gone. As it was, a bed and bedding went up in smoke.

#### A Case of Peritiphylitis.

Friday last Miss Greta Moore, the only child of L. K. Moore, was taken suddenly ill, and Dr. Logan was sent for. Investigation disclosed the fact that the little girl, who is only ten years of age, was suffering from appendicitis, and the doctor, deciding on operating, putting in a wire for Dr. Geisendorfer, of The Dalles, who arrived that evening by rig.

Dr. Logan informs us that as the operation progressed he found that it was a case of peritiphylitis, or an abscess in the region of the appendix, and one easily confused with appendicitis without an operation is performed.

The operation was very successful, and little Greta bids fair to make an excellent recovery.

Whence came that sprightly step, faultless skin, rich, rosy complexion, smiling face? She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result—all organs active, digestion good, no headaches, no chance for "blues." Try them yourself. Only 25c at all drug stores.

#### His Sight Threatened.

"While picnicking last month my 11-year-old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Ia. "He rubbed the poison off his hands into his eyes, and for a while we were afraid he would lose his sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him, and in a few days he was as well as ever." For skin diseases, cuts, burns, sores, wounds, insect bites, DeWitt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits. G. N. Bolton.

#### Sherman County's Lands.

The wonderful productiveness of Sherman county has never been fully understood, even by her own citizens. Here is a county that is about the smallest in area of any in the state, but when it comes to wheat producing we find that one-sixth of the entire crop of wheat of the state of Oregon is harvested in this little county. Not only does she produce an immense crop of wheat, but barley, oats, apples, peaches, plums, and all kinds of vegetables flourish and yield in abundance. The people are wide awake and progressive, as is evidenced by the good schoolhouses in every locality.

Land is cheap, selling from \$5 to \$15 per acre, and all within easy reach of market.

Persons desiring to know more of Sherman county would do well to address O. P. Hulse, Moro, Oregon, who takes great pleasure in giving information concerning its resources and possibilities.

#### Notice to Shippers.

Effective July 1st, the basis of charges for foreign line cars is changed from a mileage to a per diem basis, and on that account this company finds it necessary to assess a demurrage charge of one dollar per day or fraction of a day, on all cars held over 24 hours to load or unload. Sundays and legal holidays not counted in time held.

In order to give quick action to cars and avoid payment of demurrage charges, we respectfully request the co-operation of all shippers by taking quick action in loading and unloading carload freight.

C. E. LYTLE, G. F. A.

#### It Needs A Tonic.

There are times when your liver needs a tonic. Don't give purgatives that gripe and weaken. DeWitt's Little Early Risers expel all poison from the system and act as tonic to the liver. W. Scott, 531 Highland Ave., Milton, Pa., says: "I have carried DeWitt's Little Early Risers with me for several years, and would not be without them." Small and easy to take. Purely vegetable. They never gripe or distress. G. N. Bolton.
