Mrs. Ariabella McPherson of Wasco will make final proof on her homestead Friday, Sept. 19th.

G. F. Knowles, proprietor of the "Beehive" went to Portland Wednesday on business and will return Saturday.

After years of experience in the bedbug business we find that the only way to exterminate these pests is to feed them some of the grub sent up by the ordinary hotel cook.

School books for the fall term are now in. George Bolton.

The "Beehive" is offering a fine line of dry goods and groceries at prices that defy competition.

County Clerk McDanel was absent from his office a few days this week, driving in the country with his sister from California.

Heydt & Co. of Moro have on hand a large stock of double and single harness, and also all kinds of heavy work harness.

Mr. and Mrs. Weldon returned to their home in Girard, Ill., Monday last. They have been on a visit to their daughter, Mrs. Wm. Johnson.

Miss Mary Lewis, of Missoula, Mont., arrived in Grass Valley to day, having been engaged as one of the teachers in the academy at that place.

We are pleased to announce that Miss Ethel Barzee who is attending the Sister's school at The Dalles has recovered from her recent illness.

W. B. McCoy has been appointed sole agent for the celebrated Hazelwood ice cream, of Portland. It is the perfection of the ice cream maker's art. On sale every day.

Geo. Bolton has the famous Robinson bath cabinet. Complete, \$5. Wanted—Woman to cook at City Hotel. Good wages. Call at once. The Beehive is selling dry goods at prices that can be duplicated only in the East.

Accounts from Jack Swift say he has gone to work for a firm of tourmaline artists in Albina.

We are prepared to take potatoes, wheat, chicken-feed or fruit at the Bulletin office on subscription.

Self-sealing Vacuum Fruit Jars, best can in the market today, at Moro Implement Co. Gives universal satisfaction.

Miss Rose Stanley returned this week from Salem, we are happy to say she looks well and is much improved in her health.

B. F. Hoover visited Viento and Portland this week to purchase lumber for his new brick store building near the postoffice.

In two weeks I will have control of the finest body of timber to be found in Oregon. Come in and see me about it.—M. Fitzmaurice.

Carl Peetz was a passenger on the train this morning for Collins Hot Springs. Mr. Peetz finds the waters of these springs agree with him wonderfully well.

On account of unavoidable delay in receiving her goods, Mrs. Strahl's millinery opening will be postponed until Saturday, Sept. 20th. See ad next week.

The Masons were entertained at a supper in Dr. Logan's rooms Tuesday evening after lodge. Miss Laura Thomas and Miss Alta Poole arranged the tables.

W. A. Raymond has been awarded the contract for building the addition to the Moro school building for \$2,020, and is to have it done by the middle of November. He is in Portland now buying supplies. Mr. Raymond has sub-let the contract for the brick work to Henry Prock.

D. McDonald of Hood River, was in town yesterday and says wood cannot be had for money at Hood River and other points along the line, after another month. Parties who need wood should be on the lookout for it at once or be prepared to spend a chilly winter.

W. A. Campbell is back again with us. He is, of course still with the Penn Mutual Insurance Co., laboring to protect the orphan while keeping a careful eye on the widow. By the way he has consoling so many forlorn ones, it is wonderful he has not been caught by some sprightly wearer of widow weeds. Sandy's heart must be as hard as the nether millstone.

Miss Grace Shoemaker of Garfield, Wash., who has been engaged as instructor of music at the Middle Oregon Baptist Academy in Grass Valley, arrived yesterday on the scene of her duties and seemed much pleased with the general appearance of our county. She was accompanied by Master Earle Steele, of Lookout, Idaho, who has been enrolled as a student in the school for the coming season.

Brick hauling was commenced this week for the completion of B. F. Hoover's big brick building next his present property on First street. Mr. Hoover has in an unassuming way, done much towards the building up of this town. Besides starting the brick yard and making it practicable for owners of property to build brick buildings almost entirely, he has put up one large building himself and has just commenced another which is very nearly twice the size of his first structure. Mr. Hoover left on Tuesday's train for Portland to order castings for the front of his building.

W. E. Getz is grinding flour in his mill that will compare favorably with any flour in the market. He has placed every piece of machinery, made every chute, set every belt and in fact put his mill in perfect running order with his own hands. Mr. Getz has worked hard and deserves the success that is sure to follow his efforts. The city hotel begs to acknowledge the flour sent up there as a sample. The bread baked from it was in every respect satisfactory and as a pastry flour it cannot be surpassed. We wish the new mill all manner of success and hope to see our citizens encourage home manufacture.

Get your typewriter supplies and inks of Geo. Bolton, Moro.

Wood heater to trade for coal stove. Enquire City Hotel.

Charlie Fitzmaurice is hauling wheat for J. B. Mowry. He is not nearly as heavy as a wheat sack himself.

Wright & Tod of Wasco county, unloaded a big separator at De-Moss Tuesday and went to threshing on the spot.

Wm. Henrichs returned from Collin's hot springs Saturday, where he has been hob-nobbing with Billy Hoot at the past few weeks. Mr. Henrichs looks well, and says a week at hot springs will cure any thing from hydrophobia to ingrown toe nails. Bill hadn't much sport in the fishing line, the fun round the springs keeping him from going very far afield after the funny tribe, and of course the waters near the camping grounds are fished out owing to the crowds that visited this popular resort this summer.

The unfortunate man who fell from the Douglas separator last week was taken to Portland last Sunday by Dr. Goffin. The principle reason for taking him to Portland was to place him where he could get no whiskey. Friends with more good nature than common sense were always shoving the pernicious stuff under his nose and the fellow hadn't strength of mind enough to refuse to drink it. The result generally was an afternoon's walk all over the bedroom, which together with the effects of the whiskey brought on gangrene or blood poisoning. Dr. Goffin had this about cured when he was removed to the hospital where we guarantee his little jags will be at an end. His feet will in all probability be saved.

All Were Saved.

"For years I suffered such untold misery from bronchitis," writes J. H. Johnston, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for Consumption. My wife suffered intensely from asthma till it cured her, and all our experience goes to show it is the best cough medicine in the world." A trial will convince you it's unrivalled for throat and lung diseases. Guaranteed bottles 50c and \$1. Trial bottles free at all druggists.

Church Notice.

Preaching at the Presbyterian church, Moro, at 11 a. m. Evening services at 7:30 p. m. All are cordially invited to attend.

S. E. ELDER, Pastor.

Edgar Miller was up from De-Moss yesterday where he has charge of the C. S. warehouse. He says wheat is beginning to roll in fast for the past few days.

Just Look At Her.

Whence came that sprightly step, faultless skin, rich, rosy complexion, smiling face? She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result—all organs active, digestion good, no headaches, no chance for "blues." Try them yourself. Only 25c at all drug stores.

His Sight Threatened.

"While picnicking last month my 11-year-old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Ia. "He rubbed the poison off his hands into his eyes, and for a while we were afraid he would lose his sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him, and in a few days he was as well as ever." For skin diseases, cuts, burns, scalds, wounds, insect bites, DeWitt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits. G. N. Bolton.

To My Friends.

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol I did so, and words cannot tell the good it has done me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals. G. N. Bolton.

The Little Giant thrasher, sold by Moore Bros. & Ginn, Moro, is one of the best machines of the kind on the market. The thrasher and gasoline engine to run it can be bought for a tithe of the price paid for the larger outfits. One of these machines threshed 115 sacks of grain in 4 hours on a farm near town last week, from straw kept over from last year. A carload of these machines, latest improved and better than ever, are expected in town daily. Come in and figure for the outfit. With one of these you have a dead cinch on your neighbor is through; you can thresh when you please and with the ordinary help on the ranch.

Is a Good Game

But—????

Everybody likes to wear good clothes; every man, every woman, every child. They like to feel that the garments they have on were made for them; it's a satisfaction that's worth paying for, but—

Some tailors charge too much for it; perhaps they need the money; we don't know. But—why not

PAY LESS AND DRESS BETTER

After you have selected the pattern for a suit of clothes, all you can get in it at any price is style and fit. You may say that in addition the garments should be well made; but that's only a repetition. If they fit and have style about them, they are well made, you may depend upon that; and if they are well made, they fit and have style; the terms are inseparable.

We are in the tailoring business. We show a carefully selected line of some 500 choice patterns in Fall and Winter Woolens. These are from

THE HOUSE THAT SETS THE PACE," THE ROYAL TAILORS

CHICAGO, U. S. A.

and they handle all our tailoring orders. The new goods are truly beautiful and the prices are sure to interest those who appreciate values.

MEN'S SUITS AND OVERCOATS

BOYS' SUITS AND OVERCOATS

LADIES' DRESS AND WALKING SKIRTS

All garments made to exact measurements, in the clean, light and wholesome Royal work-rooms; no sweat-shop labor; no fancy prices; no failing to satisfy. See the Royal line—use your judgment—that's all we ask.
