SHERMAN COUNTY.

During the last week ideal weather has prevailed in Sherman county, and in consequence the fine crop prospects prevailing before have been increased to such an extent that many farmers are already wondering what they will do with their surplus funds this fall. Some will increase their holding in farm lands, others will invest in business enterprises. All will, without hardly an exception, pull out of debt and have money in the bank. Everybody in Sherman county will feel the good effects of the farmers' prosperity, and there is no doubt but that this year will forge ahead more this year than ever before. People all over the county are looking with longing eyes toward our county. Inquiries are coming in from many different sections of the country. Laboring people, and people with money to invest, are coming here. Sherman county people welcome all industrious, law-abiding ones, but do not want any other class. No one need go hungry here who is willing to work, and no one need be afraid to invest money here in legitimate enterprises.

SHERMAN COUNTY.

Just now it might be well to remind some people of the words of Abraham Lincoln to a delegation of advisors in one of the most trying times of the civil war. He said to them, "Gentlemen, suppose all the property you were worth was in gold, and you had put it in the hands of Blondin to carry across the Niagara river on a rope. Would you shake the cable or keep shouting to him, 'Blondin, stand up a little straighter; Blondin, stoop a little more; go a little faster; lean a little more to the south? No; you would hold your breath, as well as your tongue, and keep your hands off until he was safely over. The government officials are carrying an immense weight; untold treasures are in their hands. They are doing the very best they can. Don't badger them. Keep silence, and we'll get you safe across."

WILL BE HISTORICAL.

The word of command, or rather the permission to fire, given by Admiral Dewey to Gridley, when the Olympia was steaming along near the Spanish fleet near Manila, was: "You may fire when ready, Gridley." There is a touch of the sublime in that; there is confidence; there is also comradeship; there is something indefinable yet inspiring in it. That sentence will become a part of history as much as "We have met the enemy and they are ours," or any of the others treasured by Americans. It will always be a synonym for a cool, courageous, and careful calculation and confidence.

SENATORIAL POSSIBILITIES.

Several names have been already mentioned for the vacant senatorial seat from Oregon. Among them are Binger Herman, Judge Lowell of Umatilla, Hon. Chas. W. Fulton, Sol. Hirsch and T. T. Geer. Certain it is no one but a sound money man will be elected. There are many such who might be prevailed upon to accept, but not every one would it be wise to send to represent Oregon. Probably a number of dark horses are expected to appear on the scene next winter in Salem. The Salem Statesman says it "hopes to see an able Republican chosen early in the session, so as to have the vacant seat occupied as early as possible, and in order that the regular course of legislation may not be interfered with. Let the claims of all candidates be considered early, with a view to this expeditious settlement of the contest."

INTERESTING ITEMS.

Colton says, "We ask advice, but we mean approbation." Brass may be cleaned with oxalic acid dissolved in tripli water. There is more real good in a cheerful disposition than there is in a pedigree running back to the Mayflower.—Ran's Horn.

CLIPPING.

The Widow Teeter's husband had been dead only a few weeks when there were surface indications that she was about to marry again. The late Mr. Teeters had not been exactly a model husband, and it was the general opinion that his death was a stroke of good fortune for Mrs. Teeters, but still the relatives of the deceased thought that his memory required a widowhood of at least a year. When the indications of the approaching marriage became apparent, some of her late husband's friends waited on Mrs. Teeters, and one of them said: "We hear that you are about to marry again, Lucy Ann." "Well, I don't know that it is any of your business," replied Lucy Ann, "but if it will give you any satisfaction to know the facts, I don't mind telling you that I shall be a married woman again in about two weeks."
