The LEADER is doing good work for Sherman county. Already many inquiries have been made about our county by people who have read the LEADER, or articles quoted from it by other papers. We desire to do more, and ask any one who knows of something that would be of interest to people to please communicate the same to the LEADER, and we will do what we can with it. We are all here for the good of ourselves and others, so send in the news, and let the world know what a wonderful county we have.

Moore Bros. have been appointed agents for the sale of the new revenue stamps. Those using stamps had better call and see them without delay.  
The City Hotel is now under the management of L. D. Holder, who will continue to conduct the business in a first-class manner. Give us a call.

The graders are camped at the McDonald bridge and at the Davis place. They are rapidly preparing the grade for track working.  
Since the fire in Moro it is more apparent than ever that people should insure against fire in a good company. R. E. Hoskinson is agent for the American Fire Insurance Company.

Norman W. Smith of Lebanon was a caller at this office Saturday. He expressed himself as well pleased with Sherman county's prosperous appearance.  
The war tax levied on Moore Bros' Bank is \$126. Very few banks in the state outside of Portland pay a heavier tax than Moore Bros. We feel proud to have as solid a bank in our town.

Miss Ida Mowry of Grass Valley, accompanied by Miss Neva Graham, is home from the Association, and is visiting friends here.—Mayville Cor. Condon Globe.  
[We suppose Miss Ida Mowry of Moro is meant.—Ed.]

All checks issued on or after the first of July must have a 2-cent revenue stamp attached to it. Moore Bros. are agents for the stamps. Call and get instructions. Parties drawing a check must put a 2-cent stamp on same, and then put their initials and the date on the stamp.  
There will be an auction sale Saturday of horses, and any other property that may be offered for sale. This is intended to be the beginning of a series of regular auctions, where persons having anything to sell, and those wishing to buy, can meet and have the opportunity to make their wants known and have them attended to. Such sales are regularly conducted in the east to the mutual advantage of buyer and seller, and should prove a success here.

The glorious 4th will come and go ere another issue of this paper. While it is going don't get careless about fire-crackers and other noise-producing and joy-enthusing paraphernalia. Moro will not celebrate this year. Many will go elsewhere to enjoy themselves. The usual number will not be at home to fight fire on that day, so every one of you be careful what you do, and especially what the children do on the 4th, for at best there will be more danger from fire that day than any other day of the year.  
General Manager O'Reilly informs the LEADER that "It has been arranged that O. R. & N. fast freight train No. 22 will carry passengers from The Dalles to Biggs, leaving Dalles 5:50 A. M., arriving at Biggs 7:22 A. M., making good early service from Dalles to Wasco." The C. S. Co. are making every effort to please the people, and that it is being appreciated is evidenced by the fact that their business is rapidly assuming large proportions. Seldom indeed has a new railroad started with as sure prospects of holding the entire good will and patronage of the public as the Columbia Southern.

At a meeting in Portland, May 24th, a Mr. Pierce of Chicago, an old-line life insurance agent, gave some interesting statistics concerning fraternal insurance. He said there are 87 fraternal insurance societies—aside from assessment companies—without fraternal features; the average death rate per 1000 was \$; average cost per member per \$1000, was \$9.25; expense of running, \$2,895,872; and death losses paid, \$98,067,676; running expense less than 8 per cent. Old line companies figure from 30 to 45 per cent. for running expenses. Which is the cheapest?

Salesman—"Now, this is a book that I can highly recommend. I have read it myself."  
Mrs. Noval—"Oh, then, it would never do. I don't want any second-hand books. Have you not any that haven't been read?"

Mrs. C. Canaries & Co. have pitched their tent on First street, and are now prepared to take the best of photographs and ivory types. Children's pictures a specialty. Call and inspect our samples.  
Rev. C. D. Nickelsen will spend the Fourth at Hood River with relatives and friends.  
Miss Elois Andrus, from Roseburg, has accepted a position in the New Moro Hotel.  
Rev. Frank Spaulding went to dedicate the new Methodist Church at Stevenson Sunday.  
Misses Blanche Harris and Elois Andrus were pleasant callers at this office on Monday.

This office is indebted to Prof. W. S. Mayberry for favors shown, for which thanks are extended.

Preparations for casting a large number of machine extras and structural iron are being made at the foundry.

Miss Addie Gaylord returned home to Grant Saturday evening from The Dalles, where she had been attending St. Mary's Academy.  
The LEADER force has received an elegantly gotten up folder invitation to attend the celebration at The Dalles on the Fourth.  
Dr. L. M. Smith left for Lebanon and other valley points the first of the week, and expects to be gone away for about two weeks.

Mesdames E. L. Lovejoy and C. Canaries arrived in Moro from Portland. They expect to remain here for a time taking views, etc.  
Prof. Mayberry has had a time with a "felonious" finger for several days. It is now better, and he can soon begin to use it again.  
The firm of Wheat & Clark, proprietors of the bowling alley and confectionery stand, has dissolved partnership, E. B. Wheat continuing the business.

Ed. Hinman of Dufur, who at one time taught school at Erskineville, passed through town Tuesday with his brother-in-law, T. M. Robinson.  
The house and contents belonging to Mr. Thomas, near Forest Grove, were destroyed by fire recently. We did not learn the particulars. Mrs. Thomas is a daughter of Rev. Morrison of Monkland.  
From the Wasco correspondent of the Oregonian it is learned that a man named Frizell, a wood-hauler from Gilliam county, fell from his wagon and the wheels ran over his chest and arms, and he will probably not live.

Brick-laying began on the Meader & Co. and Radley block Monday, and it will be rushed as fast as men and means can do it. This will be the first brick building in Moro, but not the last, for others are figuring on erecting brick structures as soon as possible. Good! Let the work progress.  
Married—At the City Hotel parlors in Moro, Saturday, June 25, 1898, Mr. C. F. McCarter of Antelope and Cora B. Jackson of Sherman county, L. W. Hunting, J. P., officiating. Only a few friends were present to witness the ceremony that binds two lives together as one. The LEADER extends best wishes and congratulations.

All county officers newly elected, in place of the present incumbents, will take possession of their offices and effects on the first Monday in July. This year it comes on the 4th, but that makes no difference. They are in law responsible from noon Monday for the conduct and care of their respective offices. So says the Oregonian.  
What might have been quite a serious accident occurred at the ranch of Henry Frock yesterday morning. Henry hitched up his team, and one colt in the team started to run, jerked the brake loose and started down hill. Henry succeeded in turning the team uphill, and got them stopped with only a broken wagon tongue and a few bruises on himself.

Original Alarm Clocks.  
Mr. Rockhill, in his "Diary of a Journey Through Mongolia and Tibet," mentions a curiously ingenious device sometimes employed by Mongolian litter-carriers. These carriers make very long journeys on foot, and within a time which allows them only the briefest intervals for an occasional nap. To insure themselves against oversleeping, therefore, they tie a piece of joss-stick to one of their thumbs, light it and lie down to rest. When the stick burns down to the flesh, the pain awakens them, and they resume their journey.

Andrews—"Too bad about Billings, wasn't it?"  
Davis—"What has happened to him?"  
Andrews—"He's loony."  
Davis—"You don't tell me! What's the cause of it?"  
Andrews—"He came home after twelve o'clock the other night, and his wife let him in without unking words. The shock was too much for him."—Cleveland Leader.

G. W. Mitchell, who claims to be a deputy supreme president of the Protected Home Circle, has left many bills unpaid in Sherman county. He is a fraud.—Moro Leader.

[This bill is known in Linn county.—Lebanon Express-Advance, June 24.]  
Young people often have a time when they amuse themselves by saying everything backward. It once proved a nearly fatal habit to a young minister, who, for some time previous to his ordination, had been one of a number of hard-headed but laughter-loving young people of Berlin. At his first prayer meeting, held in his native town, the poor young man rose and said: "Deacon Wood will please read and rayer; no, rayer and pread." And then he sat down in confusion worse confounded, and left Deacon Wood to lead in prayer.—Boston Budget.

Mr. Proctor, the continuous-performance magnum, took a day or two off last week and ran down to see Niagara falls. Just before retiring at the hotel, he rang for a pitcher of ice-water. No response. He rang a second and a third time, and finally a sluggish bell-boy appeared and took the order. There was a long stage wait, and after the bell had been set jingling again, the boy appeared, with an apologetic air and empty pitcher. "Very sorry, sir," he explained, "but we can't serve no water. The river's low, and they need it all for the falls."—New York Evening Sun.

Ethel—"And what did George say when he proposed?"  
Maud—"He said nothing; he started to say something, gasped, turned deadly pale, and then fainted quite away. Of course, I knew what that meant, so when he came to, I told him he might ask papa."  
Ethel—"And then?"  
Maud—"Then poor George fainted again."—Truth.
