Noble's Dramatic Company left for The Dalles Sunday, where they will give a season of entertainments. They remained with us a week, drawing crowded houses nightly. Their performances are first-class, and worthy of the hearty support of the public. If The Dalles people want to laugh till they can't rest, they should take in "Reuben Glue." But all of their performances are up to date, and it is difficult to select the superior one. Our space forbids mentioning the members of this troupe in detail, but we will merely speak of the company as a whole, which is composed of fine ladies and gentlemen. Should they visit this city again a hearty welcome will greet them.

This shows what thousands have proved, that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by A. D. Bolton & Co., druggists. Guaranteed.

Mr. Fitz-Maurice, editor of the LEADER, accompanied by his family, arrived here from Fossil Monday evening. They are all well and hearty, but somewhat fatigued after their tedious journey. They will occupy the P. O. DeMoss residence, just completed.

The Columbia Southern train did not show up on time Sunday night. On the contrary it came sneaking in at 4:30 Monday morning. The trouble was caused by an O. R. & N. iron horse, which got to bucking just this side of the locks, and flew the track. It is rumored that one man was injured.

E. F. Sharp, surveyor, reports that he can put a road up from the John Day river, beginning at a point opposite Devil's canyon, a distance of 3 miles, with an elevation of 15 inches to the road, and that the entire road can be built with plows and scrapers, at a cost not exceeding \$1000.

The friends of the Fitz-Maurice family, who are readers of this publication in Fossil, will be glad to hear they arrived on Monday evening at their new home in Moro, over the hills, without any mishap, notwithstanding the many fears to the contrary to which their efficient teamster, Fred Ball, can testify. The Fitz-Maurices did not realize how many friends they had in Fossil until the time came to bid good-by. They hope the time is not far distant when they shall see some of them in this town, which promises to be one with many attractions. If this week's issue of the LEADER should prove brighter than usual, it is owing to the absence of the editor for the past week, during which our correspondence has been unavoidably neglected. For this we apologize, and assure those concerned that their letters will receive every attention in the coming week.
