Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle-working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by A. D. Bolton & Co., Druggists.

Two young men while hunting below town today made a discovery that may disclose a mystery. About half a mile beyond the Mill Creek bridge, near some lakes, they discovered on a shelf of rock a telescope valve containing a hand mirror and some ladies' apparel, also a number of letters, one addressed to Frank Button, of Hood River, and another to the clerk of Skamania county. About six feet below the valve were a pair of rubbers, a pair of shoes and a dress waist hidden under some rocks, and on a shelf of rocks above was a dress skirt that appeared to have been torn from the waist. Whether the articles had been stolen and deposited there, or whether some crime had, been committed is not known. The attention of Marshal Lauer has been called to the matter, and he will make an investigation. Times-Mountain.
