Before the railroad was built to Moro, a stage line between that place and The Dalles could never be made to pay, says The Dalles Times-Mountain. But now, since Moro has railroad connections, a four-horse stage is being run from here three times a week, and is loaded with passengers and freight every trip. Has the railroad developed the country so as to thus increase staging business, or have the people just awakened to the pleasures of stage riding?

Our School. At the special school meeting on Monday a six mill tax was unanimously voted for the purpose of paying interest on bonds and running expenses of the school over annual appropriations from county and state.

We are proud of our school, both for itself and the prestige it gives the town of Moro; and no doubt the voters who assembled on Monday at the call of the school bell, which has been silent so long, saw the empty desks and silent rooms with regret. It was proposed to open the school on the first week in February, if the disease with which we are visited continues to abate. This would be a boon to parents and children alike, as the little folks are weary of their enforced idleness, and are very willing to again turn their steps schoolwards.

SHANIKO! The Railroad will be completed to Shaniko about April 1st, and then will spring into existence one of the liveliest towns in Oregon. This will be the terminus of the Columbia Southern Railway, and no doubt the largest wool shipping point in the world. There will also be thousands of cars of cattle and sheep shipped from this point. A postoffice will be established at the new town in a few weeks, and a fine brick bank building will be started as soon as the railroad is completed so that material can be shipped in. But what is needed most, and right away, is a good hotel, and the man who gets in by the 1st of April will have a good thing. As a great many people want to know the price and terms on lots in Shaniko, they can address W. H. Moore, Moro, Or., or F. T. Hurlburt, Arlington, Or., by whom full information will be cheerfully given.

HORRIBLE ACCIDENT. It is reported that the Royal Bengal Tiger in Walter L. Main's Menagerie has killed two men. The tiger is a hard animal to domesticate, and come to think of it, the name Tiger will be all the go in Sherman county this fall. The Tiger Grain Drill is what we refer to. Having ordered two carloads of these celebrated drills, made before the price of material went up, we are able to sell them from 10 to 15 per cent. less than any other drill can be sold. They are to-day, without question, the best drill on the market. Call and see the drill and get our prices before buying. MOORE BROS. & GINN.
