The church school will give an  
Easter program next Sunday  
evening beginning at 7:30.  
Everyone is invited.

The Ladies Aid Society meets  
every Thursday afternoon at the  
church at 2 o'clock.

Attendance at both the church  
and the church school was fine  
and there seems to be a growing  
interest with each service.

John S. Fisher, Governor of  
Pennsylvania, says in regard to  
Sunday schools: "I cannot over-  
state my opinion as to the value  
and necessity of developing this  
phase of church work. The re-  
ligious training of the child  
should begin at the earliest pos-  
sible time, and next to the home  
the Sunday school is the next im-  
portant agency in this mission.

In most American communities in  
years gone by the reading of the  
Bible, attended with some form  
of religious service, was a part  
of every exercise. Religion was  
also inculcated in the higher in-  
stitutions. Under conditions as  
we find them today religious  
training has been practically  
abandoned as a part of the school  
curriculum. This gives tremen-  
dous importance to the Sunday  
school where religious influence  
may be impressed upon the  
childish mind, developed in the  
growing boys and girls, and  
made a permanent and stable in-  
fluence in the adult."

Easter Sunday April 5, 1931,  
10 a. m. This hour will be de-  
voted to the Sunday school East-  
er program.  
11 a. m. Rev. G. H. Wilbur of  
Hood River, will preach.

**The Full Gospel Assembly**  
The evangelistic services will  
continue, there being preaching  
every night at 7:45 except Mon-  
day and Tuesday, by Miss Louise  
Hodge. On Saturday and Sun-  
day nights there will be special  
subjects used for the sermons.

Sunday school at 10 a. m., fol-  
lowed by the usual preaching ser-  
vice at 11.  
A cordial invitation extended  
to all, especially those not at-  
tending elsewhere.

Pastors.

Church school every Sunday  
morning at 10.

The church school has pre-  
pared a suitable program for  
Easter with some special music  
by a special choir. We are an-  
ticipating a very happy time at  
our Easter services. The East-  
er program takes the place of  
the regular church service at 11.

The attention and interest last  
Sunday was very fine. However,  
we missed Miss Coyle and Mrs.  
Peters, and one or two others  
who usually attend. Then there  
were some new enrollments and  
some visitors.

We trust all who can will unite  
with us next Sunday for a glad  
Easter service. Everyone cor-  
dially invited.

Kansas State Teachers tests  
were given in typing and book-  
keeping classes, Wednesday,  
March 25. Typing tests were  
graded on accuracy and as a re-  
sult many of the best students re-  
ceived low grades because they  
typed for speed rather than for  
accuracy. All typing 11 students  
passed the test. Bookkeeping  
students thought that the book-  
keeping test was unusually hard.  
However, all but two received  
passing grades.

Typing students were disap-  
pointed Thursday, March 26, af-  
ter taking the typing award test,  
when they discovered that they  
were either unable to type fast  
enough or were not sufficiently  
accurate. Only two students  
won awards, Eva Miller and Iva  
Belshee. Eva made a test of 57  
net with 2 errors and Iva made  
one of 56 net with 1 error.

If one should happen to wan-  
der into the first and second or  
third and fourth grades rooms,  
he would be sure to notice the  
clever sand tables. The one in  
the first and second grade room  
is arranged to represent Holland.  
It has a miniature bridge over a  
blue stream, a Holland windmill  
and some Dutch women busily en-  
gaged in cleaning their already  
clean house. The sand table in  
the third and fourth grade room  
gives a picture of life in Japan.

It also has a bridge but although  
made of paper it is a different  
kind of bridge from the one in  
the primary room. There are Ja-  
panese girls at play and Japanese  
men at work, pulling the carri-  
ages and carrying their fruit to  
market. The Japanese girls are  
wearing kimonos and carrying  
lanterns.

Now that the operetta has been  
given tennis practice will start  
in earnest. For the past two  
weeks very few have turned out.  
As soon as the weather permits  
they will practice down at the  
tennis court.

The county typing contest will  
be held in the high school com-  
mercial room, April 4.

County teachers institute was  
held at Moro, Saturday morning,  
March 28. Because of the extra  
week given us at Christmas, this  
period has been shortened to five  
weeks. Next period will have  
the usual six weeks.

An exploding oil stove on the second  
floor is believed to have started the  
fire.

A general cut in wages of all county

The Mosier fruit district anticipates  
a fine crop of all kinds of fruit this  
year, according to R. D. Chaffield,  
manager of the Mosier Fruit Growers  
association. Except for apples and  
prunes, the acreage of which is show-

a general meeting of wool growers and  
the county game protective associa-

Low cost of grain is bad news for  
the ground squirrels of Oregon. Coun-

a lower price on poisoned grain this  
year, so that more squirrels can be  
poisoned at less cost. County agents  
prepare the grain and distribute it  
through country stores and other  
agencies.

Numerous basements were flooded,

were damaged when a break in an ir-
