**OREGON STATE NEWS  
OF GENERAL INTEREST**

The year and a half old daughter of  
Mr. and Mrs. Nick Welter died at  
Stayton from burns received when she  
sat down in a pall of water which  
had just been emptied from a boiler  
at the home of her grandmother, Mrs.  
K. Boedighelmer.

The Pendleton chamber of com-  
merce has voted to join with the city  
of Weston in an effort to complete  
the eight-mile gap in the Umatilla  
county end of the Weston-Elgin road.  
The county has offered to co-operate  
50-50 with the forest service.

Lincoln county citizens, and particu-  
larly the older Indians of the Siletz  
Indian reservation, are urging the de-  
partment of Indian affairs to set aside  
the old agency buildings at Siletz as  
an indigent Indian home. Only in this  
way, local representatives say, can the  
older Indians be cared for adequately.

Canneries operating at Medford and  
Ashland have increased their con-  
tracted tomato acreage 40 per cent  
this year in the vicinity of Gold Hill,  
Rogue river and Grants Pass. Be-  
cause of threatened water shortage in  
districts depending on mountain lake  
reservoirs, new impetus has been given  
tomato growing in the northern end  
of Jackson county.

The Gold Beach chamber of com-  
merce has announced that it will spon-  
sor a celebration at the mouth of the  
Rogue river over Labor day. Commit-  
tees have been named and plans have  
been outlined for many entertainment  
features. Sport fishing will be at its  
best at the time of the celebration and  
the new \$600,000 Rogue river bridge  
will be nearing completion.

The worst infestation of caterpillars  
ever observed at Toledo is denuding  
orchards and much native vegetation in  
all parts of Lincoln county. Many  
small alder trees appear almost en-  
tirely covered with a continuous web-  
bing of caterpillar tents. As the leaves  
of one tree are eaten, the army of  
worms spreads to adjoining vegeta-  
tion by dropping from the tree and  
crawling overland to the new host.

Settlers owning land in Thief valley  
irrigation project near Baker have ap-  
proved by unanimous vote a contract  
with the federal reclamation service  
for immediate construction of a dam  
to cost not to exceed \$200,000, includ-  
ing the site. The contract already has  
been approved by the government, the  
election being the final step prior to  
advertising for bids. The plans have  
already been drawn and it is believed  
work will start early in July and will  
be completed this fall.

With the collection of the May taxes  
Pendleton has become one of two Ore-  
gon cities without bonded or warrant  
indebtedness. The last of school  
district bonds will be paid off when  
they become due this October with  
\$12,000 set aside from the tax collec-  
tions for that purpose. Pendleton also  
has one of the lowest tax levies in the  
state, since for an assessed valuation  
of \$6,727,292.97, residents pay but 12  
mills tax, with the likelihood that the  
levy will be reduced to 11 mills next  
year.

The spittle bug, which was discov-  
ered in Marion county recently, was  
said to be causing heavy damage on  
the strawberry farm of Dolph Heater  
in the Union hill vicinity, according  
to reports received at Salem.

Strawberry growers of the Umpqua  
valley face a short crop unless weath-  
er conditions change. The extreme  
warm weather of the past few weeks  
has ripened berries too rapidly, and  
is reducing the size materially.

Extension of the city limits of Rose-  
burg to include thickly populated sec-  
tions lying north, west and east of  
town has been instituted by the city  
council. The proposed extensions will  
practically double the size of the city.

A new industry is to be started in  
the Wood River valley, Klamath coun-  
ty. It is the apilary industry. L. M.  
Hunt has received a consignment of  
25 hives of bees from California. His  
place is in the heart of the white clo-  
ver belt.

Blanks in connection with the pay-  
ment of the 1931 state income tax  
based on incomes for the year 1930  
were sent out recently by the state  
tax commission. It required approxi-  
mately 65,000 of these blanks to cover  
the state.

Work on the erection of a union  
church at Jerome Prairie, a commu-  
nity in Josephine county, has been  
started, according to Mrs. T. Schnei-  
der, chairman in charge. Funds for  
the building already have been sup-  
plied.

The new three-man county fair  
board which supplanted the board of  
15 by an act of the legislature was ap-  
pointed by the Lane county court.  
Members are R. B. Thompson of Eu-  
gene, C. W. Allen of Vida, and F. E.  
Chambers of Santa Clara.

The Dubois-Kettering mill at Rain-  
ier, which has for some years manu-  
factured only rough or undressed lum-  
ber, is installing a planer to supply  
both local and foreign demand.
