## Churches

Methodist Church  
Moro

Church school every Sunday morning at 10.

Preaching next Sunday at 11. The theme for Sunday morning is: "No Substitute For Jesus."

The sacrament of the supper of our Lord will be administered at the close of the sermon.

The Ladies Aid Society meets every Thursday afternoon at 1:30.

"If men are capable of rising to the challenge of Christ there is no question of immortality." The church with a cordial welcome.

F. A. Ginn, Pastor.

Grass Valley  
Methodist Church

Church school every Sunday morning at 10.

Preaching Sunday morning, June 21, at 11.

The attendance at church school was splendid last Sunday morning and the interest was exceptionally good. Two classes at least left the sea of Galilee on the homeward trip.

We hope that every one will make a special effort to be present next Sunday.

Dolores Baker who was our former church and Sunday school organist, visited us last Sunday morning. It seems good to have her attend the services again.

The church with a cordial welcome.

F. A. Ginn, Pastor.

Christian Science

Subject: "God The Preserver of Man."  
Golden Text: Psalms 121:8. The Lord shall preserve thy going out and thy coming in from this time forth, and even for evermore.

Responsive reading: Ezekiel 34:11, 12, 14, 16, 25, 26, 30, 31.  
Church service every Sunday morning at 11 o'clock and Wednesday evening at 8 o'clock.

All are cordially invited to attend the church services and make use of the reading room which is open daily, where all authorized Christian Science literature may be read, borrowed or purchased.

The Full Gospel Assembly

"I thank my God on your behalf, for the grace of God which is given you by Christ Jesus."—1 Cor. 1:4.

It is not enough to know Paul's gospel as a theory, or with the head. We must make that wealth our own individually by experience.

Elevator Announcement.

We wish to announce the completed sale of the undersigned company warehouses to the Farmer's National Grain Corporation and wish to recommend the management of that company to the farmers of this county.

During the twelve years we have transacted business with Henry W. Collins we have found him to be capable and honorable and believe the farmers will have the same experience in their dealings with him.

This company will continue business as formerly with the single exception of storing grain which the sale of our warehouses makes impossible but all the other interests of the company will be as active as in the past.

Our offices are being moved to the Moro Hotel building where we will be glad to greet our friends as formerly.

Farmer's Elevator & Supply Co.  
J. C. McKean, Mgr.

# Safety Glass

Ford cars are now equipped with safety glass in all doors and windows at a small extra charge

\$15 for the Coupe, De Luxe Coupe, Sport Coupe or Convertible Cabriolet \$20 for the Tudor Sedan, Standard Sedan, De Luxe Sedan, Town Sedan or Victoria

THE Triplex safety glass windshield has always been an outstanding feature of the Model A Ford. By reducing the dangers of flying glass, it has saved many lives and prevented countless injuries in automobile collisions.

Now comes a further assurance of safety to every Ford owner... polished plate safety glass in ALL DOORS AND WINDOWS at slight additional cost.

The charge for this extra protection is unusually low because of large production and the development of new methods of manufacture. Simply tell the dealer when you buy the Ford that you want "safety plate glass in all doors and windows" and the car will be factory-equipped for you in that manner.

Today, as before, the safety glass windshield is furnished as standard equipment on all Ford cars without extra charge.

FORD OWNERS This announcement refers only to NEW CARS. Ford dealers are not in a position to install safety glass in the windows of your present Ford at the above prices.

## The KILOWATT KIDDIES

Are Invisible ICE-MEN

THE KILOWATT CHILLERS stand quietly on watch to see that your food is kept below the fifty-degree danger point. They are sentinels of safety, ever on watch to guard health.

THE Kilowatt Kiddies are on duty at your Electric Refrigerator whether you are there to watch them or not. They have never been known to leave footprints on the spotless linoleum of any kitchen. Yet their service does not end with providing mere ice. Charlie and Clara Kilowatt see to it that their ice is cubed just the right size to tinkle tantalizingly in glasses of the beverages it chills.

THE Kilowatt Kiddies in your Electric Refrigerator make the most delicious frozen salads and deserts—even ice cream. All you do is mix the ingredients—they do the rest. In few roles do The Kilowatt Kiddies perform more satisfyingly than as the invisible ice men accompanying every Electric Refrigerator.
