**Churches**

**Presbyterian Church.**  
H. C. Baldrige, Governor of Idaho, says: "An Institution or organization that implants Christian ideals, builds character, and inspires to better service is a decided asset in a community. This I believe of the Sunday school and feel that its teachings will help us to maintain the deeply religious strain that is evidenced throughout the history of our country. People are made great by living up to spiritual ideals."

**Moro School Notes**  
The volley ball game on Friday night between the Wasco and Moro girls again spoke a defeat for Moro. The final score was 30 to 22.

This was the first game to be played on the home floor and it

proved to be the most exciting. The teams being very well matched.

Miss Doris Fortner, former student in the Moro High School, was here visiting school Monday. Doris is now attending school in Vancouver, Washington.

The girls in the Wasco High School extended an invitation to the Moro High School girls and their mothers for their annual Girls Frolic. It is to a costume party.

The Torch Honor Society held its first meeting for this year Tuesday. The students that are eligible to belong to this Society are: Doris Amidon, Roland McLaughlan, Johnny Gentry, Grace Cothran, Marjorie Nahouse, Tommy Fraser and Leora Peetz. The Officers for the following year are: President, Doris Amidon; Vice President Roland McLaughlan; Treasurer, Leora Peetz. The sophomores who will be initiated into the Torch Honor Society are: Flora Williams, Sybil Belshee, and Maxine Henrichs.

**MORO VS GOLDENDALE**  
The Moro Huskies tied the Goldendale gridders to a 0-0 score. Although the Moro boys were outweighed they more than held their own against the bigger school.

Goldendale received on the kickoff and returned the ball to their 30 yard line. Moro held them for downs and received the ball on her 40 yard mark. Moro then carried the ball a few plays and punted. The teams both made gain but always a march to the goal would be halted.

Moro had a number of good breaks in the second quarter but failed to push the ball over. Goldendale missed a chance to score in the last quarter by fumbling the ball. Just before the end of the game Moro's center gave fullback McKinney a bad pass. He recovered the ball on Moro six yard line to prevent Goldendale a chance for victory.

**Put Them To Work**  
No farmer would keep his horses locked up in the barn while he did work they should be doing. Nor would the farmer's wife allow her help, if she had one, to sleep all day while she did the farm chores.  
And yet, some do! They do work that electrical machinery and appliances should be doing.  
Actual tests over a period of years on more than 200 farms of the country have proved that ELECTRICITY IS PLACING THE FARM ON A MORE PROFITABLE BASIS. By cutting cost of operation it is making two dollars grow where only one grew before. It is predicted that in the near future the farm not equipped with modern electrical and mechanical equipment will pass from the field of competition.  
To the farm woman, electricity should mean not only lighting, but a home equipped with the electric washing machines, electric iron, electric dishwasher, vacuum cleaner, and the many other electrical devices that can relieve her of much of the hard work and cut down her working hours.  
With electricity the farm has many potential helpers.

**Mole Fur**  
The fur of the mole is the best when the animal is killed in the winter season. It is also classed as a pelt in midsummer, although the animal's fur is somewhat shorter then. During the molting periods in the spring and fall there is a deterioration in the value of the fur.  
**Related Languages**  
It seems that Slovak is so closely allied to Czech that most scholars describe it as a dialect. This alphabet is founded on the Czech. Slovak books were rare before the World War, but since the formation of the Czechoslovak state many have appeared.
