One of the outstanding political developments of last week was a renewed flood of condemnation from all parts of the state directed against the Zorn-McCulloch bill for the establishment of a higher education institution at the University of Corvallis.
At Portland, the Oregon State Federation of Labor announced its bill's unalterable opposition to the bill and entrance into the campaign to defeat it.
At Klamath Falls, the State Medical Association, in convention unanimously passed resolutions opposing the bill as an unnecessary obstruction to State progress.
At the Astoria convention of the State Bar Association unanimous action was also taken against the bill as an extraneous scheme that would cost the State and taxpayers millions of dollars.
In addition to the emphatic disapproval of such major organizations, civic and business leaders, of more than twenty-six counties publicly announced their opposition to the school moving measure.
In the meantime, the Parent Teacher official publication for the Parent Teacher Association of Oregon, came out in editorial condemnation of the measure along with the Oregon Clubwoman, the official publication of the Oregon State Federation of Clubwomen.

BIG STATE ORGANIZATIONS UNANIMOUSLY DENOUNCE BILLY BULL JUGGLING BILL
One of the outstanding political developments of last week was a renewed flood of condemnation from all parts of the state directed against the Zorn-McCulloch bill for the establishment of a higher education institution at the University of Corvallis.
At Portland, the Oregon State Federation of Labor announced its bill's unalterable opposition to the bill and entrance into the campaign to defeat it.
At Klamath Falls, the State Medical Association, in convention unanimously passed resolutions opposing the bill as an unnecessary obstruction to State progress.
At the Astoria convention of the State Bar Association unanimous action was also taken against the bill as an extraneous scheme that would cost the State and taxpayers millions of dollars.
In addition to the emphatic disapproval of such major organizations, civic and business leaders, of more than twenty-six counties publicly announced their opposition to the school moving measure.
In the meantime, the Parent Teacher official publication for the Parent Teacher Association of Oregon, came out in editorial condemnation of the measure along with the Oregon Clubwoman, the official publication of the Oregon State Federation of Clubwomen.

We're fed up on reading about the hardihood of pioneer Americans. Not one of them could have birthed a good riding 56 miles in a rumble seat over one of our detours.
Now wasn't that Sweet of Him?
We spent a day in Portland last week. It started raining, so we climbed aboard one of those nice new green street cars. "I don't suppose I've ridden on a street car in two years," we said to the conductor, a gloomy fellow, as we handed him our fare. "I most generally drive my own car." The conductor rane up the fare. "You don't have to pay for it, but you must use the sidewalk."

"No, but father's cap is just like another to him."
