

Wasco Library Board Appeal For Funds

Patrons of the Wasco Library:
Realizing that in order to keep open the Wasco Public Library some funds must be made available, the library board is making an appeal to the community of whose life this library is a part.

Last year you were not called upon to help as the Board planned to maintain the library for a time on the funds which had not been expended. We were in a position to carry on through this winter had not our finances become unavailable at the present time.

We are hoping that you have enjoyed and are enjoying the benefit derived from the library either to yourself, your children, or your community will feel the need of keeping the library open. The library has grown from a few books to about 1800 volumes and this has been due to your loyal effort in the past.

We feel that a Festival or Carnival could not be a success at this time so we are asking that those who are interested will show this as best they can whether the amount be large or small.

Our actual expenses for carrying on the library are for rent, librarian, fuel and lights. The lowest estimate for these totals \$25 per month.

Contributions will be received at the McKee Drug Store at Wasco or at the library.

This is your library. Will you help to keep it open?

Wasco Public Library Board.

School "Juggling" Bill

WARNING Don't be MISLED!

Destructive Expansion is proposed under the guise of Economy and Consolidation, by the Zorn - Macpherson School "Juggling" Bill, which actually...

- DOES NOT REDUCE BY A SINGLE PENNY the basic State tax you now pay for higher education.
- ESTABLISHES 4 NEW SCHOOLS, at Ashland, La Grande, Eugene and Salem.
- CREATES 2 NEW TYPES OF SCHOOLS—Junior Colleges and Teachers' College, of questionable value to Oregon.
- ESTABLISHES STATE SUPPORT for Junior Colleges in every Oregon city or town.
- JUNKS AND DISCARDS OVER \$4,000,000.00 of taxpayer-owned buildings and land.
- NECESSITATES NEW-BUILDING PROGRAM and triples costly equipment now at University or State College.
- INCREASES INSTRUCTION COSTS 25% for University and Oregon State students.
- DECREASES WORKING STUDENTS' CHANCES 40%, depriving hundreds of an opportunity for higher education.
- WRECKS PRESENT UNIFICATION PLAN—This plan is saving taxpayers \$900,000.00 per year compared with previous costs for State schools.
- DEPRIVES OREGON STATE COLLEGE of its high rank as a technical school by submerging of agricultural courses.

Voters, Think! The above facts overwhelm the half-truths and partial statements, made by the proponents of this school "juggling" scheme.
