RELIEF WORK

(Continued from page one)

The diversity of opinion, if any, arises from the feeling that emergency relief should hire only that type of laborers.

At the last meeting of the emergency relief committee the total number of men applying for relief from each district were as follows: Wasco, 38; Moro, 21; Rufus, 1; Kent, 4; Grass Valley, 21; Klondike, 1.

There does not seem to be any complaint throughout the county with the number of men allowed to work on the grade from each district.

Before His Time

Little Eric returned from the garden with a pair of very dirty hands. Before he had a chance to wash them they were noticed by his mother.

"Why, Eric," she cried. "You never saw my hands as dirty as yours."

The boy nodded agreement. "I know, mother," he replied, "but Grandmother did."

How To Make Many

Kinds of Mince-meat

Mince-meat! There's magic in the word. It conjures up odors, pictures and tastes of a pastry that never fails to appeal. Serve it hot or serve it cold, it is popular.

Butchering time and the snappy holiday season combine to promote the cause of mince-meat and mince-meat making. Food specialists in the home economics extension service recommend the following recipes for this spicy, tasty food product.

MINCEMEAT NO. ONE.

Two pounds lean beef
One pound chopped suet
Four pounds tart apples
Three pounds sugar
Three pounds currants
Two pounds raisins
One nutmeg, one half teaspoon ground mace
Two oranges
Two lemons
One half pound citron
One tablespoon salt

Stew the beef in a very little water until quite tender, cool and chop as fine as possible. Add the beef suet chopped fine, and pared, cored and chopped apples, the sugar, currants, raisins, spices, orange and lemon juice, the grated rind of the oranges

and one lemon, chopped citron and salt. Mix thoroughly. Cook one hour. Pack in a stone jar and keep in a cool place. The mince-meat should be thoroughly stirred each time any is taken out and occasionally moistened with a little grape juice or orange juice. Left over canned fruit juice or bits of meat or canned fruit may be added from time to time.

MINCEMEAT NO. TWO

Three pounds lean beef
Six pounds sour apples
Three pounds raisins
One half pound each suet, citron
Two pounds currants
Two pounds sugar
Two cups cider vinegar
Two cups molasses
One nutmeg
One tablespoon ground cloves
One teaspoon each cinnamon and mace

Two tablespoons salt
Stew the beef in a little water until tender. Cool it, then chop the meat, the apples, raisins, suet and citron, and washed currants. Mix and add the remaining ingredients. Scald. If too dry, add a little warm water at time of using.

MOCK MINCEMEAT

One half cup cracker crumbs
Two cups chopped raisins
One cup brown sugar
One and one-half cups melted butter or butter substitute
One cup currants
One cup each molasses and sour cider

One teaspoon each allspice, nutmeg, Cloves, salt

Two cups cold water
One tablespoon cinnamon

Two eggs

Mix well together and use as desired. This is a good mince-meat for those who find the ordinary variety too rich.

1933

Approaches---it comes running to some who are busy with their own businesses and worries---it comes slowly to others who are troubled over what the future might bring,

But slowly or swiftly it will be recorded event by event in the pages of the Sherman County Journal.

As in 1932 your weekly, county paper will faithfully record the personal happenings, the condition of crops, the community and county problems, and the events that occur in the industry we live by.
