

**Eureka Lodge No. 121 A. F. & A. M.**  
Moro, Oregon  
Meets the 1st and 3rd Thursday evenings of each month. Visiting members cordially invited to meet with us.  
Glen King, W. M.  
C. V. Belknap, Secy.

**Moro Lodge No. 113 I. O. O. F.**  
Moro, Oregon  
Meets every Monday evening in the I. O. O. F. hall. Transient and visiting brothers are cordially invited to meet with us.  
William McKinney, N. G.  
Joe Truitt, Secretary.

**Lupine Rebecca Lodge No. 116**  
Moro, Oregon  
Meets 2d and 4th Tuesdays of each month. Visiting members welcome.  
Havie Brisbane, N. G.  
Lila Bull, Secretary.

**Chris Schultz Post No. 71 American Legion**  
Meets at Legion hall on 2nd and 4th Wednesday evenings of each month.  
Vernon Platt, Commander.  
Giles L. French, Adjutant

**Town Talk**

Pasture: Good bunchgrass. Lots of water. 12 miles east of Kent. Across Jackknife canyon from Rutledge. Horses \$1.00, cattle, 75 cents. Depression prices. Trade for stock. Jack Racker.

Pasture: Good grass and water. Will take stock in exchange. Phone or write J. E. Brown, Grass Valley

For Sale: 15 Chester White pigs. T. M. Rolfe, Grass Valley.

Lost, S. rayed or Stolen. One red Durham cow and calf. No horns. Circle brand on left hip. Douma Bro.

The American Legion Auxiliary will hold their special meeting for election of officers on Wednesday, June 14 at 2 o'clock sharp at the home of Mrs. M. A. Bull with Mrs. Adlard and Mrs. Meloy as hostesses. This will be a strictly business meeting.

Lucetta Adlard, Chrmn.

Mrs. E. R. Barzee and children left for Camp Sherman Wednesday morning to remain for about three weeks. Mrs. Schaeffer accompanied them and will also spend some time visiting in Prineville before returning to Moro.

Raymond Eslinger, son of Mr. and Mrs. Clem Eslinger of Hillsboro is visiting with relatives in Sherman county.

Mr. and Mrs. W. H. Ragsdale and son Harry accompanied by Mrs. L. L. Peetz who went as far as Bend drove to Klamath Falls Friday to meet Grandma Belshee, mother of Mrs. Ragsdale who returned with them to remain through the summer.

The Freeman and Brisbane families drove to Maupin last Sunday via the new Sherars grade for a short visit with Brisbane relatives.

O. A. Ramsey and wife are camping out near Wamic while Orrin cuts up 25 cords of wood for winter.

E. E. Barzee and wife are at Newport this week for a little vacation trip.

Mrs. John Foss will leave for Eugene to see the exercises attendant to graduation of the seniors of the university of Oregon. Miss Dorothy Foss is to receive her diploma this year.

Clayton Vinton returned home Friday of last week from Pacific University where he has been a student this winter.

Harry Kunsman and wife left Wednesday for Shedd where they will visit with relatives for a few days. Marjorie will return with them from Monmouth where she has been attending Oregon Normal School.

W. F. Jackson returned Wednesday from a trip to Portland.

A G Fetter shipped a carload of cattle Sunday night from the Hay Canyon station.

M. E. McKee and family left Sunday for Portland for a meeting of the state druggists board of which Mr. McKee is a member. R. C. Barkam is in charge of the pharmacy during the absence of the owner.

Mrs. Arthur Johnson left Sunday for Monmouth where she attended the graduating exercises of the normal school. Her daughter, Josephine, is a member of the graduating class.

Mrs. Elva Bryant and daughter Lois are both members of the class

that is finishing the work at Oregon Normal School this spring.

Several persons were in town Wednesday to take the drivers examination permitting them to drive a car for the next two years at the low rate of fifty cents per each.

Mr. and Mrs. Frank Lanphear visited here last week for a short time. Mrs. Lanphear was formerly a Kelsay and lived in the south end of the county and Mr. Lanphear is a cousin of Mrs. R. J. Ginn.

The three daughters of F. W. Whalley of Portland are spending a few days here visiting with their parents Mrs. Carrol Sayrs and Mrs. Margaret Peetz.

Harold Ginn and Wiley McDonald were at Camp Sherman last week while Wiley was shoeing the Martin Hansen horses for the summer's work.

Mrs. B. F. Morgan daughter of Mrs. W. J. Martin arrived in Moro Tuesday from Cheney, Wn. to visit for a few days. She was accompanied by Mrs. Russel Cox of Pasco, a sister in law. Her daughter, Katie Morgan is also visiting here having come last Sunday.

Mrs. Maud Akers returned to Moro Wednesday after spending a couple of weeks as chief cook and bottle washer in the absence of Mrs. Fred Hennagin, who has been visiting her daughter.

Miss Reatha Sayrs entertained with a party in honor of her cousin Laura Whalley, at the home of Margaret Peetz Thursday afternoon.

Miss Gwendolyn Foss came home from her studies at Pacific University last Sunday. Misses Mardie Frey and Mary Howland, schoolmates, accompanied her home for a short visit. Mary Howland left Tuesday for her home.

Mrs. Carrol Sayrs entertained the Junior Bridge club Wednesday at her country home.

Mrs. Orville Thompson was taken The Dalles Monday morning in a very serious condition. She is now expected to recover.

Mrs. Theodore Barnum and his little daughter are in Stevenson Wn. visiting Mrs. Barnum's parents this week.

Mr. and Mrs. Luther McGinnis of Spokane visited here Thursday for a few hours. Mr. McGinnis is a nephew of Mrs. R. J. Ginn and his wife is a daughter of W. J. Kerr.

**CHURCHES**

**Community Presbyterian Church**  
Sunday School 10:00 a. m.  
There will be a short Children's Day program.

**Morning Worship 11:00 a. m.**  
Subject: "Youth's Increasing Crime". What is wrong with the home the movies, the school, the church. Youths of nineteen or less make up the bulk of American criminals. Crime costs the nation as much as its schools. There are as many criminals as students in colleges and universities. Who is to blame for this shame of the nation?

**Evening Service 8:00 p. m.**  
Subject: "Weighed in God's balances".

Next Sunday is Children's Day and especially invited.  
**National Fathers Day.** All fathers "Remember now thy Creator in the days of thy youth, when the evil days come not, nor the years draw nigh when thou shalt say I have no pleasure in them." Ecc. 12:1  
Everybody always most welcome.

Allan A. McRes, Minister.

**Christian Science**  
Subject: "Is the universe, including man, evolved by atomic force?"  
Golden Text: Isaiah 48:12, 13. Hearken unto me, O Jacob and Israel, my called; I am he: I am the first, I am the first, I am also the last. Mine hand also hath laid the foundation of the earth and my right hand hath spanned the heavens: when I call unto them they stand up together.

All are cordially invited to attend the church services and to make use of the reading room in the rear of the church building, which is open daily where all authorized Christian Science literature may be read, borrowed or purchased.

**The Full Gospel Assembly**  
Sunday School 10:00 a. m.  
Fellowship Meeting 11:00 a. m.  
Everybody welcome.

(Grass Valley)  
**Baptist Church**  
Rev. M. S. Woodworth will be with us on Thursday evening at 8 P M and will preach. He will hold services each evening until Sunday and will preach at both services on Sun-

day. All are cordially invited to attend these services. Come and hear him.  
S. L. Boyce, Minister.

**WASCO CHURCH**  
Dear Friends of our Church School This is just a word of explanation about the new organization of our school.

This Sunday all classes convene at 10:00 o'clock. Take all primary children to the parsonage. They will be taken care of until the parents call for them.

The Junior and intermediate classes will go to their class rooms in the basement.

The High School class will meet in the small southwest room upstairs. Adults have signified a desire to start two or three classes and will meet in the east room upstairs next Sunday.

Church School 10:00 A. M.  
Church Worship 11:00 A. M.  
Epworth League 7:30 P. M.  
Walter Warner, Minister

**New Law May Affect Wheat Immediately**

Additional preliminary work which included further appointments and some informal advance hearings with representatives of the various commodity groups, marked the progress made this past week in getting the new federal farm act into effect, according to a review of information received direct from Washington made by the Oregon Extension service.

Probably the most significant event to Oregon's farmers is the outcome of the preliminary conference of representatives of the nation's wheat industry which was presided over by M. L. Wilson, wheat production administrator. Reports from that meeting are that there is considerable likelihood that the domestic allotment plan as effecting wheat will be put into effect in time for this fall's seeding of wheat.

Though the farm act administration has been firm in emphasizing that it is not yet committed to any particular plan, the advocates of the voluntary domestic allotment plan, headed by M. W. Thatcher of the Farmers National Grain corporation

were given prominence in reports of this informal hearing. Thatcher proposed that payments to farmers be made this season on agreement to reduce fall wheat acreage for the 1934 crop, and that a processing tax to finance such payment be effective August 1.

Should this proposal be adopted it would mean that farmers who would agree to reduce acreage to the determined amount would be given advance benefit payments from the special fund provided in the bill in advance of the collection of enough processing tax money to finance the plan that early. This was part of the advance plan of the sponsors of the bill who felt that the stimulus of increased farm purchasing power should precede the collection of the processing tax.

The theory on which the domestic allotment plan is based is that it is necessary to reduce wheat production in this country to a level equal to the domestic demand plus the probable export outlet. Without some machinery to insure general adherence to such a reduction plan it cannot be put into effect except through the long and painful process of survival of the fittest.

The new farm act provides machinery whereby the amount of necessary reduction will be determined and then each state, county and finally each wheat grower will be "allotted" a share in the necessary production based on past average output.

A farmer then will have the opportunity to agree to cut his acreage down to the proposed amount and in return will be paid enough excess over the market price for his remaining harvest to boost his return per bushel to the pre-war exchange value of wheat. A farmer who refused to sign such an agreement would continue to receive only the general market price which, as now, could be subject to the influence of world conditions. Thus the plan is to bring about acreage reduction by making it profitable for the farmers generally to enter such voluntary agreements and unprofitable for the "individualist" to remain outside.

**SCHOOL DIRECTORS**

Continued from page one. and has four children, two boys who finished Moro High School this year

**Notice of Annual School Meeting**

NOTICE IS HEREBY GIVEN to the legal voters of School District 17 of Sherman County, State of Oregon, that the ANNUAL SCHOOL MEETING of said District will be held at the School house, to begin at the hour of 2 o'clock p. m. on the third Monday of June, being the 19th day of June, A. D. 1933.

This meeting is called for the purpose of electing one director and a clerk and the transaction of business as usual at such meeting.

Dated this 31st day of May, 1933.  
D. E. Stephens, Chairman.  
M. E. McKee, Clerk.

**BASEBALL**

(Continued from page one)

There is a possibility that some outfielder caught a ball during the afternoon but the remembrance of it does not occur at this moment. Most of them were missed and chased while everybody ran around.

Grass Valley had the lead by a wide margin until Antelope began to score late in the game and as they made four or five to an inning it caused the local boys some worry to keep ahead.

The score, as before mentioned was 17 to 8, and the hits and errors will be added up during the week after the score keeper has oiled and adjusted his adding machine.

STARRING JOAN BLONDELL

ALWAYS A FAVORITE

Moro Oregon

and a boy and a girl still in high school in Moro. Mr. Belshee has five children, two boys attending The Dalles High School and three girls in the Harmony school.

Candidates in the fourth zone are V. B. Eakin and Karl Eaton. Mr. Eakin is a large farmer in the Rutledge neighborhood and is the father of eight children seven of them boys. One finished the Grass Valley High School this year another is still attending and a young daughter is still in school at Rutledge. Karl Eaton lives on a farm in the Buckley district, has three children, two being in grade school in Grass Valley. He is a graduate of Oregon State College.

Zone 5 is represented by but one candidate, Frank von Borstel. He is a farmer and has two sons both still in grade school in the Liberty district. He was a student at Oregon State College.

This personal information is believed to be correct and is given in order that voters may have something about the candidates.

**Winter Wheat Prospects Improve Slightly**

Prospects for winter wheat in the United States improved slightly during May and private estimates June 1 indicated an outturn about 20,000,000 bus. larger than the official May 1 forecast. Harvesting has already begun in Texas and the first car of the season arrived at Fort Worth June 1. This car graded No. 1 hard winter with 13.3 per cent protein. Spring wheat made good progress during the week with weather and soil conditions unusually favorable. The June 1 condition according to trade agencies indicated a spring wheat crop somewhat above the 1932 harvest but it is yet much too early to determine definitely the final outturn.

Spring seedings in Canada are promising. Soil moisture conditions are particularly good, possibly the best since the record crop of 1928. Early seedings are well above ground and growing rapidly but many reports of reduced acreage would seem to substantiate the 5.6 percent decrease indicated by farmer's intentions as reported May 10. Russian spring seeding is progressing rapidly and is well ahead of any other recent year, including the exceptionally good crop year of 1930. The acreage of all spring grains sown to May 25 was placed at 176,000,000 acres, compared with 160,000,000 acres to that date a year ago. The condition of Russian winter wheat exporting regions adjacent to Black Sea ports is average or above.

European crop conditions continued favorable. The French total wheat acreage is placed at 13,321,000 acres compared with a final figure of 13,234,000 acres in 1932. The condition of the crop May 1 was well above average and the best for that date in the past six years. Some deterioration occurred, however, during the latter part of May and trade estimates of the crop range from 296,000,000 to 312,000,000 bus. as against 331,000,000 bus. produced last year. The carryover of old crop wheat, however, is expected to be well above normal as a result of the government's storage policy and this may largely offset the prospective decrease in the crop. Prospects in Italy indicate an outturn slightly under last year's record harvest. Dry weather has lowered crop prospects in southern Italy and also in Spain. In countries if northwestern Europe conditions are generally favorable although the crop is somewhat late.

The Indian wheat harvest has been completed under generally favorable conditions with yields somewhat above earlier expectations. The outturn is now placed at 347,000,000 bus. or about 10,000,000 bus. over last seasons harvest. The quality is generally reported good although rains during harvest damaged grain in some areas. The Indian tariff duty of 39 cents per bu. has been extended for another year in order to maintain local prices but imports for milling for export are exempt from this duty.

**WASCO CELEBRATING**

Continued from page one. the speaking program.

The big second day feature will be the rodeo which is under the direction of Dick Schunke and Ken Wood. The contests are open to any resident of Sherman county. Substantial cash prizes will be offered in the bron-

riding and there will also be calf roping and wild steer rides. Carl Everett and George Wilkerson will provide the wild ones for the leather pullers.

Provision is being made for the small boys to shoot their firecrackers and a concession or carnival company will be secured for the two big days. The fight card is of unusual merit. Members of the celebration commission are as follows: Wm. Reid, chairman, H. Richeiderfer, finance, Avery Martin, fireworks, H. E. Hurt concessions, George Moon, dances, Jack Tomlin, baseball, Wm. McKean sports, Joe Mee, speaker and program, Dick Schunke, barbecue, Kenneth Wood, rodeo and Loren Hull, advertising.

**WOMEN'S CONTRIBUTION TO THE MOTOR CAR**

There is some doubt that people care to hear very much about what goes on under the hoods of their cars. The driver knows that "driving qualities" are not accidental; they are put there. How the manufacturer creates or evolves those results may not interest him. He judges entirely by the results he gets in driving.

Well, it is not essential to talk "shop"; let us talk Results. Smoothness. Drive the Ford V-8 and you will find that the engine runs with surpassing smoothness, due to its design and the extra precise methods of its manufacture.

Power. There it is, 75 horsepower (we could say 80) at the drive-shaft for the driver's use. With less weight to pull around, the mettle of this car—its life-like response—is rather remarkable.

Economy. Our V-8 develops more power on a gallon of gasoline than any car we have made. Mileage is partly a matter of individual driving, but under average conditions the Ford V-8 does 17 to 20 miles a gallon. Of course, car economy is not only a matter of fuel. Ford V-8 has that too, but it is also economical in the complete sense—initial cost, operation, maintenance.

Appearance. This is woman's contribution. The motor car must not only be useful, but also good-looking. View the Ford V-8 and you will not need our comment on its fine appearance.

Comfort. This also is woman's concern. In 30 years she changed the motor car from a wagon to a coach. Comfort is a quality made up of numerous ingredients. There is no comfort without a quiet, smooth-running engine. We have all the other ingredients too—color, good taste, quality, ease, safety, roominess and convenience.

*Henry Ford*
