Town Talk

Baby Chicks: Leghorns, Reds, Rocks. Order now for early fall layers. Custom hatching 2 cents per egg. Wilcox Hatchery, Mosier.

Hatching Eggs: White Leghorns, reasonable. Cash or trade, order now. Mrs. W. E. Bruckert, Mrs. H. H. White, Klondike.

For Sale: 2 No. 8 McCormick Deering 16 inch 3 Gang Plows. New \$60 each. Steel Harrows, 35 tooth sections, \$5.00 each. One No. 14364 D. R. G. Draper, new, \$20.00. Roy Atwood.

R. B. Ferguson, automobile dealer of Heppner, brought a new car here Wednesday afternoon for delivery to the county agent as the state furnishes cars for public use.

Ed C. Cofer, who has been holding revival services here the past two weeks concluded his work here Sunday night.

The women who were making the survey of farm home conditions in this county finished Saturday and left for their homes the following day. Contractor Ramsey is still working on his part of the project which is to determine the amount of material and work necessary to put the homes in modern conditions.

Captain Hall will not be here to talk at the Community church next Sunday as was announced at a previous service.

J. R. Johnson, county treasurer of Wasco county, George Obarr, and W. H. Barr all of The Dalles were business visitors here Monday.

Eva Miller, freshman at Albany college, is listed among the honor students for having done superior work during the first semester. Eva is the younger daughter for Mr. and Mrs. W. C. Miller.

Miss Dorothy Foss an honor student was initiated last Wednesday evening into Epsilon Beta Pi sorority, highest scholastic honorary on the state normal campus at Monmouth.

Rev. Ed C. Cofer conducted a well attended gospel service at Harlandview Grange Hall Tuesday night. Rev. Chester Northrup of Astoria, was among those present.

On February 20, at 8 p. m. at the M. E. parsonage in Camas Lolo Tucker of Camas, Washington, and Clarence Pond formerly of Cape Vincent N. Y. were united in marriage. Accompanying them were Effie Clark and Theodore Slotower. The Rev. Robert Smith performed the ceremony. Mrs. Pond is the daughter of E. J. Tucker of Camas, Washington. Mr. Pond is the son of Mr. and Mrs. Arthur Pond of Cape Vincent, N. Y.

J. B. Adams and W. S. Powell attended the quarterly meeting of the Gilliam-Wheeler Pomona grange at Mayville last Saturday.

The Kent American Legion will give a dance on St. Patrick's day, March 17, Saturday at their hall in Kent. Admission will be .40 and .25 cents.

Steve Yancy arrived this week from Prineville with a string of horses which will be sold at the fair grounds Saturday with George Gochnor as auctioneer.

E. R. Jackman was here Wednesday and Thursday to aid county agent Johnston with some of the agricultural work.

Roy Powell and Perry Johnston drove to Yakima last Saturday to purchase an Aberdeen-Angus calf for Ronald Powell's club project.

Grangers of Sherman county will hold a Pomona meeting next Saturday as guests of the Harlandview grange.

Mrs. A. M. Young accompanied J. B. Adams to Portland Sunday for a visit with relatives in that city.

Miss Marjorie Ginn is visiting in Camas, Washington this week.

Postmaster George Bourhill has been slightly under the weather this week with a case of lumbago.

Principals Hughes and McCulloch joined with Principal Walker and Superintendent Knighten in a school masters conference here Tuesday night.

John Gavin, attorney from The Dalles was a business visitor in Moro and Wasco Tuesday morning.

Willard Hawley spent a few days here last week from Clatskanie where he is running a ranch.

Notice of the coming arrival of some more allotment checks was received this week at the county agents office. It is expected that \$14,630.80 will be in the hands of the wheat growers before long. Another such sum will complete the county's first payment under the AAA.

Senator J. P. Yates was a visitor at the court house Thursday afternoon from Wasco.

Harry Horner of Hood River came through town Tuesday on his way to Kent. He was moving Marvin Howell back to Sherman county.

CARD OF THANKS

We take this means of expressing our heart felt thanks to those, kind friends and neighbors who gave their time and assistance during the illness and death of our mother, Mrs. B. F. Medler.

The Medler family.

MORO SCHOOL NOTES

After leading Kent through three quarters of the game the Moro boys team defense weakened allowing the Kent basketballers to drop several baskets in while the Moro boys seemed unable to connect. The final score was 20-16.

The Moro girls added another victory to their list Friday night when they met the Kent team on their floor. The Moro girls started scoring first and maintained the lead through out the game.

After the games the Kent High school entertained M. H. S. with a dance held at the Grange Hall.

Miss Thompson was absent from school last Wednesday and Thursday because of illness.

Another thing has been added to the M. H. S. collection and was hung in the library Tuesday afternoon. It is nothing more than an old and queer-looking gym suit.

The band is practicing and getting ready for the concert that is to be given in April. In addition to the concert there will be a vaudeville.

The purpose of the concert and vaudeville is to buy uniforms for all the members of the band.

Due to scarlet fever in Rufus the games scheduled previously are to be played Thursday, March 1, at Rufus and Saturday, March 3, at Moro.

Farm Prices Expected To Rise With Food

Continuance of the upward trend in the general level of food prices will tend to strengthen farm markets, but the situation nevertheless does not justify increased production of most crops, says the annual outlook for spring sown crops and vegetables just released by the Oregon Agricultural Extension service. The report covers wheat, feed grains, hay, flaxseed, beans, clover seed, hops, potatoes, vegetables and melons, and other commodity outlook notes.

The situation needs watching with respect to hops and onions especially, with the market outlook for wheat, feed grain, potatoes and beans not too good. The outlook for flaxseed, corn and berries was said to be fair, with the poultry and sheep industries getting along better than dairy, beef cattle and hogs.

The report contains Oregon farm indexes for the major farm commodities by years since 1910. In percentage of the 1926-1930 average the farm price of eggs in Oregon on January 15 was 53, butterfat 36, beef cattle 37, hogs 36, lambs 49, wool 81, wheat 53, oats 62, barley 54, hay 77 and potatoes 56.

With the index of prices paid by farmers at 116-per cent of pre-war and the general average of prices received at 70, farm purchasing power was 60 per cent of pre-war in January compared to 50 a year ago, says the circular. The purchasing power of eggs was 55 per cent of parity, butterfat 53, beef cattle 55, hogs 37, lambs, 51, wool 119, horses 44, wheat 68, potatoes 95 and apples 80. A copy of the complete report may be obtained from any county agricultural agent.

Production Credit Associations Start

The organization of production credit associations covering every county in Idaho, Montana, Washington and all but a few counties in Oregon, has now been completed, according to a statement issued by S. M. Garwood, Production Credit Commissioner of the Farm Credit Administration.

Idaho, Montana, Oregon and Washington comprise the 12th Farm Credit Administration district. All the production credit associations in the 4 states are capitalized and supervised by the Production Credit Corporation of Spokane, Washington.

Although 31 associations have been organized and chartered in the four states, and there two remaining associations in Oregon now completing their organization. Each association covers from 2 to 5 or more counties. Their total authorized capital is \$7,510,000, about 75 per cent of which will be paid in, as needed, by the Production Credit Corporation of Spokane. This will enable the associations to obtain discount privileges with the Federal intermediate credit bank of Spokane and begin making loans immediately.

adequate security. Each borrower purchases 5 per cent of the amount of his loan in voting stock of the association.

Production loans will ordinarily run from 3 to 12 months, with maturities coinciding with the marketing period of the crops or livestock finished. Loans on breeding and dairy cattle may extend longer, but in no case beyond 3 years.

In the entire United States, according to Mr. Garwood's statement, more than 600 production credit associations have been organized and chartered in the 48 states, and cover 34 states completely. Their total authorized capital is over \$63,000,000.

WHEAT

Continued from page one.
period last year. North American shipments have totaled only about 130,000,000 bushels compared with 190,000,000 bushels a year ago. Shipments from other areas since the first of August have been slightly larger than last season, with increases in Russian and Danubian shipments more than offsetting decreases in exports from the Southern Hemisphere. Southern Hemisphere shipments since the first of January have been more than 30,000,000 bushels below exports for the corresponding period last season. Supplies remaining for export and carryover in the Southern Hemisphere at the first of January were about 33,000,000 bushels less than a year ago, instead of 70,000,000 bushels as incorrectly reported last week. With the reduction in exports since the first of January however, Southern Hemisphere supplies are now apparently about the same as a year ago.

CONTRACTED ACREAGE

Continued from page one.
sale or other disposal of wheat must be kept for 1934 and 1935. Selling or trading in of flour on which no processing tax has been paid will constitute non-compliance with contract. Grower cannot withdraw from contract if he has signed for check. Every farm under contract will be inspected before harvest and inspectors report must be filed with the wheat section A A A before next year's payment can be made. The responsibility rests with the grower and the allotment committee should be asked about anything considered doubtful.

List of Books Received By Moro Library

Traveling Library No. 13 D
Alcott, Rose in Bloom; Aust and Hnkinson, The Rock Garden; Batchelder, Peggy Stories; Bower, Swallow-fork bulls; Bowman, Peeps at children of long ago.

ALLIS CHALMERS Again Sets The Pace

In announcing the ALLIS-CHALMERS OIL TRACTOR we introduce an entirely new principle in tractor engines. We use a Diesel fuel pump to inject the cold charge with cold air and ignite it with a spark. We do not depend upon compression for ignition, but use the time tried magneto.

This engine operates with less maintenance cost because the internal pressures are less than one-third those used in the compression type.

With confidence we offer this engine, knowing that it will do more work at less cost than any other tractor engine.

This engine burns satisfactorily all fuels that are suitable for use in solid injection Diesel engines of the type used in tractors and other automotive equipment.

The A-C Oil Engine starts easily by hand crank, no "switching over" is necessary.

Prices Will Surprise You
