

OREGON STATE NEWS OF GENERAL INTEREST

Partial Resume of Happenings of the Week Collected for Our Readers

Gold Hill—Depositors of the Bank of Oregon State bank will soon receive the fifth and final dividend of 15 per cent. on claims against the savings department.

Astoria—The last cent of the bonded debt of Astoria will be paid off April 1. In 1914 the city made a bond issue of \$400,000 for highway improvement.

Eugene—Fifteen Chinese pheasants, all snow birds, have been killed by a dog at the Eugene state game farm. The birds were valued at \$200 and included 12 hens and four cocks.

—Out of a total of 33 school districts in Lane county eligible to receive funds under the education relief act, 14 have made application to the county superintendent.

Eugene—Lane county banks will pay the county one-fourth of 1 per cent. on deposits of \$1,000 or more, according to an agreement with the county court. This will bring the county about \$150 a year.

Astoria—The city charter revision committee of Astoria has rejected a proposal to adopt a commission form of government with a paid mayor as executive, but will recommend the merging of appointive offices.

Klamath Falls—William Kittling, ranch owner of the great Klamath marsh, reports that more than 15,000 turkeys will be raised on the marsh this year. They will fatten on grass-hoppers and the myriad of other insects.

Salem—During the present month the game commission, according to Matt Ryckman, superintendent of hatcheries, has liberated 310,000 four-inch rainbow trout. Approximately 225,000 were liberated in the Deschutes river.

Astoria—Editorial comment by Oregon newspaper editors throughout the state reveals that support of the Tongue Point naval base is not only statewide, but energetic, was the conclusion reached by the local Tongue Point naval base committee.

Eugene—One of the largest movable construction stages on the Pacific Coast has been built at Eugene to be used by workmen in placing a new ceiling at McCurtain Court. The staging is 90 feet high from the floor and works on rollers.

Williamina—Rex D. Horton has been reelected principal of the Williamina schools. The present teachers also have been reelected for the coming year. According to a report of the school board, Williamina will not need federal relief for its schools.

Eugene—Persons who are receiving a county pension of those who have private work bringing them an income are not entitled to the government subsistence garden seeds, according to O. E. Brown, secretary of the Lane county relief committee.

Sherwood—The old German Evangelical Lutheran church at Sherwood, together with the parsonage and barn, is being dismantled. The material will be put into a farm home. The building is one of the first churches erected in Sherwood.

Baker—Only four school districts of Baker county have taken advantage of the opportunity to secure federal funds under the educational relief act, according to Mrs. Maybelle H. Romig, county school superintendent. The districts are Whitney, Corvallis, Sumpter and Union High of Hereford.

Blooms Jostle Spring Eugene—First Lane county rhododendrons of the season were brought to Eugene from the Florence section on the coast. These flowers seldom bloom in this section before May 20.

Sawmill to Employ 30 Joseph—McKinley sawmill, on the outskirts of Joseph, will probably start running about April 1, giving employment to approximately 30 men. A. M. McKinley, owner, plans to cut 3,500,000 board feet this season.

Quicksilver Mine Producing Redmond—Twelve persons are employed at the Mother Olds quicksilver mine, which started operation a few days ago. C. W. Washbaugh, operator of the mine, reports. He said the advance price of quicksilver would cause one of the mines in the Blue mountains to start operation.

Treasurer's Call Will Mean State Cash Basis Salem—State Treasurer Rufus C. Holman, issued a call for all outstanding unpaid general fund warrants, \$535,363.64. The call, effective Wednesday, will place the state of Oregon on cash basis again, lacking two days of a year when first warrants were registered.

POLITICS (Continued from page one)

nation while Jay Upton of Bend and Judge Graham of Malheur county will vie for the republican banner. The major race will be in November when one of the republicans will try to oust Mr. Pierce.

Goiter Old And Dangerous Ailment

Goiter is one of the oldest diseases known, affecting children and grown ups, especially girls. But only during the last twenty years have we been getting at the exact cause of this disease and working out practical methods of prevention.

It is more common in certain parts of the country, sometimes called goiter districts. Simple goiter is an enlargement of the thyroid gland, which lies in the front of the neck, and normally is too small to be seen.

We now know that this enlargement is due to a lack of iodine. There are periods when goiter occurs more frequently, as during the years of from twelve to sixteen, during pregnancy and also during or following any chronic or severe infection.

The work of the thyroid gland is to keep growth and development at a normal rate and at these times the amount which the thyroid gland is called upon to do is greatly increased.

This enlargement of the thyroid gland shows by a swelling in the front of the neck. You may suspect the presence of goiter in your self or in your children when you can see a lump in the front of the neck which moves up and down on swallowing. Prompt treatment would cure most cases but all could be prevented.

The secretion of the thyroid gland is necessary for normal growth and development. The important thing in this secretion is iodine. It has been often proved that if the thyroid has iodine so that it can produce the needed secretion, it will not enlarge (or form goiter); but if there is a lack of iodine in the body, the thyroid enlarges in its effort to secure it.

Goiter may injure the mind as well as the body of the boy and girl in school. It slows normal growth, is sometimes found with dwarfism and feeble-mindedness. If allowed to grow, an operation may be necessary or it may lead to cancer of the thyroid, or very serious poisoning and nervous conditions. It is then no longer "simple" goiter, but a grave disease, sometimes causing death.

A small amount of an iodide once a week through the periods when most needed will prevent goiter. Therefore, in preventing it in the schools in many cities, each child is given once a week, a chocolate iodine tablet. This is so prepared that it tastes like good chocolate candy, yet contains enough iodine to prevent goiter.

We salt is also being widely used as a general goiter preventive. The simple and efficient method of preventing it before it appears should be known and practiced under the doctor's direction in every home or school in districts where goiter is common. Any one with actual goiter should not start treating it with any form of iodine without the advice of his or her physician.

GRUNOW says "LOOK INSIDE BEFORE YOU Buy!" The kind of refrigerant used in your refrigerator is important. Carrene, Grunow's exclusive refrigerant guarantees complete safety. In addition, it guarantees silent, smooth and economical operation of the refrigerator. You can taste it, see it, smell it and hold it in your hand.

Jefferson Wheat Men Needn't Sow

Jefferson county wheat farmers will have an opportunity to realize on the crop insurance feature of their wheat allotment contracts as the result of recent acceptance of that county as an area where planting of wheat this year would in many instances be of no benefit.

The wheat contracts obligate the grower to plant at least 54 per cent of his base acreage to qualify for full benefit payments unless the grower is located in an area recognized by the wheat administration as unfit for planting by reason of drought, floods, storms or other "act of God."

After careful inspection of conditions and on the plea of Jefferson county residents, Paul V. Maris, director of extension, recommended that Jefferson county be so designated. Approval of the recommendation has just been received from Washington.

This does not mean that all growers in the county as a whole will automatically be relieved of the necessity of making the 54 per cent planting. Each individual grower must make application for exemption through his allotment committee. In case a grower's application is approved by the committee and at Washington, he will receive his full benefit payments just as though he had produced a crop.

It is pointed out that any grower with reasonable chances for a crop will probably make more by planting, but the ruling does avoid the waste of having seed thrown away in meeting technical requirements when there is no possibility of a crop.

Trained specialists who have examined the region found that the soil was so dry near the surface as to preclude adequate germination, and that the deeper soil moisture is so meager to make a crop if it did come up.

prize, Olive Robinson guest prize and low scores made by Mrs. John McDermid and Mrs. Bruce Grady.

Mary Jeanette Sargent entertained a number of the younger set at her home last Saturday night with 5 tables of 500 and high scores for the evening were made by Dana Jean McMillan and Nyal Grady and low score was made by Malcolm Guy.

Nyal and Ed Grady came up from Portland Friday and spent the week end with their parents.

Melvin Walsh of McMinnville spent the past week with his parents Mr. and Mrs. Louis Walsh.

Mrs. William Reid came over from Yakima to spend Sunday with Mr. Reid.

The Ladies Aid of the M. E. church met on Thursday at the home of Mrs. Proudfoot.

Mr. and Mrs. Robert Manning and James spent the week end at McMinnville with relatives.

Mr. and Mrs. Fred Fortner spent Sunday at Condon at the L. J. Lucas home.

Harry Richelderfer and Mr. and Mrs. Leo Watkins and son spent Sunday at Glenwood with relatives.

Last Wednesday Mr. Huc, president of the Farmers National Grain Corporation met with the locals at Wasco. Representatives from Goldendale, Arlington, Condon, Grass Valley, and Moro. The objective of the meeting was to explain to the locals how they might secure the warehouses belonging to the Farmers National.

Mr. Huc was accompanied by R. M. Rice and Mr. Baer of the Pacific division of the Farmers National at Portland and Chas. Cook of the North Pacific Grain Growers Inc. of Spokane.

The Tuesday Study Club met with Mrs. Alma Fridley a paper on "Salem" was given by Mrs. Fridley and one on "Ballooning in the Stratosphere" by Mrs. Scholl.

The Tillicum bridge club met on Friday at the home of Mrs. Morrow.

Mrs. Ed McKee entertained the Contract Club at her home last Wednesday with dessert luncheon followed by contract bridge. Mrs. Bruce Grady made high score. Mrs. Fred Fortner and Mrs. Bernis Guy were guests of the club.

Mrs. Guy Andrews entertained 6 tables of bridge last Thursday and Mrs. Art Barzee won club

W. H. Lee with Mrs. Smith and Mrs. Morrow as joint hostesses.

The Altruistic club of the Pythian Sisters met on Friday with Olive Robinson.

Marie Andrews spent the week end in Portland with relatives.

Victor Anderson and Mrs. Hil-dred Zell were in Portland last week end.

Mrs. Frank Betts of The Dalles spent last Sunday with her parents Mr. and Mrs. W. A. Spencer.

Mr. and Mrs. F. L. Barnett were in Portland last week visiting Mr. and Mrs. Tilbert Barnett.

Mr. and Mrs. O'Meara had the C. W. Johnson family as dinner guests last Sunday the occasion being the birthday of Mrs. O'Meara and Mr. Johnson.

Last Friday a number of ladies met at the home of Mrs. Ed McKee and organized a Garden Club. Officers elected were Mrs. McKee, president; Mrs. Fortner, vice president; Mrs. Hugh White, secretary treasurer. They will study flowers and gardens and any one interested may become a member, the dues being 50 cents per year.

The club will meet the 2nd and 4th Tuesdays of the month. However, the meeting next week will be on Monday afternoon at the home of Mrs. Root.

Mr. and Mrs. Art Barzee spent Saturday and Sunday at Fossil.

Mrs. L. P. Haven entertained 5 tables of guests at her home last Wednesday at dessert luncheon followed by bridge. Mrs. Root made high score and Mrs. Lee second. Again on Thursday she entertained and Mrs. Hurt received high honors and Rosemary Walker second.

Mr. and Mrs. James Laidlaw and son of Salem spent the week end at the home of Mrs. Frank Morrow.

Dr. and Mrs. Butler spent last Thursday in Portland.

Mrs. Floyd Ford of Portland is visiting at the Tate home.

Mr. and Mrs. E. W. McQuillan spent the week end at Kelso with Darrell.

Mr. and Mrs. C. H. Sundby and two sons and Miss Ritha James all of Portland spent Saturday and Sunday at the Otis Royce home.

Miss Veda Alexander of The Dalles was a week end guest at the John Royce home.

Mr. and Mrs. John Royce had as their dinner guests last Sunday Mr. and Mrs. Bernis Guy and family, Mr. and Mrs. Otis Royce, Mr. and Mrs. C. H. Sundby and sons, Miss Ritha James all of Portland and Miss Veda Alexander of The Dalles.

Mr. and Mrs. Bruce Grady and family spent Sunday at Goldendale with Mr. Grady's mother and sister.

Mrs. Ormand Hildebrand spent several days in Portland this week.

Mrs. Mae Murchie returned to Seaside last week after spending some time in Wasco.

Mr. and Mrs. Lynn Michael and family of Portland and Mrs. Margaret Johnson with guests last week end at the home of Mrs. J. H. Johnson.

Mrs. Walter Warner is spending several days in Portland.

Frances Watkins is out of school this week with the measles. Several other pupils are out of school with the same malady.

The American Legion Auxiliary had their district convention Wednesday at the Sherman Hotel. Two of the state officers were present and a good crowd attended the meeting.

Miss Winifred Fortner is the news reporter for The Dalles Chronicle now.

4-H Club News The Moro Beef Club was organized March 3 by Mr. Henry Barnum. There are six members in the club. So far there has been three meetings, all of them were held at the court house. At the first meeting officers were elected: President, Paul Fraser; Vice-president, Gordon Fraser; Secretary and Reporter, Ronald Powell. At this meeting our leader gave us material to study. We also had moving pictures on beef judging. The second meeting was held March 17. This time we saw pictures comparing burch grass and crest wheat and showing how the latter grew. Mr. Ovegan explained each picture as it was put on the screen. At the close of the meeting the members exchanged material to be studied. The third meeting was held March 31. The members again exchanged material and discussed their problems with Mr. Barnum. It was decided where the next two meetings would be: On April 6 the club will meet at the Tom Fraser ranch, and on April 13 at the Roy Powell ranch. At these meetings the members will learn

the principals of stock judging. Ronald Powell.

The Grass Valley High School Cooking club met April 2. A vegetable salad was demonstrated by Eunice Noyas and Greta Russell. Everyone said it was good. Eunice and I thought so too but of course we didn't say so. Marjorie Blake and Vere Pike will demonstrate at the next meeting.

Two members were absent from this meeting—they were Marjorie Blake and Vera Bayer. It is really a pity they couldn't have had, some salad.

The G. V. H. S. sewing club met last Tuesday. All were present except the leader, Mrs. Wilcox, but the president Dorothy Calkins took charge and the sewing class progressed splendidly. Greta Russell.

The Kent Chick-a-dee Chicken club met for its fourth meeting. Catherine von Borstel and Virginia Helyer gave a very interesting report "How to feed for egg production" and Why we feed chickens grit." Merrill Sather and Eugene reported on housing and how to feed baby chickens. Some of the reporters seemed to have counted their chickens before they were hatched, but before it was finished their report proved very interesting.

The Chick-a-dee Club was invited in Mrs. George Wilcox's room for a debate, which was attended by three members besides the group in her room.

The vice president appointed Bertha Helyer and Merrill Sather for reporters in our next meeting which will be next Monday. Bertha Helyer.

Another interesting meeting was held by "The Merry Makers," Kent high school cooks last Friday March 30, at the home of Clarice Mitchell.

The meeting was called to order by the president, Clarice Mitchell and the regular procedure of business was followed. At the close of the meeting Clarice Mitchell and Phoebe Lyons demonstrated an egg dish.

The dates of our banquet and afternoon tea are not as yet definitely set.

At our next meeting Bertha Helyer and Phyllis Haynes will demonstrate the making of a fruit salad. This meeting will be held at the home of Phyllis Haynes. Virginia Helyer.

The third meeting of the Katty Kanners was held April 3, at the school house with all members present except Bertha Helyer.

Virginia Helyer and Anna Sather are hard at work on the club by-laws. They are taking a long time at them so they ought to be good.

Someone announced that Miss Cowgill will be in Kent on Friday, April 13, to give a talk to the club members and the leaders of 4-H clubs.

Phyllis Haynes is to give her talk next meeting as she thought it would be better by then. Why does she keep us in suspense?

The club is hoping to do something interesting later on. We plan to have some canning demonstrations.

"Dorothy's Kitcheneers" is the new name for Mrs. Dunlap's cooking club. The girls met last Thursday after school and Edna McKay and Helen Sather demonstrated potato salad and sandwiches. The girls have all memorized the club pledge and recited it before sitting down at the table. Helen Wilson and Mrs. Dunlap were appointed on the committee to make out the program of meetings for the remainder of the year. Anita Dunlap and LeVina Barnett will demonstrate cake making on Thursday of this week.

The Forestry Club held its second meeting last Thursday at the school house Corliss Andrews, leader, passed out the books and read over some of the material about tree care and how to make out the report books. Mr. Andrews suggested that we have an outdoor meeting a week from Sunday when Mr. Johnston could be present and that we go around to the members homes and see the trees.

We were all very delighted when our leader told us that for our field trip they are planning to take us to the CCC camp near Friend to spend the night. The purpose of this trip is to study trees and shrubs close-up instead of from pictures.

The Camp Cookery Club met last week at Eugene Norton's home. They planned to have a country hike but it rained so they have postponed it until some later date.

Miss Helen Cowgill, assistant state club leader, will be in Kent on Friday the 13th to meet with the leaders and members and to answer questions on the projects.

The CFS Cooking girls held their regular meeting at the home of Nellie Wilson on Wednesday. They were served with cookies and sandwiches. Mrs. George Wilson leads this club. Margaret Dunlap.
