Town Talk

For Sale: Feeder pigs from 100 to 150 pounds. H. B. Belshoe. 2F5. Moro, Oregon.

For Sale: Two heaters. One coal and one coal and wood. Mrs. Acres. Inquire at the Oveson home.

For Sale: 500 Pine and cross-bred ewes. Age 4, 5, and 6 yrs. J. N. MacInnes. Kent.

Mrs. Lillian Page, wife of H. A. Page, former business man of Moro, died in Portland September 19. She was a daughter of Justice Meador one of the first justices to be appointed in the Moro district.

Sunday school will be held at 2:00 o'clock next Sunday October 7th, at the Harlandview grange hall. At 3:00 o'clock Rev. Weibel will deliver a sermon. This takes the place of the usual ten thirty Sunday school hour.

Mrs. W. F. Jackson came up from The Dalles Sunday to spend a few days visiting friends in Sherman county while Bill is up in the mountains after his annual deer.

Mrs. A. M. Wright was taken to the hospital Wednesday suffering from gall stones. She has been ill for several days and her condition is considered grave.

Miss Marjorie Kunsman returned agent's office Monday after spending a vacation in Klamath Falls and other points. While in Klamath she was the guest at several social affairs arranged by her sister in law, Mrs. Carl Tompkin. Among the events was a dinner, a dancing party and a trip to Crater Lake.

Word was received Thursday morning by Perry Johnston, county agent, that the wheat contracts sent in from this county have been passed by the wheat section and are now in the hands of the government auditors who will check them. After this operation they will go to the division which writes the checks and the farmers will receive their final 1933 payment.

The Rev. Mr. Snider visited at the Ginn home this week from Los Angeles.

A carrot that has grown thru the metal spring of a clothes pin was brought into the office by R. J. Ginn today to add to the number of nature's oddities.

Joe Ritner is the new mechanic at the Platt garage.

James Tomlin, who was at the Wasco county home for a few days has been taken to Klamath Falls by his sons Carl and George and will remain there.

Harry Dalby of Portland spent the week end here.

E. E. Barzee returned to Moro last week end after a vacation spent at Newport. Mrs. Barzee returned with him.

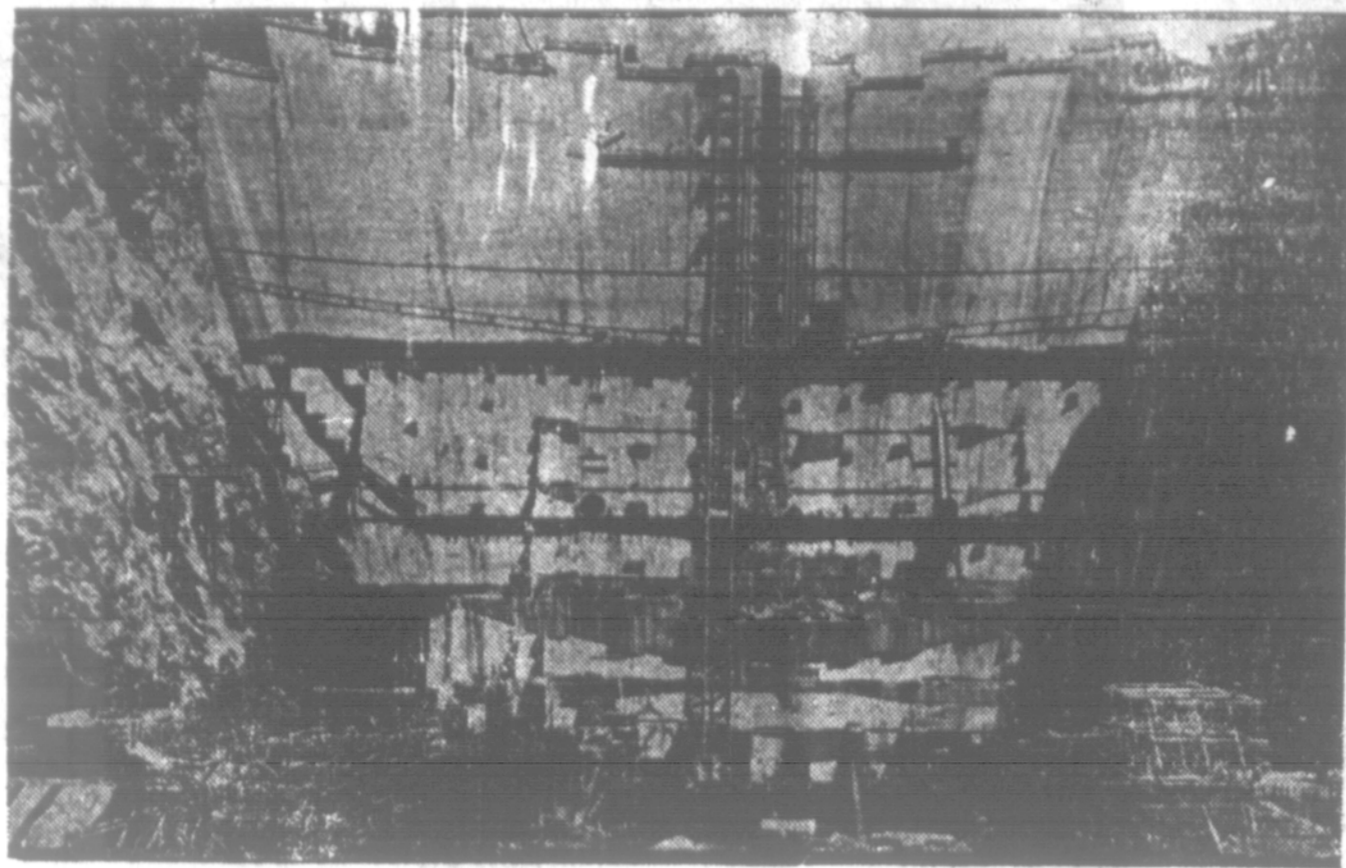

Guy Hulse was here over the week end from Portland visiting with relatives.

The Krugers have left the ranch they have farmed for several years and A. C. Kruger is living in The Dalles. Cyril is working in a tire shop there and George is driving the Gorman school bus.

This week end the 4-H club children who are to exhibit stock at the Pacific International Exposition will leave with a truck load or two full of calves, pigs and sheep. Many expect to be in Portland sometime during the week of the show.

Gladys Baker returned from The Dalles this week nearly recovered

Unusual View of Boulder Dam Construction

Here is an unusual view of the construction work on Boulder dam in Nevada, showing the down-stream face of the dam. The top forms are at an elevation of 940 feet.

from the effects of her operation.

Lamer Says left for Corvallis to resume his studies at the college.

The work of measuring land to determine the amount farmers can sow to wheat for next year's crop is about finished as several of the crews are all through with their assignments.

MORO SCHOOL NOTES

The girls of the Moro high school organized a Girl's League at a meeting held Thursday, September 27. The officers elected were: Dorothy Fraser, president; Gayle Amidon, vice president; and Mary Pinkerton, secretary.

On Friday afternoon the Girl's League surprised Mrs. Cunliff with a shower. After she had opened her presents, games were played for a while. Later, refreshments served.

The second volley ball game of the season was played at Grass Valley, Friday evening, September 28. The game was very close, the final score being 19 to 20, in favor of Grass Valley.

The lineup was Dorothy Fraser, Genevieve Nahouse, Mary Pinkerton, Melba Thogerson, Doris Thompson, and Gayle Amidon. Substitutes: Helen Strong.

Twenty members of the Moro School Band journeyed to Condon on October 2 to play for the Condon school in the afternoon, under the direction of Clyde F. Simpson. From nearly four o'clock to six they were left to amuse themselves, which they certainly did. At six o'clock they gathered at the Condon Hotel where Mr. Simpson treated them to dinner. From seven thirty until shortly after nine they played a concert at a large community gathering, then returned home, tired but happy.

The first football game of the season to be played on the home field this year was played last Friday afternoon when Moro Huskies met the Madras eleven. Moro emerged victorious from this struggle, the final score being 20 to 6.

Madras scored a touchdown in the first quarter but failed to convert. Moro made a touchdown in the second quarter and two more in the third quarter.

The line-up was: Left end—Morgan, left tackle—H. Belshoe, left guard—Johnston, Center—Baker, right guard—Thogerson, right tackle—Axtell, right end—Conlee, quarter back—Powell, left halfback—Barnes, right halfback—T. Thompson, fullback—Fraser. Substitutes were: R. Belshoe for Conlee, Hemrichs for Baker, W. Thompson for Thogerson, and Nahouse for Barnes.

The fact that there are new and inexperienced players on the team accounted for the fact that the members did not work together as well as possible in the first quarter but the improvement shown in the game thereafter gives an optimistic outlook for the success of the players in future games. There is much room for improvement in the team but as the boys are practicing hard, they should be very successful this year.

This Friday the game will be with The Dalles team on our own field. Suppose we all attend!

Marked Drop In Gas Sales During August

Following substantial increases in gasoline sales in April, May, June and July the month of August showed a slump under the same month in 1933, with a loss of 624,224 gallons in sales, according to the office of P. J. Stadelman, secretary of state. The decrease in gas tax revenue was \$31,211.23 for the month.

Receipts in August totaled \$790,230.24 on a gallonage of 15,804,504. Collections since the first of the year have amounted to \$5,569,325.89, the total sale having been 111,386,516 gallons during the eight months. Revenue for the year is ahead of that received in 1933 by \$936,666.10.

Tourist Industry Greater in August

The tourist industry in Oregon picked up considerable momentum in August with a 17 per cent increase in registration of out of state cars over the same month in 1933, reports P. J. Stadelman, secretary of state. The increase amounted to 2,572 cars for a total registration of 17,475.

Purchase of gasoline, oil, food, lodging, and supplies made by this added number of visitors helped to swell the business of the state for the month, as the population of Oregon was increased by some 60,000 persons, estimated on a basis of three persons to each car. Steady gains in tourist registration have been shown since the first of March and 68,725 nonresident motor vehicles have been checked in during the year. The same period of 1933 brought 62,919 out of

state cars into Oregon.

Credit Union Sponsored By Government

Groups in Oregon cities, town and rural districts which desire to organize cooperative credit unions under federal charter may now obtain preliminary application blanks from Farm Credit administration headquarters in Spokane, Washington. Clark C. Upton Jr., has been tentatively assigned to the task of receiving inquiries in the Pacific northwest district.

Authorized by act of congress last spring, federal credit unions, chartered and supervised by the Farm Credit administration, have a dual purpose of encouraging thrift among their members and making loans available for provident or productive purposes. These cooperative thrift and lending associations may be formed by groups having a common bond of occupation or sharing well defined zones of mutual interest.

For the Hardest Kind of Work—the McCORMICK-DEERING Model T-40 DIESEL TRACTOR

For pumping and other heavy-duty stationary work a McCormick-Deering Diesel Power Unit is available.

HERE is good news for crawler tractor users who need heavy-duty performance at the lowest possible cost per hour. International Harvester engineers have adapted the Diesel principle to TracTracTor operation. No auxiliary engine of any kind is used. The International Harvester Diesel engine is characterized by remarkable ease of starting and quick conversion to low-grade fuel. In fact, the shift from gasoline to Diesel fuel is almost entirely automatic.

Using low-grade fuel you can now couple exceptional economy of operation with the economy of maintenance for which TracTracTors are celebrated.

Ask us for complete details concerning the new McCormick-Deering Diesel TracTracTor.

Moro, Oregon

starting in a small way and growing conservatively. Members contribute to the capital of their union by investing in \$5 a share stock which provides their lending funds. The Farm Credit administration does not supply either capital or loanable funds, but merely acts as a supervisory agency to insure sound management practices.

"Federal credit unions may lend only to their stockholding members explains Mr. Upton, at a rate of interest not exceeding 1 per cent per month on the outstanding balance. Loans above \$50 must be secured. The maximum loan is 10 per cent of the union's unimpaired capital.

"Growth of the credit union movement in the United States has been accompanied with marked success, not only in reducing the cost of short-time or 'convenience' loans, but in establishing a good record for payment. We will give every assistance to qualified groups interested in developing these cooperative agencies."

Employees of the Farm Credit administration of Spokane were among the first to take advantage of credit union legislation and their unit now has 105 outstanding loans for \$5376. Federal credit unions are rapidly being formed throughout the country, meeting a particular need where corresponding state legislation has not yet been enacted.
