

**Eureka Lodge No. 191 A.F. & A.M.**  
Moro, Oregon  
Meets the 1st and 3rd Thursday evenings of each month. Visiting members cordially invited to meet with us.  
Elmer Hansen, W. M.  
C. V. Belknap, Secy.

**Moro Lodge No. 113, I. O. O. F.**  
Moro, Oregon  
Meets every Monday evening in the I. O. O. F. hall. Transient and visiting brothers are cordially invited to meet with us.  
Ralph Briabene, N. G.  
Joe Truit, Secretary.

**Lupine Rebecca Lodge No. 116**  
Moro, Oregon  
Meets 2d and 4th Tuesdays of each month. Visiting members welcome.  
Naomi VanGilder, N. G.  
Lila Bull, Secretary.

**Town Talk**

For Sale. Fresh Milk Cows. Tom Fraser. Moro, Oregon.

Rev. Weibel will speak at the Community church Sunday December 16th at 11 o'clock.

The Womens Missionary Society will meet with Mrs. Dewey Thompson Wednesday, December 19 at 2:30. Mrs. Seral Searcy is leader.

Mrs. Estella Benson left for Portland Tuesday after remaining here for several months caring for her mother. Mrs. Emma Belshae. State policemen have been frequent visitors around Moro this week because of the activity surrounding the Potter robbery case just settled.

Darold Belshae left Tuesday night for Portland on receiving word from his wife that his brother-in-law Howard Schade, had died in the tuberculosis hospital in The Dalles. The funeral was held in Portland which is the family home of the Schades.

Snow began to fall as we go to press and there is a possibility that there will be enough to cover the wheat and keep it warm although that amount of snow is never assured until it is here and settled down so that it cannot blow.

Mrs. J. C. McKean entertained five tables of bridge players Wednesday afternoon at her home in Moro. Mrs. Anna Moore was successful in winning honors.

Ross Smith and wife have been visiting in Sherman county with relatives and friends.

The American Legion met Tuesday night with an average attendance. Routine business was transacted and plans made for a part of the winters activities.

The power and light crew had to make a trip to the Deschutes river Tuesday night as a wire was down some place along the line. The break was found to be on the Wasco county side, frost having broken the line. Electricity was shooting through the ground altho voltage was low there.

L. W. Amick was down from Kent Thursday and while here told of butchering two eight months old hogs that weighed 390 and 340 pounds. The two of them made 240 pounds of lard which is a lot of grease to produce in 8 months.

Roscoe Moore and wife are having lots of fun trapping along the Deschutes and occasionally catch something valuable as well.

**CARD OF THANKS**  
This word of appreciation is extended to the friends and those who aided us in the recent illness of our mother, Mrs. Emma Belshae.  
The Belshae children and families.

**CHURCHES**

Community Presbyterian Church  
10:00 a. m. Sunday School.

Full Gospel Assembly

Christian Science  
All are cordially invited to attend the church services and to make use of the reading room in the rear of the church building, which is open daily where all authorized Christian Science literature may be read, borrowed or purchased.  
Subject: God the Preserver of Man.  
Golden Text. Psalms 145:20. The Lord preserveth all them that love him.  
Responsive Reading: Psalms 3:

**Scenes and Persons in the Current News**

1—Sir Ronald Lindsay, British ambassador, buying a poppy from little Eva Leinman at benefit ball of British War Veterans of America. In New York. 2—Pierre Etienne Flandin, who became premier of France following the resignation of Doumergue. 3—Memorial to George Rogers Clark, soldier and pioneer, and his followers, dedicated by President Roosevelt at Harrodsburg, Ky.

**MORO SCHOOL NOTES**  
By Anita Kenny

The boys basketball team suffered a crushing defeat last Friday night when they played Madras there. The final score was 51 to 11 against the boys, but they will have a chance for revenge on January 25 when Madras plays here. There will be a double header that night as the Madras girls will play our girls. This will be the only out-of-the-county girls team to play on the Moro floor this season. It is hoped that the girls will defeat Madras to get revenge for that defeat last week.

On Saturday night the boys were the victors in a game with Culver winning by a score of 21 to 11. The line-up for both games: Axtell, H. Belshae, Henrichs, Baker, Barnes, and T. Thompson. Substitutes in the Madras game were Fraser and Belshae. Axtell and Barnes were high point men in the Moro-Madras game. In the contest with Culver, Axtell was the high point man.

This Friday the boys will play the Moro Alumni, and the Freshmen will play the Junior High. Both games promise to be quite exciting. The Junior High was defeated by only one point last time and hope to do better this time.

The Christmas program will be presented in the school auditorium on Friday afternoon, December 21, at 1:30 p. m. Two plays will be given by the grade school. One entitled "When Daddy Was a Little Boy" by the primary group, and the other a French costume play, "Madonna of the Rose" by the members of the 3rd, 4th, 5th, 6th, 7th and 8th grades. The "Madonna of the Rose" takes place in a Normandy village in France and has as its main character a blind French boy. There are two scenes, one just off the market place, and the other is a church scene.

The Girls Glee Club will sing between acts and Anjean Knighten will give "The Night Before Christmas."

An assembly was called on Tuesday afternoon at which Mr. Walker had a few words to say. Genevieve Nahouse was absent from school on Monday as she went to The Dalles.

A surprise party was given for Louise Barzee on Sunday evening and several high school students attended.

Lois Kenny went to The Dalles on Wednesday.

Doris Morrison has been absent this week as a result of an automobile accident Sunday.

Norma and Lois Melzer were absent from school on Tuesday as they went to The Dalles.

The volleyball girls were awarded their hard-earned pennants at a student body meeting last Friday.

**Less Money Received From Licenses**

Comparison of motor vehicle registration receipts and gasoline tax collections under the old and new highway revenue-raising laws has been made by the office of P. J. Stadelman, secretary of state, and the comparative summarization is presented for the first time since the more recent license regulations and fuel tax rate became effective.

A loss of more than one and one-third million dollars to the highway fund is shown for the ten months of 1934, ending October 31, which is a 13 per cent decrease in revenue from all sources. The period taken for comparative analysis is from July 1, 1932 to April 30, 1933, the last ten month registration stretch under the former licensing law. Receipts from motor vehicle licenses, from motor transportation charges collected by the public utilities commissioner, and from gasoline taxes are included in the report.

**CIVIL SERVICE EXAMS**

The United States Civil Service Commission has announced open competitive examinations as follows:

Field examiner, \$2,600, claims examiner, \$2,000 a year, United States Employees' Compensation Commission. Appropriate experience, or experience and legal education, required. Closing date, December 22, 1934.

The salaries named are subject

**AT THIS WONDERFUL SALE**

Whole vehicle registrations have jumped up 15 percent this year, over the former period, the number increasing from 239,900 to 276,420 during 1934, the collections from licenses on these vehicles have dropped 58 percent or from \$5,251,480.99 to \$2,185,405.27, due to the flat \$5.00 license fee establish-

ed by the 1933 legislature for all passenger cars and to the adjustment in truck license fees. Under the prior law, the average fee for passenger cars was \$20; the rate depending on the weight of the automobile.

When license fees were lowered by the legislature, an added cent tax was placed on motor fuels. This increased the revenue from that source for the ten months 32 percent, from \$4,612,408.50 to \$6,102,505.81. At the same time, transportation charges collected by the public utilities commissioner were adjusted, bringing a rise of 58 percent in receipts from this source, from \$331,695.96 to \$525,427.24.

The total amount collected from all sources during the ten months under the prior fee and tax rates was \$10,195,585.45, while during

1934 the revenue has reached a total of \$8,813,338.32, or \$1,382,247.13 less in receipts. Refunds on gasoline taxes for non-highway use of the fuel has been deducted from the totals given, but administrative expenses have not been deducted.

be taken to remove the disagreeable feature of petition signing for initiative and referendum measures. Sentiment of the city officers was in favor of some restriction.

The possibility of refunding bond issues at lower rates of interest discussed and it was stated that several cities are now doing that very thing. Some means of es-

ablishing a state commission to aid in bringing cities and their bond holders together was proposed.

O. R. Bean, commissioner of Portland and member of General Martin's planning commission, was present as chairman of the league and Herman Kehrl and A. M. Cannon of the league were visitors as well.

It is not too early to begin thinking about Christmas candies, especially if they are to be used to help solve the gift problem. A great variety of individual and attractive gifts can be made in the kitchen; but nothing is as enjoyable for all the family as the making of a variety of candies.

With all the gay Christmas wrappings that we have to choose from packing and wrapping the candies, there is no reason why they can't be among the most welcome gifts. A few recipes, easy to make, and suggestive to Christmas are:

**Raisin Caramels**  
One cup sugar  
Two cups cream  
One teaspoon vanilla  
One-fourth teaspoon salt  
One-half cup corn syrup (white)  
One-half cup evaporated milk  
One and One-half cups nectar raisins

Combine sugar, corn syrup and half the cream and bring to a good boil, then add remaining cream and milk slowly enough to keep the batch boiling constantly. Stir all the time. Cook until it will form a medium hard ball (250 degrees) when tested in cold water. Remove from fire, add salt, vanilla and raisins. Pour onto a buttered pan to cool and cut in squares.

**Butter Scotch**  
Two cups sugar  
One cup milk  
Two tablespoons butter  
One cup chopped nuts  
One and one-half cups pitted and chopped dates or cherries or both  
Combine sugar, milk and butter and stir over low flame until sugar is melted. Add dates or cherries and cook to 240 F. or the med-

ium ball stage. Remove from fire, add nuts and beat until thick enough to form into a long, sausage-like roll. Wrap in cloth wrung out in hot water. Slice as needed.

**Mexican Fudge**  
On cup granulated sugar  
One-fourth cup boiling water  
Two cups granulated sugar  
One cup cream  
Pinch salt  
Two teaspoons grated orange rind  
One cup nut meats (Filberts or English walnuts preferred)

Sift the one cup sugar slowly into a hot skillet. The skillet should be just hot enough to melt the sugar as it comes in contact with the metal. The ideal caramel is amber colored. As soon as the sugar is liquified, add the boiling water and boil until the sugar is dissolved. Now add this syrup to the other sugar, the cream and salt that has been placed in a saucepan. Cook to the soft ball stage stirring constantly. Remove from the fire, cool to lukewarm, then beat until candy shows signs of crystallization. Quickly add nuts and rind and stir just enough to distribute. Drop quickly from a teaspoon onto oiled paper to form irregular shaped patties. Yield: 1 and one-half pounds.

**Butter Scotch**  
One cup brown sugar  
One-half cup water  
One teaspoon vinegar  
Four tablespoons butter  
Boil together sugar, water and vinegar for ten minutes, then add butter, and boil till hard crack (310 deg F.) Turn into buttered pan, mark off into squares while still warm.

**For the Hardest Kind of Work—the McCORMICK-DEERING Model T-40 DIESEL TRACTOR**

For pumping and other heavy-duty stationary work a McCormick-Deering Diesel Power Unit is available.

HERE is good news for crawler tractor users who need heavy-duty performance at the lowest possible cost per hour. International Harvester engineers have adapted the Diesel principle to TracTracTor operation. No auxiliary engine of any kind is used. The International Harvester Diesel engine is characterized by remarkable ease of starting and quick conversion to low-grade fuel. In fact, the shift from gasoline to Diesel fuel is almost entirely automatic.

Using low-grade fuel you can now couple exceptional economy of operation with the economy of maintenance for which TracTracTors are celebrated.

Ask us for complete details concerning the new McCormick-Deering Diesel TracTracTor.
