**RUFUS SCHOOL NOTES**  
By Georgiana Blackburn

An Educational Week program is to be given at the school house on February 8th. Each room as usual will contribute something for the evening's entertainment. The Law class has been working very industriously on a mock scandal trial to be given at this program. It is rumored to be quite good. The intermediate room plans to put on a play called "Book of February" which gives some important event of every day of February.

The Rufus girls basketball team traveled to Kent February 1 where they played the Kent girls. The Rufus line-up consisted of M. Macnab, D. Millard, I. Coats, B. Noskoski, N. Blackburne and F. Thompson. At the end of the game the score was tied 14 to 14, so three minutes were taken overtime to play out the tie. The score was 18 to 16 in favor of Rufus.

The boys team journeyed to Kent on February 1, to play the Kent boys. The line-up was: S. Bakin, J. Morris, T. Macnab, E. Williams, and R. Macnab. The score was 42 to 15 in favor of Rufus.

The boys basketball team played at Hood River, February against the Hood River team. The line-up was: S. Eakin, J. Morris, T. Macnab, E. Williams, and R. Macnab. The score was 28 to 22 in favor of Hood River.

A student body meeting was held February 1, for the purpose of discussing certain things. Talks given on the topic of "Purpose of Girls League," "Our attitude toward visiting teams" and "High school students as examples to grade children." Much discussion was given to the last two. The student body decided to loan the Letterman's Club money to buy new club pins.

**STATE HOUSE GOSSIP**  
(Continued from page one)

know Hood declare him a capable advisor and an excellent choice of Martins.

It appears now that Dan Fry of Salem, druggist, will be the new purchasing agent and secretary of the board of control. This appointment was expected as the next

one out of the executive office and board of control. He is Martin's choice, and Earl Snell was expected to step aside his choice in favor of the executive's wishes—perhaps for a concession to the secretary of state later.

Those who have been predicting a break in the health of Governor Martin are going to be greatly cooled. After the first three strenuous weeks of administration the major general is in the pink of condition and takes all things calmly. He is a great believer in exercise and frequently walks to the capitol, a long distance from his home. Newspapersmen find him always pleasant.

Those who are agriculturally minded would get a "kick" out of the first part of the roll call in the house, all in order. One listens dozens of times daily to these 3 names coming in succession—"Barnes, Boiven, Bull." There you have it all for a cattle ranch.

A member of the Senate and a member of the House will entertain newspapermen, some night soon with Scotch stories, recitation of Scotch poems and those of Shakespeare. No better story teller has been found than Senator George Aitken, a born Scotchman, and Representative William Knight can recite Shakespeare by the hour. Invitations to this event are at a premium.

**See for Yourself the Difference Between the I. E. S. STUDY LAMP and Ordinary Lamps**

The Sight Meter, a marvelous new instrument for measuring light, shows that the New I. E. S. Study and Reading Lamp gives 20 to 30 foot-candles of light—the amount specified by science as the correct light for normal reading or study. This is several times as much useful light as you get from an ordinary lamp.

The inside reflector-diffuser eliminates both reflected and direct glare. It softens shadows, giving a restful light that insures eye comfort.

Protect your eyes and the eyes of your family with a new Study Lamp. You can obtain one in a style to fit any type of home decoration. The certification tag of the Illuminating Engineering Society guarantees that it meets every requirement of "Better Light for Better Sight."
