SOCIAL LEGISLATION

The conversational turn now being taken by "New Deal" advocates regards social legislation.

There is nothing particularly new about this type of legislation. Every country in Europe has adopted it when conditions made it necessary.

For the entire country at large old age pensions are the most important of the legislation considered in this category. The rapid growth of the Townsend plan backing has caused interest in old age pensions to expand so that some sort of pension plan is almost sure of enactment in this session of congress.

Unemployment insurance legislation is being written at this time to provide for contributions from employer, employee and the state carrying the displaced worker in case of lay offs from work.

There is little being said or done about another very important type of social legislation that seems equally important; health insurance.

This type of legislation is in the foreground now because of the times. We are economically sick and are given to talking about our troubles as garrulously as people do about their operations and physical ills.

IN WHICH WE DISCOURSE ON THE MUMPS

This week the editor of this paper reclines suddenly on his back while his jaws, infected by an infinitesimal mump germ, swell and stretch the editorial phiz into a jug shape that is likely to cause ill concealed hilarity among the venturesome editors whose former experience has made them immune to such an attack.

Sad feature of the present illness is that three of the family are similarly affected. This condition divides sympathy available into so many portions that there is hardly enough to do any suffering much good.

There being a time to have the physical ills of youth, there may also be a time to have the mental illnesses usually attendant to that period of life.

At the risk of becoming an "I told you so," the editor wishes to point out that the exact date of this case of mumps was accurately prophesied to friends some weeks ago.

One of the funniest things of the month was the boast of Secretary of the Treasury Morgenthau about saving in interest.

The Seattle row in the "Share the wealth" camp is perhaps indicative of what would happen if every one was a king.

A little rain is worse than none at all in the blowing part of the drouth area as Sherman county farmers will attest.

What Oregon needs is more people. We hear of Klamath potatoes going to California, Hood River apples go east, Willamette valley prunes are marketed as California's and we cannot ship our wheat at all.

Those South American countries may get the Gran Chaco territory cleared so it is worth fighting for, pretty soon.

Grass Valley

The government saddle horse sent here by the remount division will be at the Dell Olds place until about May 20, according to word from W. C. Helyer.

Monday morning George Wilcox left for Newberg with Junior who will receive medical attention at the hospital there.

Mr. and Mrs. Leghorn, local telephone operators, went to Portland the first of this week, due to the death of Mr. Leghorn's brother, Miss Signa Woods of Moro is looking after the office here while they are away.

Hans Koepke and family were in The Dalles shopping Monday afternoon.

Mrs. Frank Wilcox of Newberg will spend the next two weeks here with her sister, Mrs. Herman Peters.

Mr. and Mrs. Clarence Scheurer and Mr. and Mrs. Charles Abell were week end guests at the Matt Simon home. They live in Portland.

Guy Weedman and wife, Ernest Barker and wife and Mrs. Jack Ireland, spent the week end at the Glen King home. They are from Redmond although Guy Weedman has now been transferred to Beaverton.

Mr and Mrs. George Wilcox held a family reunion Sunday when Marguerite Morrison and Harold Christenson of Kelso, Wash, Mrs. Roy Montague and daughter, Mr. and Mrs. J. B. Morrison and Mary Alice of Arlington, Clarence Morrison and family of Moro and Jody Morrison of Zig-Zag and Miss

Erma Ferrell of The Dalles were here for the day.

Freida Buether was taken to the hospital Tuesday by Dr. C. L. Polcy for observation.

Mr. and Mrs. R. J. Baker and Mr. and Mrs. Charles Lemley spent Sunday at Forest Grove. Dale Baker was on the program at the Easter service there.

Mrs. C. L. Polcy visited with her sister in Salem for a few days last week, making the trip down with Mr. and Mrs. D. E. Stephens of Moro.

George Witter had a splinter of steel removed from his hand Tuesday in The Dalles.

Grass Valley School Notes

Kents' baseball nine came to Grass Valley last Friday where the two teams repaired to the ball park for a two-hour game. The outcome, as far as the score was concerned, favored Grass Valley 15-5. Mr. Rowe acted as umpire.

The members of the cast of the Senior play, "The Call of the Banishment," are busy on their parts since there aren't many practices left before its presentation on May 10.

Mr. Hughes is wearing glasses, now. They give him a very professor-like countenance.

Henry Roth is out of school this week, but we are assured that the mumps is not the underlying cause for his absence.

A new set of books have been received from the State Library. These books will be read by the English IV class in correlation with the study of the Twentieth Century Literature so the authors and books are those of the modern era.

M. E. McKee motored to Portland Wednesday on a business trip. Miss Leora Peetz went to Portland the first of the week to visit with relatives and friends.

4-H Club Notes On Various Topics

Reporters are allowed 250 words per story and may write for one club only. Any club invited.

Five Stars Clothing Club

The fourth meeting was held at the school house April 12. As our leader couldn't be at this meeting Mrs. Darby was asked to take her place. The roll was answered by each member naming a stitch. The roll of business continued as usual. As Helen hadn't her slip pattern she could not give the demonstration; but in place of this she brought a slip which she was working on. Mrs. Darby asked her to tell us some of the seams and stitches she used in making it. Meeting number five was held at the school house Friday April 19. We are happy to say that our leader is back with us again. All were present except Helen Wilson. President asked for old business. Our leader showed us some new fashion plates and samples of material. For demonstration each of us showed how to make certain seams correctly. For new business our leader appointed Margaret Holmes and Aileen Gregg to make up a program for our next meeting. But we have not decided on what it is to be. We discussed our party which is to be given May 5 at Mrs. T. von Borstel's home. As there was nothing else to be done the meeting was adjourned.

April 18.

After our meeting Phyllis Haynes and Maxine Pluemke demonstrated the making of an Angel Food cake. Although we didn't get to taste it, it looked delicious. After the demonstration the girls all looked tired and sleepy, so we motored home after a very enjoyable time, thanks to Aileen Gregg and Margaret Holmes. The girls also wish to thank Mrs. Holmes.

Tuesday, April 16

Lola Barnett took a few of the cooking girls down to Grass Valley to Cooking School. The girls all said they learned a lot. Our next meeting was at the Legion hall. At this meeting we discussed the afternoon tea. Our President appointed the following committees: Entertainment, Annie Laurie and Phyllis Haynes; refreshments, Dorothy Holmes and Geraldine Norton; invitation, Maxine Pluemke and Anita Dunlap; arrangement, Margaret Holmes and decoration, Aileen Gregg and LeVina Barnett. The date has not yet been decided but it is expected to be about May 3rd or the 10th.

Anita Dunlap

4-H Club Notes

The Forestry club held a small meeting at the school on April 5. Mr. Melzer gave books to all present and found out how many trees each planted. Neither the President nor the Secretary were there.

At our next meeting, April 22 at the school, we again found out how many trees each planted as the minutes were lost in being transferred to the Secretary. As there were only a few at the meeting we decided to draw up a Constitution and the By-Laws at the next meeting. We decided to wait until Perry Johnston met with us to fix the time of our Sunday hike. We are each to compose a name for the club using only the letters in the names of the trees we have and we will select a name at the next meeting. Billie Axtell and Johnnie Shipley are to give a report on "Why We Plant Trees in Sherman Coun-

ty" and Bobbie Axtell and Donald Williams are to report on "The Kind of Trees That Grow Best Here" at our next meeting. Each person in the club is to find as many kinds of trees that are grown in Oregon as he can for our next meeting.

Norma Melzer.

Moro Homemaking Club

The Moro Homemaking, 4-H Club held its ninth meeting in the city park, in the form of a club picnic.

The meeting was called to order by the club President, Helen Strong. The minutes of the previous meeting were read and approved.

As the Secretary, Imogene Johnson was absent from the meeting; Dorothy Fraser acted as temporary secretary.

It was decided to have another picnic to complete the program for this club year.

The President appointed the "cats" committee as follows: Dorothy Fraser, chairman; Barbara Belshe and Vivian Fuller.

Irma Mae Morgan and Louise Barzee were the committee for the "cats" at this meeting.

Due to the fact that the local club leader, Dorothy Fraser, could not be here, the meeting scheduled for April 25 has been postponed until the first of the week.

As there was no further business the meeting was adjourned by the President.

Imogene Johnson, Secretary.

Mother—What did you learn in your cooking class today?

Daughter—Nothing. Teacher stayed home because she had indigestion.

ALMANAC

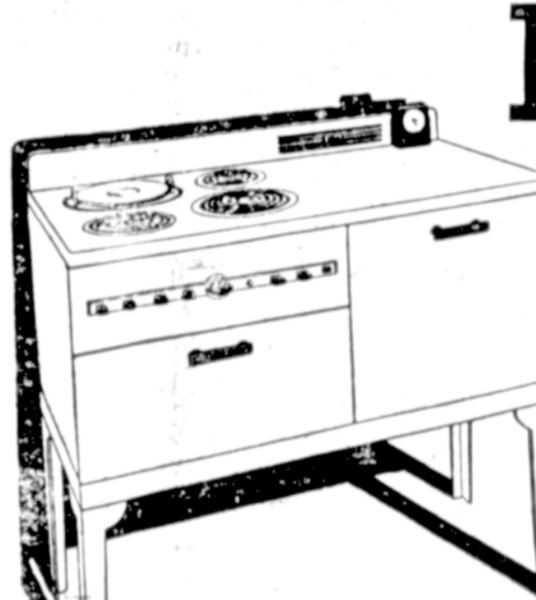

Experience keeps a dear school, but fools will learn in no other.

- APRIL
23—William Shakespeare, the Bard of Avon, born 1564.

Attorneys At Law
Moro, Oregon

SYNOPSIS OF ANNUAL STATEMENT OF THE YVONNE MUTUAL LIFE INSURANCE COMPANY OF DES MOINES, IN THE STATE OF IOWA, on the 31st day of December, 1934. Table with columns for Capital, Income, Disbursements, Assets, and Liabilities.

I used to think that electric cooking was expensive! But of course that was before we bought our electric range!

There are thousands of women who consider themselves economical just because they are struggling along with their old-fashioned ranges. If they are enjoying this drudgery, all right! But they would get more enjoyment from a modern electric range—be better cooks—and be truly economical, too!

Grid of four panels: SAVES LABOR (No soot or smoke), SAVES FLAVOR (Controlled heat), SAVES TEMPER (No double boiler), SAVES MONEY (Cook meat, vegetables).

Grid of three panels: SAVES WORRY (Oven temperature control), SAVES TIME (Timer clock), SAVES TEMPER (Timer clock).

You can now buy a new electric range for \$10 down! Many attractive models to choose from at dealers or in our store. Prices begin as low as \$95.50.

SEE YOUR DEALER OR PACIFIC POWER & LIGHT COMPANY Always at Your Service

Plentiful hot water cuts your work in half! It is amazing how quickly laundering, cleaning and dish washing are finished when you are in the mood—and when you have adequate hot water.
