Grass Valley Girls Prepare Pep Dinner

By Janet Wilcox
The Girl's League put on an excellent Pep Supper before the volley ball game Friday evening. The entire student body and the faculty were present which shows the fervid school spirit which prevails. After supper was served a varied program was presented. Mr. Rowe acted as toastmaster, or as toastmistress, as he preferred to be called. Mr. Hughes, as coach, expressed his opinion of the forthcoming game, and all members of the team did likewise. The "G" men presented a skit arranged by Mr. Rowe which was enjoyed by all, but mostly by the players. Several school songs were sung and speeches were given by the president of the Girl's League, and "G" men. The supper was concluded by a vigorous yell rally.

Moro Girls Win
Moro defeated the Tigerettes 13 to 10 much to the disappointment of Grass Valley. The game was a very interesting one there only being a point difference in the score at the half.

The Tigerettes will play Rufus in the Grass Valley gym Friday. This promises to be an exceedingly interesting game as it will decide which team will hold second place in the county.

The Song Contest sponsored by the Girl's League closed Friday. Doris Stradley's song entitled "The Winning Cry of G. V. High," sung to the tune of the "Battle Cry of Freedom" was selected as being the most appropriate for the present time. The three Fortner girls and Marjorie Blake composed two songs which are very good and will be learned for future use.

Wasco Event Attended
The majority of the Girl's League and some of their mothers attended the Girls Frolic presented by the Wasco girls Saturday night. Everyone enjoyed themselves very much.

A debate tryout was held Friday afternoon before the student body. Bobby Rolfe, Keith Rhinehart, Thelma Fortner, and Agnes Simon were selected to make up the squad. These four together with Janet Wilcox and Marjorie Blake will prepare to gain honors for the school.

Literature Club was held at the Fortner home Tuesday night. Reports were given on the "Beginnings of American Literary Prestige."

Rufus School

By Lawrence Henderson

Yes, sir. Basketball season is almost upon us. And—to our dismay, the Rufus squad is in need of suits—whether they will inspire them to victory or not is unknown, but we know new suits would give them a decided advantage in appearance. Hence, plans are afoot for the promotion of a play in order to boost our financial department to meet this new difficulty. We are especially grateful to our girls for the cast includes only those of the fair sex.

Last Friday afternoon cars began to drift in from the surrounding country bearing mothers of the various Girls League members in response to invitations sent out to them. How many of us give that much thought to our mothers entertainment? That was, indeed, a splendid means of showing appreciation to mothers by arranging a tea in their honor.

Work is being done on our school library, and is it attractive? Perhaps will it be attractive, is probably a more fitting thing to say as the work is not completed. It will surely improve its looks—we all sincerely hope.

Isn't it peculiar that we hear nothing of our band? A short interview with one of its members can only recall that progress in instrumental practice is improving although the hum-drum life of the band follows the same routine. Ah, ha. I'll bet Mr. Simpson resents that!

"Me, oh, my! What can we do?" asks the paper staff. The major problem confronting the paper staff at the present is what can be done to improve our paper. Some one's holding out on us. A few of these creative students running around loose ought to be able to submit an enlightening suggestion or two.

While on the subject of school paper we wish to acknowledge our gratitude in securing two new schools on our exchange list, the Commerce High School "Blotter" (evidently it soaks up the news as its spilled) and the Sheridan High School "Spot Lite."

A recent school board meeting resulted in the ordering of steel chairs, twelve inches high for our primary students and material for the work shop in the garage which Mr. Thompson, the garage "boss" will use in repairing our school busses—not that anything is wrong, understand, but so nothing will go wrong.

We hear from the grades again. Mr. McKenzie told his class of upper grade students, b-r-r-r—about his trip to Alaska. We wonder if he wore a fur coat, U. S. make, or one of those what-you-might-call-ems that those Eskimos wear at any rate his narrative drew undivided attention to the nth degree.

Students of his class, particularly the girls, are showing great interest in tap dancing, and if you should be around about tap dancing practice time don't be surprised if you should see some of the boys kicking up their heels in an attempt to "do that step."
