Rufus School Dance Proves Successful

The Rufus gymnasium proved to be a "Mecca" to dancers at Rufus last Saturday evening. As we generally picture a "Mecca" it has nothing in common with our conception. Saturday evening's was rather frigid appearing in so far as the theme and decorative idea of portraying a northern lights effect was concerned.

Arguments and discussion over this subject will probably foster a warm, maybe a warmer atmosphere than over any other topic.

For the County Typing Contest held last Wednesday, Marie and Clara Mathieson and Rosalie Wiley were Rufus' entrants.

"The Whole Town is Talking." Oh, no, not yet. It wouldn't be the least bit surprising if it was before the play is given May 15th. With the "big night" so near at hand, circumstances necessitate diligent and comprehensive practice.

is being sorely tried as we read poem after poem, try to discern a ballad from an elegy, and get fairly well muddled up trying to measure poetry. We don't use a yard stick, either.

The economic situation has come to a place where we must try to connect it with international trade. It seems unreasonable that within trades scope are included 'invisible' units of exchange yet that's what we have found out.
