

Wasco School Closing Activities Numerous

Wasco Soldier Returns To Crissy Field After Furlough

The personnel of the graduating class is Margaret Johnson, Theodore Proudfoot, Betty McCafferty, Margaret and Christine Moon, Kenneth Wilde, Samuel Creter and Gene Spencer.

Mr. and Mrs. Wilbur Spencer feted the class members Thursday evening, at the Spencer home with what was styled a noogie dinner but included many delicious treats.

Reatha McDonald of Salem came to Wasco Tuesday to visit with Dr. and Mrs. V. B. Haufelt. She taught here for seven years and is now teaching at Dayville.

Mrs. Maude Morrow of The Dalles visited at the home of Mrs. Chester Bargenholt and Mrs. Hal White this week.

Mrs. Delilah Stiffel returned from Portland last week.

Mrs. Ruth, recently employed at the Sherman hotel has taken over the management of the Western hotel.

The health contest for the health class with the chosen subject of the evils of tobacco and alcohol awarded first prize to Katherine Fridley and second to Wayne Barton.

Florence Armsworthy is home with her parents, Mr. and Mrs. Grant Armsworthy, following the close of her school at Ontario. Norma Armsworthy of The Dalles also visited here.

Mrs. Delbert Bales and daughter returned from a two weeks visit at the home of her parents in Portland.

Mr. and Mrs. G. Hartman and son Charles, and Mr. and Mrs. W. E. Bruckert attended the graduation exercises at Grass Valley Thursday evening.

Mrs. George Crosfield of The Dalles was an overnight guest of her sister, Mrs. Jessie Amos, Newton Crosfield is also a guest at present.

Mr. and Mrs. W. D. Watkins accompanied by Mr. and Mrs. Leo Watkins and children drove to Kennewick, Wash., Sunday visiting with Mrs. Watkins' sister, Mrs. Arvid Gilmore. Dora Janette Watkins of Dufur was a guest last week of the home of her grand parents, Mr. and Mrs. W. D. Watkins.

Miss Eva Ferrel and Coleen Franz returned to Yakima, Wash., last Thursday.

Mrs. Francis Medler was hostess to members of the Junior Bridge Club Wednesday. Mrs. Hildred Zell, Mrs. Lewis Hastings and Mrs. W. C. Weld of Bonneville received the prizes.

Mr. and Mrs. Lloyd Hennagin and Mrs. Maude Akers were in Moro Sunday to hear the baccalaureate service.

Mr. and Mrs. V. H. Smith were visitors in Portland over the week end at the home of their daughters, Bernice Smith and Virginia Colbert.

Miss Augusta Huckin was elected scholarship chairman of the Kappa Gamma sorority at Washington State. She was also initiated into Gamma Beta, women's economics honorary society.

Dinner guests at the W. A. Clothier home Tuesday were Mrs. Charles Harper and Mrs. M. J. Downs of Portland and Mrs. Lewis Hastings and Mrs. A. J. Butler.

P. G. O'Meara spent Thursday at Walla Walla on business.

Ross Andrews and wife accompanied by Mrs. Wade Hull were over night guests at the G. T. Andrews home Thursday.

Thursday evening Mrs. Frank Bowman and Mrs. E. W. Hailey of Goldendale were visitors at the B. W. Guy home.

Pupils of the four lower grades accompanied by teachers and parents had picnic lunch at DeMoss park Friday.

William Reid jr. and his friend, Shelly Kahman returned to their army station, Crissey Field, Thursday after a vacation spent here with Bill's parents, Mr. and Mrs. W. R. Reid.

Mrs. George Hennagin jr., Mrs. Collis Moore, Mrs. H. M. Stephens and Mrs. J. F. Foss were in town Saturday from Moro.

Harry Proudfoot and wife and sons, Harry Dean and John were in Wasco Walla Thursday.

Floyd and Bobbie Root left for Portland Monday to spend ten days there and in Seattle visiting with Mrs. Root's parents, Mr. and Mrs. W. E. Ruppell.

Virgil Dutton of The Dalles was a caller at the Myron Halse home where he visited with his sister Mrs. Irene Dutton Sunday evening.

Mr. and Mrs. Mark Alley and family have moved to the Tom Sink ranch.

Mr. and Mrs. Harley Dutton of Fossil stopped in Wasco Tuesday while enroute to Forest Grove

CHEESE MAKES FAMED WHITE TAIL SQUIRREL MOVIE STAR

THE FAMED WHITE-TAIL SQUIRREL, to be found in America only in the Kaibab National Forest on the North Rim of Grand Canyon National Park in the southern Utah-Arizona park area, is the shiest of animals. But a piece of cheese was of more interest to this one than the cameraman, but not until after many successive days of sampling the delicacy placed invitingly for him at the same spot where the sunshine lighted a silven glade each afternoon.

where their sons Harold and Earl have been attending Pacific University.

Mrs. Jennie Young who is visiting at Dufur is expected home again soon.

The Senior class play, "Let's Be Somebody," a comedy, was presented Tuesday night at the high school auditorium. The cast included Margaret Moon, Ted Proudfoot, Gene Spencer, Betty McCafferty, Miltzi Johnson, Sam Creter, Kenneth Wilde, Wayne Barton, Chris Moon and was directed by Miss Glenna Hiltbrand.

Six tables of bridge were in play at the Mrs. Augusta Huckin home Monday afternoon when Mrs. Frank Morrow acted as assistant hostess. Dessert luncheon was followed by cards. Out of town guests were Mrs. Guy Pound, Mrs. Grace Creighton, Mrs. Ina Fitzgerald and Mrs. Guy Matthews of The Dalles. Mrs. Fitzgerald and Mrs. Homer Dixon received the prizes.

Mrs. Carl McKean and Mrs. C. L. Poley of Moro attended the bridge party and luncheon Wednesday afternoon when the same hostesses entertained at five tables of cards with Mrs. Louis Hilderbrand receiving the high score and Mrs. E.

D. McKee second high. Miss Irene Hazlett of The Dalles was honored at a nuptial shower in The Dalles. Her marriage to Melvin Walsh of Wasco was announced at this time.

A. L. Duncan and wife of Vancouver, and O. Suter and wife spent the week end here as guests of Dr. and Mrs. Viggo Haufelt. Mr. Duncan and Mrs. Suter are brother and sister of Mrs. Haufelt.

Wheat Situation Shows Increased Acreage

The United States winter wheat acreage for harvest this season is estimated at 35,932,000 as compared with 31,000,000 acres harvested in 1935 and 32,968,000 in 1934. Abandonment of the 1936 acreage is estimated at 24.4% as compared with 30.4% in 1935. Abandonment was excessive in the Western Great Plains and above average in all of the Western States with the exception of Arizona and California.

HI-WAYS TO HEALTH by ADA R. MAYNE OREGON DAIRY COUNCIL

Many times during the summer months one is annoyed at finding that the cream has soured. Some housewives even use the word "spoiled." But the cream isn't spoiled. True it wouldn't do to add it to the coffee, nor would it be welcome poured over the cereal. Many individuals, however, do enjoy eating the solid curd of sour cream with sugar - just as one would eat a pudding. But most of us prefer to cook it into the delicious dishes that are made possible only because the cream did sour.

The souring of milk or cream is due to the lactic acid forming bacteria which are present in milk. These bacteria, besides souring milk, are antagonistic to most of the common bacteria and because of this, sour milk is commonly looked upon as having antiseptic properties. This antiseptic value of sour milk or cream is believed by authorities to be the means of prolonging life among the people who use it in appreciable amounts. It is well established fact that the drinking of sour milk and the extensive use of sour cream by the inhabitants of Europe and western Siberia has produced the longest lived people in the world.

Sour Cream adds to the food value of any dish. Its rich texture gives a smoothness that no other liquid produces and its acid content acts as a leavening agent. In fact, sour cream should be looked upon as a "find" rather than an annoyance.

Save your sour cream and use it in preparing the desserts listed below. Sour Cream Pie 1 cup sour cream 1 cup of brown sugar 1 teaspoon of cinnamon 1-2 teaspoon of soda

1 cup of dates 3 egg yolks Pinch of salt 1 teaspoon of vanilla Mix and cook about ten minutes. Add soda and when bubbly put into an unbaked pie shell. Bake 20 minutes at 450 degrees. Cover with meringue and bake 30 minutes at 300 degrees. Old Fashioned Gingerbread 2 cups of flour 1 teaspoon of soda 1 and 1-2 tsp baking powder 1-2 teaspoon salt 1 egg 1-2 cup sugar 1-4 cup light molasses 1 cup sour cream 1-4 cup of water 1-2 cup finely cut preserved ginger Sift flour, measure, and sift again with soda, baking powder, and salt. Beat egg; add sugar and molasses; and stir in sour cream and water. Combine thoroughly with dry ingredients; add preserved ginger; and bake in well greased square layer pans in moderate oven (350 deg.) about 40 minutes or until done. Serves 9 to 12. Whole Wheat Flour Cake One fourth cup butter Three fourth cup of sugar One egg, well beaten One half cup of seedless raisins One half cup sour cream One cup whole wheat flour Two tablespoons white flour One half teaspoon soda Salt One teaspoon cinnamon or mace Cream butter; add sugar and the egg well beaten. Add sifted dry ingredients to the first mixture alternately with the sour cream. Bake an oven (350 deg.) for 40 minutes.

In Eastern States abandonment was slightly less than average. The condition of the crop at the first of May was reported at 67% of normal and indicated a crop of 463,708,000 bushels compared with 433,447,000 bushels harvested in 1935. At the first of March, farmers' intentions to plant spring wheat indicated an area for harvest of 22,440,000 acres against a harvested area in 1935 of 18,826,000 acres and the very small acreage of only 9,281,000 acres in 1934, as a result of drought. Spring seeding was around ten days to two weeks later than normal but trade advices at the first of May confirmed an increase of around 6.5% over that of last year or about the same as indicated by planting intentions. Since preparation of the seed bed was hindered by the late wet spring, favorable weather conditions with well distributed rains during the growing season will be necessary to off-set the poorly prepared soil, lack of good seed wheat, and inadequate moisture reserves in important areas.

The Canadian wheat acreage based on farmers' intentions to plant and the official estimate of winter wheat remaining for harvest totals 24,892,000 acres compared with 24,116,000 acres harvested in 1935, an increase of around 3%. Seeding in the Prairie Provinces is late but soil moisture conditions are the best since 1932. A deficiency of sub-soil moisture is still reported in some districts, notably in western Saskatchewan and eastern Alberta but the area affected is much less than in other recent years. The seed used for the 1936 crop is lower in quality than usual and its lack of vitality accentuates the need for favorable growing weather during the period of crop development. During early May conditions were much more favorable for field work and seeding made rapid progress.

The transport was shoving off for the Orient. Two little flappers were waving good-byes from the dock. "I think it's a shame," said one, "to send all those nice Marines to China. What will they do there?" "What'll they do!" replied the other. "Ain't you ever been out with a Marine?"

"I'm converted to tractor farming"

There's a typical 1936 expression on a foremost 1936 subject

Hundreds of farmers have changed from horses to tractors this year; more hundreds are planning to change. All want the advantages of lower costs, more timely farming operations, freedom from caring for horses the year 'round in order to gain a season's work. Those who have made the change, have changed for "keeps." They Wouldn't go back any more than they would go back to traveling by bicycle.

Would this man go back to horses? Fairfield, Washington. May 5, 1936

Caterpillar Tractor Co. Peoria, Illinois Gentlemen. This is my first experience with a Tractor and believe me I'm pleased. In this country we seldom get into the fields until April first, and then we have just about two weeks to get the seed bed prepared and planted. With horses it was slow work and I frequently missed much of the growing weather. With the tractor I can take full advantage of good weather and profit by timely planting. The best I could do with horses was 9 hours of field work a day, and that really meant 14 hours of work for me. Now, the "Caterpillar" TWENTY-TWO gives 12 hours of field work every day and the tractor and I work the same hours. Tractor farming for me from now on out—I'm converted. Yours very truly, (signed) John Luden.

Put your farming on the right track --- Caterpillar Tracks O'Meara Supply & Imp. Co.

Always TELEPHONE first

Before you start on that summer trip, call ahead. Resorts and hotels welcome an opportunity to have waiting for you just the accommodations you desire. Telephoning gives you an opportunity to discuss matters. It may save you time, miles, disappointment.
