4-H Session Best Ever Held Say 1400 Kids

The biggest 4-H club session ever held west of the Mississippi is drawing to a close on the Oregon State college campus at Corvallis, where more than 1400 boys and girls and 60 local leaders have spent a busy two weeks attending classes, getting acquainted, and enjoying the program of recreation and entertainment.

Friday, June 19, is the last day of the session, when winners of all contests and awards will be announced, and the girls and boys whose class sections made the highest record for promptness, attendance and interest for the two weeks will have the pleasure of sitting on the assembly platform and eating ice cream while the rest of the clubbers look on. Saturday morning bedding will be rolled and suitcases packed, and the entire group will scatter to their homes in every county in the state.

Among the exciting incidents at summer school this year was the announcement from Portland that Florence Flink, 13, one of the summer school delegates from that city had won the grand championship of the Rose Festival on her entry of an Ophelia rose grown in her 4-H rose and flower project. This made the second successive year in which a 4-H club member had carried off this coveted honor at Portland's rose show in competition with the best adult growers.

The Oregon club summer school which incidentally is the only two-weeks' session of this sort held in the United States, had its beginning 22 years ago when 20 4-H boys and girls were assembled on the O. S. C. campus for special training. It has grown steadily in scope and attendance, with an enrollment this year more than twice as large as that of two years ago.

The class work this year was more inclusive than ever before, with instruction provided in every phase of club work and many related interests, while many prominent citizens and officials of the state have appeared before the daily assemblies. The clubbers entered wholeheartedly as usual into the sports program of swimming, tennis, baseball, volleyball, dancing, and similar activities. Two new features of the evening entertainment programs were a style revue and an "amateur night."

LUTHERAN CHURCH

The Lutheran church conducts regular service in the Grass Valley Methodist church building every first and third Sundays of the month at 11:00 o'clock; Sunday school at 10:15.

Everyone has the opportunity to hear the Word of Life and receive a cordial welcome. The Word of the Lord does not return void. Let no one let this time of grace pass. When the foolish virgins returned, they found locked doors. Unmindful and unrepentant sinners will find heaven's doors closed.

Let us attend all services and hear God's Word.

H. H. Fleckenstein, Missionary.
