

Former Fire Chief Moves From Wasco

Rev. Cookingham And Family Attending The Methodist Conference In Corvallis

Farewell greetings were extended to Myron Halse, also appreciation for faithful service performed as fire chief of Wasco when members of the squad motored to The Dalles where they saw the show and enjoyed dinner at Stiles. V. V. Rust, fire chief, Lewis Hastings, George Moon, Leo Watkins, and James O'Meara made up the party.

Mr. and Mrs. Myron Halse left for Stevenson, Washington, Thursday which will be their future residence. Irene Dutton accompanied them as far as The Dalles. Cap. Scott is in central Oregon attending to business affairs.

The last social affair of the season was enjoyed by members of the Webfoot five hundred club at the country home of Mrs. S. J. Brock. The club hostess, Mrs. J. R. Yocum served dessert luncheon. Flowers of sweet peas were used as decorations. Cards were played at four tables with Mrs. Wesley Wilde receiving the guest prize and Mrs. S. J. Brock winning high honors for the club. Mrs. Marie Barnett Cooper scored second high. Club guests attending were Mrs. Wilde, Mrs. Chester Medler, Mrs. Joe Hilderbrand, Mrs. Adeline Hull and Mrs. Frank Morrow.

Mrs. Elizabeth Fuller and her house guests Mrs. Murray and daughter Luella were entertained at dinner Sunday at the home of Mr. and Mrs. David Reid. A pleasant afternoon social was enjoyed Wednesday at the farm home of Mrs. H. D. Proudfoot when the ladies of the Methodist Aid society entertained guests at a silver tea. A short business session preceded the entertainment with the same officers being re-elected for the coming year. A token of appreciation was given to the officers who were each presented with a gift.

Miss Esther Patey of Belling-

ham, Washington, sister of Mrs. L. P. Haven, plans on spending the summer at the Haven home.

Eugene McMillan of Portland is visiting at the home of his aunt Mr. and Mrs. Steve McMillan.

Sunday dinner guests at the Archie Gosson ranch were Mr. and Mrs. Stevenson and Mr. and Mrs. F. D. Boice and children.

Rev. and Mrs. Cookingham and children Paul and Ruth, left town last week for Corvallis where they attended the Methodist conference.

Monday morning Rev. and Mrs. Carey and children left for Turner for a stay of a week during which time they will attend a conference.

Fred Fortner visited with his family last week and Mrs. Fortner accompanied him on part time business trips throughout the county.

Mr. and Mrs. D. A. Banta and children of Vernonia were house guests at the home of the former's parents, Mr. and Mrs. S. J. Brock for the past two weeks.

Mr. and Mrs. William Reid accompanied by Mrs. Everett McQuillen motored to Portland Sunday returning the following day.

The Win-A-Couple class of the Christian church gave a basket social which was the first event of the club. Games were played after the luncheon and an enjoyable time was had.

Miss Mary Jeanette Sargent returned to the home of her parents, Mr. and Mrs. G. A. Sargent on Tuesday. After the close of school at Willamette university where she has been attending, she visited the Y. W. C. A. convention at Seabeck, Washington.

Mr. and Mrs. G. E. Sturn and children of Boardman, visited with Mr. and Mrs. Myron Halse over the week end.

Mrs. M. L. Murray and daughter Luella, cousins of Mrs. Elizabeth Fuller arrived Thursday from California by way of the coast highway returning Monday by Crater Lake.

Mr. and Mrs. Carey Green of Sunnyside, Washington, arrived Sunday at the home of Mr. and Mrs. J. F. Royce.

Mrs. Jennie Young left town Friday. She will visit in Portland and leave from that city for Sacramento, Calif., where she will visit with relatives including a sister, Mrs. Frank DanSant.

Wayne Darby was in Culvert Saturday returning the next day.

Frank Lamborn and wife and grand daughter, Lavelle Guy, left Sunday for a vacation at Nelscott beach.

From all appearances harvest days will be with us soon again.

Frank Knox and children Donna, Dorothy and Jessie accompanied by Mrs. Knox' mother of Frank, drove to Yakima to spend the week end at the home of Mr. Knox' sister Mrs. Arthur Lofstrand.

Mr. and Mrs. Louis Scholl are at Northwestern Lake, Wash., having left here Monday.

Mrs. Jessie Amos and Andy Sandvig were Sunday dinner guests at the McDonald home on the river.

Townsend speaker R. C. Moore addressed a group of people in the club building Thursday evening. A quilt was donated to the club by Mrs. Spencer sr. and was won by Harry Richelderfer.

Mr. and Mrs. Charles Harding of The Dalles were dinner hosts Saturday evening. Included among their guests were the following from Wasco: Mr. and Mrs. Fred Hennagin, Mr. and Mrs. Everett Watkins, Mr. and Mrs. Hildred Zell, Mrs. Victor Anderson, Mr. and Mrs. H. M. Stephens, Mrs. B. Estrelle Hailey and W. H. Burris.

A ten days vacation is being enjoyed at Roslyn and Seattle, Wash., by Miss Augusta Huckin.

Pardee Rich of Hubbard was here Monday transacting business for Myron Halse who moved his livestock from Wasco to Stevenson, Washington.

Miss Alberta Alley left Monday for a summer vacation with her sister at Yakima, Washington.

Kansas Delegates Cheer Landon's Nomination

As Gov. Alfred M. Landon of Kansas was nominated for the Presidency by the Republican national convention, delegates from his home state of Kansas staged an impressive celebration. Inset shows John Hamilton, Landon's campaign manager, who is now the chairman of the Republican national committee.

Spring Wheat Belt Damaged By Drouth

Canadian Wheat Crop Gives Promise Of Better Yield

Serious damage to the domestic spring wheat crop from continued drouth was the outstanding feature in the wheat market. High temperatures and hot winds added to drouth injury and made recovery uncertain even should rains occur. Trade forecasts placed the harvest only a little above last season's output. Wheat was largely beyond recovery in South Dakota except in the south east and small grains were reported a complete failure in Middlewestern counties and parts of the Red River Valley in Minnesota. The crop is generally poor in North Dakota although some good crops are reported locally. North Dakota has had only about one third of normal rain fall since the first of April, eastern Montana and northern Minnesota less than half of normal and other Northwestern sections only slightly more. In the winter wheat belt, late fields of wheat have been badly damaged in the eastern half of Kansas and considerable toll has been taken in Nebraska by hot dry weather especially in central counties.

Canadian Wheat Good

Prospects for spring wheat in Canada are much more favorable than in the United States, with good rains received over most of Saskatchewan and east Central and northeastern Alberta. Early sown wheat fields are almost generally in the shot blade across the southern prairie but wheat is heading out short in some of the dry sections. Prospects vary considerably with light crops expected in southwestern Manitoba, extreme southeastern and most western Saskatchewan and in east central and northeastern Alberta. Over the remaining area, growth has been fair

ly normal, although late sown fields are uneven and have suffered some what from lack of rain at critical period. Grasshoppers are reported under good control almost everywhere except southwestern Manitoba.

Crop prospects in Europe show no important changes but trade

agencies forecast a harvest about 80,000,000 bushels under the 1935 harvest, based on present conditions with decreases principally in countries having moderate carryovers.

HI-WAYS TO HEALTH

by ADA R. MAYNE
OREGON DAIRY COUNCIL

Preparing meals for two is a problem in any situation but if the "two" happen to be bride and groom this problem of meal planning and preparation can very easily become acute. Very often the bride is inexperienced as a cook. Undoubtedly she has helped her mother prepare the vegetables, and she may bake cakes that melt in your mouth, but the responsibility of getting the meal as a whole onto the table in edible form hasn't been hers. In her desire to impress and please her young husband, the bride is inclined to plan too elaborate a menu.

Our first suggestion is that the meals be kept simple and that they be planned well in advance - no last minute rushing to the corner grocery. Men prefer simple foods to the intricate combinations and if meals are kept simple there is a greater chance that they will be

consistently satisfactory. Then too, there is a greater chance of staying within the food budget.

Avoid trying more than one new dish at a time. Spread the fun out - it's easier and safer too, all round.

And remember that cold foods should always be served very cold and hot foods on a hot plate.

The bride must also learn to consider individual taste for foods. There seems to be some proof for saying that men's appetites are different from women's. For instance, men are likely to drink more milk than women drink - which is so much better for the men. Women should drink more milk (as milk is recognized as our most important food for maintaining health and is not a fattening food.) But women usually eat more salads than men - which is so much better for the women, especially when the salads are made

from raw fruits or vegetables. Therefore, we find a happy balance the most satisfactory solution.

A very simple and correct guide for meal planning should be helpful. If individuals are to obtain the highest measure of efficiency and buoyant health, meals must be built around the "protective" foods - milk, fruits and vegetables, and eggs. Once these foods are established in the daily dietary, we can add any other foods desired. As one eminent authority on foods expresses it - "Eat what you want after you eat what you should." And by exercising the imagination one can create dishes that make the foods we "should" eat as appealing as those we "want."

Below is a recipe for a new dish that is bound to find favor with the unsuspecting male:

Melon and Cottage Cheese Salad
Peel a chilled ripe cantaloupe as you would an apple. Slice it in rings about one and a half inches thick. Remove the seeds. Place the melon rings on a bed of lettuce. Season cottage cheese with grated orange rind and chopped nuts. If it seems dry add a little cream. Fill the center of the melon rings with the cottage cheese. Slice some ripe fruit and arrange around the base of the cheese mound. Serve with any tart French dressing.

NEW GOLF CHAMPION

Tony Manero, with the National Golf open winner's cup, shown after he won the United States open championship with a score of 282 which set a new world's record for a major 72 hole title tournament. Manero, who is thirty one years old and a former Westchester (N. Y.) caddie, set a new course record of 67 in final round on the 72 par Baltusrol Golf club course. Harry Cooper of Chicago was second with a score of 284.

The "Caterpillar" Diesel RD4

Just right in size

... with balanced weight and traction for steep hills, soft soils and heavy loads. Palouse and Big Bend farmers pull five 16-inch plows in third gear, sometimes in fourth... two and three drills... forty to eighty feet of harrow. The RD-4 develops a good big 35 drawbar horsepower, handles with unequalled ease and has five forward speeds which fit it for any and all farm jobs.

Just right in operating Cost

Consider the loads the RD-4 will handle, then think of doing this work on from 1-1/2 to 2 gallons of fuel... cheap Diesel oil. The RD-4 is operating under local conditions on as little as 4 cents fuel cost per acre. Compare this with the best and you'll find a saving that farmers just can't afford to overlook. The RD-4 is without question...

As advertising is the major income of newspapers it is the major means of increasing income of dealers in all sorts of business enterprises.

Elbert Hubbard said that if a man built a better mouse trap than any one else the world would beat a pathway to his door, but the mouse trap builder would first have to tell people of his invention or his calling list would be as short as Al Capone's.

Don't hide your light under a bushel, nor your goods in an unadvertised business is good advise in this day and age of strong competition between many businesses and many dealers in each business.

For this county there is one medium of advertising:

The Sherman County Journal
