

Former Wasco Couple Announce Birth of Daughter

Mr. and Mrs. Myron L. Halse, formerly of Wasco, now living at Stevenson, Washington, have sent out announcements, that they are the parents of a baby girl, named Lois Elaine, weighing six and a half pounds, born on November 10th.

Mr. and Mrs. Earl McKinney of Heppner are the parents of a son born Friday at The Dalles hospital. Earl is staying here with his mother during the seeding season.

Wasco volleyball team played Moro Friday night. Moro won 34 to 14. Refreshments were served by the Wasco girls after the game.

Mrs. Louis Scholl spent several days at the home of her daughter, Mrs. George Knebel in The Dalles. Mrs. Frank Lamborn entertained her contract club last Thursday afternoon at luncheon and three tables of cards. Mrs. Art Smith won honors and Mrs. J. F. Roysse held low score.

The Rev. W. J. Douglas and wife and Rev. Gilbert Carey left Thursday of last week to attend the preaching mission in Portland returning Saturday.

Mr. and Mrs. Harley Dutton of Fossil were in Wasco Sunday where they visited relatives.

Mrs. Pearl Butler visited in Portland bringing home guests on her return. Relatives from Glasgow, Montana were William Butler and son Eddie and Mrs. George Muir and daughters, Marcella and Vera of Marshfield.

Miss Marie Andrews entertained the school faculty at her home Wednesday evening. Cards were played at two tables with Miss Leona Cloutier holding high score. Refreshments were served by the hostess.

The neighbors of Woodcraft spent a pleasant evening Thursday at Fraternity hall. The occasion being their quarterly birthday party. A birthday gift was given when Mrs. Leo Watkins drew the lucky number.

Mrs. Lydia Darby left Thursday for Canada from where she will leave for Juneau, Alaska for a month's stay with her son in law and daughter, Mr. and Mrs. Kenneth Ferguson.

Lloyd Hennagin was a Portland visitor from Sunday until Wednesday.

The Ladies Aid society of the Methodist church met with Mrs. Elizabeth Fuller Tuesday. Sewing was the pastime of the afternoon.

Mrs. Andy Shearer visited in The Dalles at the home of Mrs. Guy Pound.

Mr. and Mrs. Lucien Coleman visited here Sunday with the latter's mother, Mrs. P. A. Siscl.

Mrs. Olsen's daughter, Mrs. M.

Biggs, is the mother of a daughter born last Tuesday in The Dalles hospital.

Mr. and Mrs. Walter Blau and children Helen and Kenneth were visitors in Portland over the week end at the Fred Blau home. Mr. Blau has been quite ill at his home on N. E. Rodney Avenue in Portland, since late last month.

Mr. and Mrs. Lynn Michael of Portland visited over the week end with Mrs. Michael's mother, Mrs. Kate Johnson.

Ormand Hilderbrand and family and Mrs. Chester Medler left for Portland last Thursday. Mrs. Medler went on to Vancouver to visit with her mother.

Miss Barbara Hines spent Sunday in Grass Valley at the Arch Fortner home.

Past Noble Grand members held an afternoon of bridge at the home of Mrs. Charles Everett. Mrs. T. L. Fields held the high score.

Wednesday evening Roy Gibbs, Grand Master of the Odd Fellows lodge, was here to attend a district meeting of the order.

Garden club members met with Mrs. H. A. White Tuesday afternoon.

Arthur Watkins of Bonneville was in town for several days.

John McClure and children visited in Portland over the week end.

Dr. S. L. Richelderfer served dinner Sunday to guests among them being Principle and Mrs. Homer Dixon and son Loring and Miss Frances Gorsline.

Lawrence Eaton, brother of Claud Eaton, arrived from Fresno, Cal. Sunday for a visit. A brother of J. N. Stevens also made the trip from Fresno.

Mrs. Orville Yocum returned from Kent where she has been teaching the intermediate grades for a week or so as replacement teacher.

Mrs. B. E. Hailey was in Portland where she visited Sunday.

The Masque and Dagger club gave three one act plays at the school house Saturday evening.

Resolutions of Condolence

WHEREAS AS, The Supreme Ruler of the Universe has allowed the death angel to enter our chapter and call to the Chapter above, our beloved sister who will always be held in loving remembrance.

BE IT RESOLVED, That the members of Annie Fulton Chapter No. 124 have lost a loyal member in the passing of Sister Bessie Belshe.

BE IT FURTHER RESOLVED, that we as true Eastern Star members humbly submit to the Master's will, who doeth all things well— "Sweet is the memory of departed friends, Like the mellowed rays of the declining sun, It falls tenderly, yet sadly, on the heart."

THEREFORE, BE IT FURTHER RESOLVED, that a copy of these resolutions be sent to the family, one be sent to the county paper, and one be spread upon the records of this Chapter.

U. O. STUDENTS PAY OFF ELECTION BETS

GETTING on Landon proved embarrassing for these three University of Oregon students. Donald Seaman, Portland, is wearing a tuxedo a class these autumn days and Don Tower, also of Portland, wore his pajamas to call on his favorite girl friend, Paul Cushing, Ontario, Cal., a shown practicing the age-old feat of rolling a peanut with the nose before he left to push it a city block. The frail peanut became so attared that a husky filbert was substituted for the remainder of the trek.

Interesting Items About Rufus Residents

The main issue of the week is decidedly political in the community as it is in all other places at the present. The polls opened Tuesday morning with Mr. Wilson as chairman, Mr. Foister as judge, and Mr. Morris, Mr. Herman Brackett, and Miss Ada Jones, as clerks. The history class of the Rufus high school spent a half hour at the polls to learn voting procedure and to see how the polls were conducted.

October 31 marked an evening famous for its jack O' lanterns, hob-goblins, etc., as well as numerous parties.

At a ball game with Moro, the Rufus student body invited the Moro team to refreshments, and later in the evening, the local students concentrated upon celebrating Halloween in earnest at their annual party.

The grange of Rufus gave a party for its members last Saturday evening.

The younger set of Rufus attended a Halloween party at the Morris home on the same evening.

The weather gave everyone quite a surprise last week end and the first of this week. A spattering of snow was seen on the hills of Washington last Sunday morning and the much cooler weather unusual was noticed by a great number of the inhabitants here. Nightly frozes, though of not much importance, have been felt several nights of last week.

T. Lester Johnson, Independent candidate for district attorney, was visiting in Rufus recently, presumably giving his regards to those who made it possible for him to get his name on the ballot.

The Mathieson family intends to keep warm this winter, for they have installed a new oil heater.

Billie Brady, son of Mr. and Mrs. Arnold Brady, was taken to the hospital a few days ago for sinus trouble, but is now back home and

in good health. Bobbie Huck, son of Mr. and Mrs. William Huck at the John Day river, is said to be very ill, but authorities are somewhat undecided as to the nature of his illness.

WEEDS

(Continued from page one)

pointed who shall have access to all land in the district. He may see the last owner or post three notices on the land and from that date the land owner has ten days in which to destroy or prevent from spreading the noxious weeds specified. The notices remain in effect for the calendar year.

Penalty is \$25 to \$50 for the first offence and \$50 to \$250 for each subsequent offence.

In case the work is not done by those owning OR OCCUPYING land the weed inspector shall notify the district attorney who shall start enforcement. The work of eradication shall be done by the county and the cost added to the tax on the property.

The law was made before perennial weeds were grown in quantities they are at present. Anyone who has had experience with morning glory will realize the cost that might be entailed if the county court established a weed control district or if a group of land owners decided to form a district.

Omer Sayrs was named temporary chairman of the meeting and LeRoy Wright temporary secretary. The following general principles were laid down on which to base discussion for further meetings in the districts and in the county as a whole.

Should there be an educational program instituted about weeds? Should the county prepare a large map with all weed patches of perennial weeds clearly marked?

Should there be a contest held for weed identification?

Should the sale of feed and seed from land known to bear morning glory be discouraged?

Should the weed law be sent to all owners of weedy fields?

Is the present practice of road maintenance conducive to weed control?

Should the county be declared a weed control district and if so, what weeds should be included?

Are the Dark Ages Still With Us?

Startling Revelations About Light and Sight

SEEING TAKES ENERGY!

Science has proved that a person trying to do exacting visual work in inadequate light uses up as much or more energy than if he were playing football or digging a ditch. When you come home from the office "dog-tired" for no apparent reason... when you fall asleep over your book or paper at home... when you become nervous and irritable while sewing or doing other close work... poor light has sapped your energy! If you continue to use your eyes in inadequate light, eyestrain is inevitable. Let a free Sight Meter test show you the truth about your lighting.

Human eye poor judge of light!

Because the human eye attempts to adapt itself to almost all light conditions, it is not a good judge of light. Only the precise photo-electric eye of the Sight Meter tells exactly how much light is in any given spot and prescribes the amounts needed for effortless seeing at various types of work.

The cost of a newspaper!

For approximately the cost of the newspaper you are now reading, you can operate a 200-watt I.E.S. Better Sight Lamp an entire evening. This is because Pacific Power & Light Company's rates are among the lowest in the United States. Light is cheap, but sight is priceless.

Scientifically designed lamps give glare-free, sight-saving light!

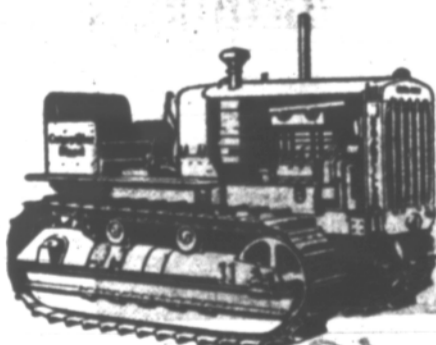

The new I.E.S. Better Sight Lamps have a bowl of diffusing glass between bulb and shade which prevents glare and harsh contrasts and sends part of the light to the ceiling for general illumination. By using these lamps you see without eyestrain. The lamp illustrated is the new low End Table Model, ideal for use at each end of your davenport. This and other new models are on display in dealers' and our nearest office. Right now all dealers in I.E.S. lamps are participating in the nation-wide I.E.S. 2nd Birthday Sale.

Had your lighting checked recently? Then call or write your nearest Pacific Power & Light Company office and ask for your free Sight Meter test.

Less than \$70 a year to own a "Caterpillar"

October 16th, 1936.
Dear Sirs: Recently I traded my small "Caterpillar" Tractor in on a larger machine and feel so good about the deal that I thought you would be interested in aving the details. I bought this tractor in 1929 and it has taken care of my orchard since that time, besides doing some outside work. I have owned other tractors, both wheel and track type, but this "Caterpillar" has given me more satisfaction than anything I have ever driven. It has negotiated hills, soft loose ground or any other condition any time called upon with a minimum operating cost. The thing that is most outstanding about this deal is the value of it. In fact I paid considerable less than \$70.00 per year for its use and upkeep. I could hardly keep one horse for this amount of money and the tractor did the work of ten head.

Yours very truly,
J. T. Harris.
