A KISS

A kiss is a peculiar proposition. Of no use to one, yet absolute bliss to two. The small boy gets it for nothing; the young man has to lie for it and the old man has to pay for it. It's the baby's right, the lover's privilege and the hypocrite's mask. To a young girl it is faith; to a married woman, hope; to an old maid, charity.

It's foolish to get the "IRONING BOARD DROOPS"

(or let washing be drudgery, either)

MINIMIZE YOUR WORK BY MAKING YOUR HOME LAUNDRY ALL-ELECTRIC!

● When you have an electric ironer, laborious lifting and pushing are eliminated. You sit and feed your pieces through in half the time you formerly took to iron. Your ironer does all the hard work—and what a beautiful job it does.

An electric ironer is just one of the trio of appliances you need in your home laundry. You should also have a modern electric washer and an automatic electric water heater. Then laundering will be one of your easiest household tasks, not your hardest.

Start your all-electric home laundry now. Equipment prices are low, but advances are expected before long. The operating cost of this equipment is small because Pacific Power & Light Company's rates—always low—are now lower than ever before.

BUY YOUR APPLIANCES NOW BEFORE PRICES ADVANCE!

Electric Washer. The new washers are extremely gentle, yet so efficient that dirt is removed in 5 to 7 minutes. Prices are still low. Be thrifty. Buy now!

Electric Ironer. An ironer takes the backache out of ironing. It exerts all needed pressure, does all the lifting and pushing. You merely sit and feed your pieces through in half the time you formerly took to iron.

Electric Water Heater. With an automatic electric water heater, you have plentiful hot water for laundering and every household use whenever you turn a faucet, day or night, winter or summer. Heater and operating costs are low.
