40 MILES Per Gallon ON 8¢ GASOLINE

● If you could travel twice as far on a fuel that cost a fraction of present prices—a car with such economy would be a miracle!

Yet, in the tractor field, "Caterpillar" Diesel savings are as amazing as that. The RD4, for example, plows an acre on one gallon of 7-cent fuel. An equal powered gasoline tractor, for the same work, takes 2 gallons of 14-cent fuel.

Ask us more about the Diesel RD4!
