

Play Planned By Local Woman's Club

The play "Aunt Tilly Goes to Town" has been ordered by Mrs. Stella Poley who will direct a group of local thespians this spring. A cast of twelve or fourteen will be used.

Mrs. Dorothy Johnston and son Dale, were here from Sunday until Tuesday, coming from Albany where Mrs. Johnston is working on farm rehabilitation plans.

Mr and Mrs Carl Sandoz were here Monday from Condon. He is examiner for the state relief association.

Dr. H. C. Curry, the Seattle Optometrist who has made Professional visits to Moro for years and is known for good Optical work at Reasonable Prices will again be at Hotel Moro Friday, March 4 for one day. Eyes Examined, Glasses made to Fit Each Eye.

Mrs. Jessie Henrichs and Mrs. M. A. Bull entertained the Jolly Dozen at the former's home Wednesday afternoon.

George Updegraff was in Portland the first of the week on business.

Austin Foss spent the first of the week here on a short vacation from business college in Portland.

State Representative E. R. Fatland and County Agent Russell McKinnon of Condon attended the conference. A similar conference will be held in Condon today of which Mr. Fatland will be chairman and Mr. McKinnon advisor.

Horses came in early in the week to be kept at the fair grounds until Friday when they will be entered in the sale of horses and cattle given by the stockmen's association.

Circuit Judge Carl Hendricks and wife were here Tuesday morning for a brief time. The judge is still in Oregon City where he is presiding over the sheriff's trial.

Bert Knighten, a brother of Wily Knighten, is here from Harper for a brief visit.

Eugene was one of several Oregon cities which recorded fewer automobile accidents in January this year than last. Mishaps there dropped from 89 in January, 1937 to 79 this year, according to city police.

C. A. Tom and eight members of his first aid classes will put on a demonstration as a part of the lecturer's hour at Harland View Grange Friday, February 25. Lecturer's hour programs are always open to the public.

Lester Barnum and Charley Belshee left for Portland Wednesday night to bring home some milk cows.

Marion McKee made a trip to Madras Wednesday morning. Pussy willows are out along the creek in Moro, another indication, along with the weather, that spring is just around the corner—and really coming.

The Legion hall has received a new coat of kalsomine at the hands of Jack Noonan and will be ready for use next week.

Otis Baker is improving at a hospital in The Dalles and his recovery is now expected.

Illness continues to keep many Morosites from work or school. Days in bed varies with individuals but many of them are incapacitated for a week or more with the cold.

A young man, Ballard, at the CCC camp, suffered an attack of angina pectoris this week and was in danger of death for a

couple of days. He is better now, however.

Mr. and Mrs. Harry Dalby are the parents of a girl born February 10th. She was formerly Marjorie Ginn.

The county agent received word this week that changes in the 1938 soil conservation program may be made before the rules and regulations are officially sent out.

CHURCHES

Moro Community Presbyterian church: 10 a. m. Bible study, 11 a. m. Morning worship with Rev. L. H. Mitchelmore speaking on "When Jesus Prayed." How did Christ regard prayer? Conservation Held Helped By New Bill

The AAA farm act which became effective February 16, when President Roosevelt signed what is known as the Agricultural Adjustment Act of 1938, continues and strengthens the provisions of the soil conservation and allotment act under which the AAA has been operating since the spring of 1936, according to N. E. Dodd, Haines, chairman of the State AAA committee.

Plans previously made for putting into operation the 1938 agricultural conservation program will be carried out as originally intended. The new bill adds to the present program such features as establishment of marketing quotas when necessary as an additional means of stabilizing market supplies of cotton, tobacco, rice, wheat and corn, and provides for crop loans, crop insurance and other additional features.

The state college extension service, working with the State AAA committee, will get out detailed information to the farmers concerning the new act just as rapidly as possible, says F. L. Ballard, vice director of extension. As in the past, the policy of the extension service is to inform the people fully regarding agricultural programs provided by congress and help them reap all the advantages possible from the application of such laws.

One of the most important new features of the new bill provides for the establishment of marketing quotas to be used in years of large surpluses, although only with the approval, by a two-thirds vote, of the farmers affected. In years when the total supply of any of the five commodities reaches a level considerably above the normal requirements for domestic and export markets, farmers who produce the crop commercially will vote whether to use marketing quotas. If the vote is favorable, quotas are put into effect for all commercial producers of the crop.

Those who sponsored the bill say that the marketing quotas should give the nation adequate supplies of the five crops with an ample supply in each case. Wheat is the only quota crop grown in Oregon, and it is believed unlikely that it will be affected in 1938.

When making our Federal income tax returns, Oregon motorists may deduct money paid out during 1937 as a result of the state's gasoline tax rate of five cents per gallon, E. B. McDonald, president of the Oregon State Motor Association, declared today.

Reporting on income tax deductions allowed motorists by reason of car operation, he continued: "Every penny paid to the State in the form of registration and other special fees may be deducted by Oregon motorists. Also, they may deduct amounts paid out in state gasoline taxes when traveling through most of the other states as the Bureau of International Revenue now allows full deductions for all but ten states, namely, Alabama, California, Georgia, Mississippi, Nebraska, South Carolina, Tennessee, Utah, Wyoming, and Ohio where 3 cents of the 4 cent tax is deductible.

"However, it is important to remember that amounts paid out in Federal gasoline and other excise taxes are strictly not deductible." Other deductible items are as follows:

1. Interest on money borrowed for purchase of an automobile is deductible.
2. If a passenger car is used solely for business purpose all expenses incident to maintenance, including depreciation, may be deducted.
3. If used partly for business and partly for pleasure, only a proportionate part of the maintenance, including depreciation, may be deducted.
4. Loss sustained by reason of damage to a passenger automobile while being used for pleasure is deductible. It must be an actual loss to the person. If compensated for by insurance or otherwise it is not deductible.
5. Damages paid for injury to a pedestrian are deductible, provided at the time the injury occurred the car was being used for business.
6. Fines paid by a motorist are not deductible, as a fine does not constitute an "ordinary and necessary business expense."
7. Loss sustained from the outright sale of an automobile may be deducted in computing net income subject to the provisions of section 117 of the revenue act of 1938. This does not apply to trade-ins.
8. Amount paid for insurance

Auto Expenses Are Often Deductible

When making our Federal income tax returns, Oregon motorists may deduct money paid out during 1937 as a result of the state's gasoline tax rate of five cents per gallon, E. B. McDonald, president of the Oregon State Motor Association, declared today.

Reporting on income tax deductions allowed motorists by reason of car operation, he continued: "Every penny paid to the State in the form of registration and other special fees may be deducted by Oregon motorists. Also, they may deduct amounts paid out in state gasoline taxes when traveling through most of the other states as the Bureau of International Revenue now allows full deductions for all but ten states, namely, Alabama, California, Georgia, Mississippi, Nebraska, South Carolina, Tennessee, Utah, Wyoming, and Ohio where 3 cents of the 4 cent tax is deductible.

"However, it is important to remember that amounts paid out in Federal gasoline and other excise taxes are strictly not deductible." Other deductible items are as follows:

1. Interest on money borrowed for purchase of an automobile is deductible.
2. If a passenger car is used solely for business purpose all expenses incident to maintenance, including depreciation, may be deducted.
3. If used partly for business and partly for pleasure, only a proportionate part of the maintenance, including depreciation, may be deducted.
4. Loss sustained by reason of damage to a passenger automobile while being used for pleasure is deductible. It must be an actual loss to the person. If compensated for by insurance or otherwise it is not deductible.
5. Damages paid for injury to a pedestrian are deductible, provided at the time the injury occurred the car was being used for business.
6. Fines paid by a motorist are not deductible, as a fine does not constitute an "ordinary and necessary business expense."
7. Loss sustained from the outright sale of an automobile may be deducted in computing net income subject to the provisions of section 117 of the revenue act of 1938. This does not apply to trade-ins.
8. Amount paid for insurance

S. F. Fair Sets '39 Fashions

The 1939 Golden Gate International Exposition, to be held on Treasure Island in San Francisco Bay, already is setting the styles for next year. Here Beth Cleve displays a "Treasure Island" bracelet designed by Marie Ayrault and hung with pirate charms. Note the dress print worn by Miss Cleve, showing some of the World's Fair towers and palaces.

on automobiles used for business purposes and also the amount of finance charges on a purchased car which covers interest and risk on the loan, may be deducted, but not the amount covering the premium on insurance to protect the finance company's interest.
