Auxiliary members were entertained Monday by Mrs. Haufelt with a dessert luncheon. Twelve members were present. Mrs. Pearl Butler extended an invitation to the members for luncheon at the hotel the first Monday in February.

Members of the Tillicum club entertained for their husbands Thursday at the home of Mr. and Mrs. T. L. Fields. Dinner was served at 6:30, the decorative motif being red carnations and narcissus. Past time was cards of pinocle with Mr. and Mrs. Laurence Funk receiving the prizes.

Mr. and Mrs. Art Smith are making their home with Mrs. T. H. Lee and Mr. and Mrs. Leon Smith are located on the farm. They returned from a short wedding trip Saturday.

The Greatest Miracle. "Isn't it wonderful the things that can be made from ordinary beef bones—piano keys, teeth, knife and fork handles, and so on!" "Yes; and my landlady thinks that they make soup, also."

Do You Favor Purebreds?
Yes, there are "Purebreds" in the tractor world, too. The "Purebred" will pull your big loads, do your work on time and save you hundreds of dollars in fuel... in upkeep cost and in lower write-off for depreciation. There's no question in the minds of hundreds of your neighbors who build the "Purebred" tractors of the world. It's "Caterpillar" and has been for twenty-five years in the Northwest.

HI-WAYS TO HEALTH by ADA R. MAYNE OREGON DAIRY COUNCIL

The main dish pattern is simple. First, there is a protein-rich food, usually meat or cheese, or perhaps fish or eggs. Then, there is a starchy food such as potatoes or cereal in some form, corn or rice, macaroni or noodles. Frequently one or more vegetables are added, as well as onion, celery and parsnips. Now that the holidays are over, the Christmas tree dismantled, gifts tucked away, and New Years resolutions made, the serious business of everyday living confronts us again. To provide for meals that will supply the family's food needs and with the least possible friction is a challenge to every homemaker. And "friction" applies to disturbances of the pocket book as well as to strenuous effort in the kitchen.

The modern homemaker knows the many advantages in planning the main dish type of meal which, ideally, presents a balanced meal in itself. This main dish idea is not a new fad but just a more sincere way of referring to the old favorite one dish meal, that comes with salad and dessert, perhaps a roll, and always a beverage just as a matter of course.

Unless the smell of all her parts suits some darn fool Inspector. The little hen once layed her egg As nature did expect her But now each step from nest to nest Is checked by an Inspector.

Her coop, her rooster, every thing With which they can connect her— The farmer, dealer, grocer, all Are bossed by some Inspector. When all is ended and old Nick Has got each malfactor, We hope in each hot spot in H— There sizzles an Inspector.

CHURCHES
Moro Christian Science Society: Church services every Sunday morning at eleven o'clock and on Wednesday evening at eight o'clock. The reading room has an attendant after each service. The public is cordially invited to attend the services and to make use of the reading room.

Grass Valley Baptist church: 10:00 a. m. Bible school. Attendance was good last Sunday, let's make it better next Sunday. 11.00 a. m. Morning worship. The pastor will begin a series of studies on the book of "I Thessalonians and the Second Coming of Christ." The first will be "Christian Salvation in the Light of the Second Coming of Christ." 7:30 p. m., "Hour Around the Fire-Side." This is a new departure for the evening hour and will consist of a variety program and talk by the pastor on "A Bible Study at the parsonage." "Come thou with us and we will do thee good."

Wasco Methodist church: Sunday school at 10 a. m. Preaching service at 11 a. m. Dr. Sydney W. Hall, District Superintendent will preach at 11 a. m., followed by a pot luck dinner in the basement of the church. Bring your lunch and join in with us.

Read the Ads in the Journal

Mr. and Mrs. J. L. Matthes were business visitors at the home of Mr. and Mrs. W. D. Barnett near Grass Valley Sunday.

Mr. and Mrs. Fred Sears of Portland motored to Kent Thursday enroute to California where they will spend the winter. They were over night guests while here at the home of the latter's brother, John Decker.

Mrs. Jay McKay and infant daughter Kay, and Mrs. Allen Bekkadahl and infant son Kenneth returned to their respective homes here Tuesday.

Mr. and Mrs. J. L. Davis and son Luther Warren were over night guests of Mr. and Mrs. Glen King of Grass Valley Saturday.

ways have their milk to the amount of one quart each day, and frequently a crisp raw vegetable salad or a fruit dessert are also needed to round out the balance. The protein food, always found in a true main dish, is necessary for building and repairing the body tissues; while starchy foods furnish calories at comparatively low cost. The milk, along with vegetables and fruits, supply vitamins and minerals.

Nearly every home maker has her own busy day specialties, but here is a suggestion that you may like to have.

Sour Cream Noodle Ring
One package broad egg noodles
One pound cottage cheese
One cup sour cream
Salt and pepper
One egg
Cook noodles 15 minutes in a large quantity of boiling salted water

Drain and rinse. Add the cottage cheese, sour cream and egg. Season to taste with salt and pepper. Turn into a buttered ring mold and bake for about 40 minutes in a moderate oven - 350 degrees. Turn out on a platter and fill the center with creamed tuna or creamed salmon.

Mr. and Mrs. Arthur Cratty, Mr. and Mrs. Harley McKay and Mrs. Ernest Smith were called to Portland Wednesday where it was necessary to give a blood transfusion for Rose Crystal Cratty who is ill in the Doernbecher hospital there.

PLENTY OF CONVENIENCE OUTLETS
...make your electric appliances so much easier to use!

Here you need outlets for electric mixer, clock, iron and ironer, refrigerator, roaster and ventilating fan.

Several outlets are required to take care of toaster, coffee maker, waffle iron and sandwich grill.

You really enjoy your lamps, radio and clock when you can plug them in close to where you use them.

Outlets are important here, too, especially for bed lamp, clock, heating pad, sun lamp and curling iron.

Electric appliances are so easy to use if you can use them when and where you wish. Get the pleasure and satisfaction from your electric equipment you deserve. Have more convenience outlets installed. Stop fussing with dangerous extensions... with makeshift outlets. Call in an electrical contractor today. Convenience outlets can be easily, quickly and cheaply installed.

More outlets will enable you to use your electric appliances more frequently, more handily than before. Yet—even if you use them every day—your electric service bill will still be small. For this is a community where electricity is cheap. Pacific Power & Light Company's rates have been steadily reduced until they are among the lowest in the United States.

Compare your house wiring with water pipe...
Like pipe, electric wiring will hold only so much electricity. Put more appliances on one circuit than the wire can supply and your iron, for example, won't get really hot, your lamp will be dim, your mixer will labor. If your wiring overloads easily, ask an electrical contractor to examine it. A few simple changes may be enough to make it adequate.

SEE AN ELECTRICAL CONTRACTOR TODAY
PACIFIC POWER & LIGHT COMPANY
