Those Naughty Nineties!

The American "Can Can" was one of those dances nice folks didn't see in the gay 90's, and it's revived as one of the scenes in the "Cavalcade of The Golden West" at the Golden Gate International Exposition. Cavalcade, on the world's largest stage, portrays in gripping, dramatic fashion, 400 years of romantic Western history from discovery of the Pacific Ocean to modern days. The dancers are Leslie Loring (left) and Jean Boyer.

HI-WAYS TO HEALTH

A Cinderella among vegetables, a century ago - now one of the most important of the truck crops grown in the United States - that is the success story of the tomato.

There are several good reasons why the tomato enjoys dietetic prestige today. One is that it passes all taste tests with its matchless flavor. It scores on food value because of its high vitamin C content, and it has eye appeal with the bright "tomato red" of its coloring. In fact, so eye appealing was it to some 17th century Englishmen that they grew the tomato purely for its ornamental value. That bright red color attracts many a young eye, too.

As far as its value in the diet is concerned, the tomato almost runs the gamut of the vitamin alphabet and is considered an inexpensive source of vitamin C. Although in season the year round nowadays - the lowest prices and most plentiful supplies come from June through September, but it's in August and September when home grown supplies are largest and quality the best that they are enjoyed the most.

Fresh tomatoes are excellent in combination with cheese, especially the more bland types as cottage cheese and cream cheese, in salads or in sandwiches. And the flavor of most any baked dish calling for tomatoes is enhanced by the generous use of some snappy cheese. You will find that Roquefort cheese added to the favorite salad dressing and used over sliced tomatoes is delicious.

We guarantee no loiterers for

lunch if you serve this Tomato-Bacon Sandwich with its delicious cheese sauce.

Bacon-Tomato Sandwich With Cheese Sauce

Two and a half grated American cheese
Two third cup cream
Eight slices tomatoes
Eight slices of bacon
Mix the cheese and cream together; add salt and pepper. Cook slowly over boiling water until cheese is melted, stirring constantly. Broil tomato slices and bacon. Arrange broiled tomato slices on buttered toast. Pour over the cheese sauce and arrange broiled bacon on top. Serve at once. Serves four.

Everything To Make A Better Fair

Held At

Moro, Oregon

Have you ever noticed how a "Caterpillar" track-type tractor gears itself to the ground? Yes! That's just what it does. Every grouser on the tracks has its job to do and does it! The ample weight of the tractor is evenly distributed to keep all the grousers in constant mesh with the ground. This geared-to-the-ground traction can save time and money for you.
