Record Number of Disasters Reported by Red Cross for Year

The American Red Cross gave emergency relief and rehabilitation aid to 139,660 sufferers of 157 disasters in the United States during the fiscal year ended June 30, according to a report submitted by DeWitt Smith, newly appointed director of the Red Cross disaster relief service.

Mr. Smith said the number of disaster operations exceeded that of any previous year, with cloudbursts, epidemics, floods, windstorms, snowslides, and other catastrophes striking in 47 states and the territory of Alaska. Red Cross disaster relief expenditures totaled \$2,376,109 for the year.

Since its founding in 1881 the Red Cross has aided victims of 2,195 disasters here and abroad, expending \$143,000,000 for rescue, food, clothing, shelter, medical and nursing aid and the permanent rehabilitation of families unable to re-establish themselves," Mr. Smith said.

Last year the Red Cross helped 41,000 enlisted men or their families through its workers stationed at Army, Navy Marine Corps and Coast Guard Stations and through Red Cross chapters from coast to coast. Recent Congressional action to increase the United States armed forces has necessitated expansion of this vital service to enlisted men by the Red Cross.

Twice Sweepstakes Winner Seeks Third State Corn Show Victory

E. G. Wiesner has been raising a mighty good field of corn again this year on his farm between Mt. Angel and Brooks. From this field he hopes to select 10 ears that will bring home the sweepstakes cup again from the third annual Oregon State Corn show at O. S. C., November 22 to December 2. Wiesner's Golden Glow corn has bested all competition for two years now, and one more victory would give him permanent possession of the trophy. He expects stiffer competition this year, however, as indications are that more good corn than ever before will be exhibited.
