...BUT WHY COURT-MARTIAL THE WHOLE REGIMENT?

There are bound to be one or two bad soldiers in every regiment. But why court-martial the whole regiment?

The same applies to beer retailing. Out of hundreds of thousands of wholesome, law-abiding beer retailers, there is bound to be a small minority who disobey the law or permit anti-social conditions.

To protect your right to drink good beer, the Brewing Industry wants even this small minority of undesirable retailers eliminated entirely. Beer is a refreshing, appetizing beverage—the beverage of moderation. We want every beer retail establishment to be as wholesome as beer itself.

To that end, we have instituted a "clean-up or close-up" program—now in operation in some states and being extended to others. We'd like to tell you about it in an interesting free booklet.
