MORE POWER TO 'EM

U. S. DEPARTMENT OF INTERIOR ACTS TO FACILITATE INCREASE OF THE NATION'S ALUMINUM SUPPLY: Through the Department's Bonneville Power Administration, 40,000 kilowatts of hydroelectric energy from the gigantic Bonneville-Grand Coulee dams on the Columbia River will be supplied under a 20-year contract for the operation of a new defense plant in the Pacific Northwest. The plant will be operated by the Reynolds Metals Company and will add 40,000,000 pounds annually to the country's production of aluminum, one of the vital factors in the emergency program. Site of the plant has not yet been selected. Concluding the history-making negotiations at Washington recently are (left to right) Marion M. Caskie, Reynolds vice president; Paul J. Raver, Bonneville Power Administrator; R. S. Reynolds, president of the company bearing his name, and (standing) Ulrich Gendron, Assistant Bonneville Power Administrator.

Murray where he has been stationed since entering the army last fall.

Charles Powell spent the week end in Moro coming up Saturday, bringing his sister, Mrs. E. H. Moore, home from a weeks stay in the city.

Mr. and Mrs. Cleon Barker and family moved their household goods from The Dalles Sunday and Monday to the house recently vacated by Mr. and Mrs. Virgil Roberts. Mr. Barker will be employed by the Karnes Market.

Weather Indicates Spring Here Early

Every indication that spring is here. March came in like a lamb around here anyway—the first of the week being almost perfect spring weather, with the exception of a little east wind, of which we have had an abundance he past three months—but not the real cold blizzardous wind we have learned to associate with a wind coming out of the east—just a little chilly.

Practically every farmer in the county has started his spring work or is in preparation for starting soon.

Following is the weather report for the past week:

Feb. 27	48	33	.02
Feb. 28	46	40	.05
Mar. 1	52	42	.07
Mar. 2	52	32	
Mar. 3	54	37	
Mar. 4	50	34	
Mar. 5	51	37

"My daughter has arranged a little piece for the piano."
"Good! It's time we had a little peace!"

Many Families Started To Buy Farms In 1940

Nearly 700 farm families in Montana, Idaho, Washington and Oregon started on the road to farm ownership in 1940 through the purchase of farms from the Federal Land Bank of Spokane, according to Victor G. Peterson, secretary-treasurer of The Lalles National Farm Loan Association, which serve Gilliam, Hood River, Sherman, Wasco and Wheeler counties.

Last year, Peterson said, the land bank sold 1,347 farms or parts of farms. Of this total, 422 or 31.3 per cent, were sold to tenants. Another 158, or 11.5 per cent, were sold to former owners; in most of the latter cases, sons of former owners.

Finally, 101 farms, or 7.5 per cent, were returned to former owners under five-year leases with option to buy at the end of the lease period. Other farms sold went mainly to farmers buying additional land to round out their units.

In the territory served by The Dalles office, 18 farms were sold during 1940 by the Federal Land Bank for \$49,900.

Due to the County Sunday School convention in the Moro Presbyterian church Sunday afternoon, there will be no preaching service at the Grass Valley Methodist church.

F. L. Cannell, pastor.
