School was dismissed Thursday for pupils of the 7th and 8th grades and the previous day for those in the 5th and 6th on account of the illness of Mary Williams, who is down with the measles.

Bill Raymond is in Portland where he is being fitted with a wooden leg with which he expects to be able to get out and do some work. He will remain in the city a few days to learn the use of the leg.

E. F. Forsyth and son of Portland spent the week end at the W. C. Helyer Duderanch south of Kent.

Clean-up day for the city of Moro has been set by the Breakfast club committee for May 7.

Farmers To Sign Plans For Farms

Saturday of this week and Monday and Tuesday of next farmers of the county will be asked to come to the office of the county agent and sign their farm plan work sheets and estimates of future production of wheat. Wednesday, Earl Thompson, field man for the AAA, and John Shepard, who is on the state AAA board, will be here to meet with the local committee and plan the 1942 program as far as that is possible for a local group to do.

Jugoslav Premier

Gen. Richard Dusan-Simovich, staunch friend of Great Britain and army commander, who has been named to the post of premier of Jugostavia.

31 Motor Bills Passed by '41 Legislature

The 1941 Oregon Legislature passed 31 bills during the last session which directly affects motor vehicle owners and drivers according to the legal department of the Oregon Motor Association in a report compiled week.

Most important bill in this group was Senate Joint Resolution No. 11 which will protect the motor vehicle taxes paid by the motorist from non-highway use. The resolution refers to the voters of Oregon a constitutional amendment which when passed specifically earmarks all motor vehicle revenue funds for highways. The resolution was framed and adopted through the suggestion of the Oregon Motor Association which led numerous civic organizations asking for this motorist protection. The report cited the fact that in some states as much as fifty per cent of the motor fuel tax has been diverted from highways into uses entirely foreign to the interest of the automobile user.

The speed laws were the subject of much attention and enactment of the legislature will change the laws now governing cars on Oregon highways. The action of the legislature clothes the state highway commission with authority to designate speeds on any state highway and erect signs giving this speed. A state speed control board consisting of the secretary of state, the superintendent of state police and the chairman of the state highway commission with similar authority to designate speeds on country roads or city streets was created.

The new law retains the "basic rule" feature of the previous rulings but changes the enforcement and judicial setup. The basic rule states that no person shall drive a vehicle upon a highway at a speed greater than is reasonable and prudent having due regard to the traffic, surface and width of the highway and the conditions existing. The new law establishes any speed in excess of 55 miles per hour (or other posted speed) as "prima facie" evidence of violation of the basic rule.

In other words, if an officer arrests a person for driving more than 55 miles per hour (or exceeding the posted speed) the burden of proof is upon the driver to show that he was exercising reasonable care and caution. However, if the arrest is made when the posted speed has not been exceeded, the arresting officer must prove that the motorist was driving the

car in a dangerous manner. Motorists renewing their driver's license this spring will find that the cost has jumped from one dollar to one dollar and fifty cents. The extra revenue will be put into a fund to pay the hospital bills of those hurt in accidents in the event that the bills are not paid by the patient within a period of ninety days, the Motor Association report concludes.

SUMMARY OF ANNUAL STATEMENT OF THE COLUMBIA CASUALTY COMPANY OF ONE PARK AVE. NEW YORK IN THE STATE OF NEW YORK ON THE 31ST DAY OF DECEMBER, 1940 MADE TO THE INSURANCE COMMISSIONER OF THE STATE OF OREGON, PURSUANT TO LAW.	
CAPITAL

THE RECORD... Facts That Concern You No. 27 of a Series

ONE SOUR NOTE...
but it's a great orchestra nevertheless

Even a great orchestra will make a musical mistake once in a while. And once in a while... out of the thousands of decent, law-abiding beer retailers in Oregon... you'll come across one or two who operate disreputable establishments.

These "black sheep" retailers constitute a tiny minority. Yet they tend to drag down the good name of beer.

By arousing public indignation, such undesirable retailers endanger your right to enjoy good beer. They also endanger the benefits to the public that beer has made possible.

For example, in Oregon beer has created 13,238 new jobs with an annual payroll of \$11,541,550 and paid \$617,020.86 in taxes last year.

The brewing industry wants "black sheep" retailers eliminated entirely. You can help us by patronizing only the reputable, legal places where beer is sold. And by reporting irregularities to the duly constituted law enforcement authorities.
