

## Sherman County Red Cross Needs Work Done

The Sherman County Chapter, American Red Cross, have sent 215 bedside bags to Fort Lewis this week, these bags having been made by woman's organizations of the town. The chapter is desirous that those who can aid in doing sewing and knitting. Materials are on hand to make many garments if the work will be pledged.

Mrs. H. G. Harrington (Lucile McLachlin) and husband were up Saturday and Sunday from Eugene, and Mrs. A. W. Chamness and son, Wally, were here until the middle of the week, to visit their parents, Mr. and Mrs. Dan McLachlin.

Elmer Dillinger was here briefly to visit his mother, Mrs. Stella Dillinger.

Miss Zora Morgan is here for a visit with her parents, Mr. and Mrs. R. T. Morgan. She expects to remain until after the wedding of her sister, Irma Mae, which will be an event of next Sunday.

Mrs. Gladys Morrison, accompanied by Mrs. Stanley Colesch and Mrs. E. J. Belshaw were in Portland Friday to see one of the Rose Festival parades. Helen Morrison was one of the Booster girls of The Dalles who paraded.

Mrs. Ross Hart and two children of Beaverton came up with her parents, Mr. and Mrs. O. G. Sayers, Wednesday of last week and will remain for several days visiting here.

Jane French returned to school at LaGrande Sunday evening after spending a few days here. She was accompanied by her sister, Fatty who will remain with her a few days.

Mr. and Mrs. Collis Moore and Mr. and Mrs. Darwin Van Gilder spent the week end at Paulina Lake on a fishing trip.

Upon the return of Mr. and Mrs. Lloyd Hennagin and family from their vacation Mr. and Mrs. Ray Blake left for a couple of weeks touring the states of Oregon and Washington.

The telephone construction crew having completed the job of stringing two additional wires between Grass Valley and Moro, left Thursday for other jobs.

The Woman's Missionary society will give a social Wednesday, June 25 from 7:30 to 9 p. m. in the city park. Proceeds will go toward the repair of the auditorium of the church. Everybody will be welcome to come and partake of home made ice cream and cake.

Charles Wilson returned from the hospital Wednesday after spending several days there. It may be some time before he is able to be about regularly.

Started Leghorn pullets on hand, Hart's Hatchery, Beaverton, Ore. Mrs. H. E. Beard, known here as Mrs. George Dugger, now 85 years old, is visiting her son and daughter in law, Mr. and Mrs. Roy Dugger.

Mrs. Sallie Douma, Mrs. Peg Hanson, Mrs. Josephine Sayers, Mrs. Gladis Bucholtz and Miss Louise Roth spent Monday in Portland, going down in the early hours of the morning and returning in the evening.

Collis Moore burned his right hand Tuesday evening while filling the brooder stove and will carry it around in wraps for several days before it is ready for use.

A shower in honor of Miss Irma Mae Morgan will be held Friday night at the Woman's club building with Mesdames E. H. Moore, Elizabeth Schaeffer, Robert Hoskinson, Margaret Peetz, E. R. Barzee and C. P. Moore acting as hostesses. She will be married Sunday to Donald DeMoss.

Earl King returned to California last Friday after attending the funeral of his cousin Glen King. Mr. and Mrs. E. Sidney Mercer and Mrs. Gladys Van Sicken remained until this week before driving back to their home.

R. S. Besse, assistant director of the experiment stations of the state, was here last Wednesday while on a trip about eastern Oregon.

Cliff Cully is back for the summer and is working at the station again.

Prof. C. M. Ryncik and wife were visitors at the Clarence Sparling home. They come from Chicago where Prof. Ryncik is chief bacteriologist for the city.

A group of grangers are attending the state convention in Newport this week among them being Will Huck of Rufus, Millard and Doris Howell of Kent and Joe and Josephine Bryant of Rufus.

W. T. Balsiger and wife and Clarence Sparling and wife and Mr. Balsiger's mother, who is visiting here, returned Tuesday evening from Spokane where the two men attended the meeting of the North Pacific Grain Growers. Balsiger was elected as a member of the board of directors and later to the executive committee.

Joe Ritner and wife, Mary and Jessie Kenny, Kathleen Stout, Dorothy Miller, Clifford Kenny, Lawrence Kenny and George Martin drove to Frog Lake Sunday for a day in the mountains. While there they saw Mr. and Mrs. James Warnock (Vivian Fuller) who were also visiting the mountains.

Marjorie Schroder is visiting here at the home of Lois Melzer.

Mr. and Mrs. Roscoe Moore returned from Portland Monday night after spending a few days in the city.

Mrs. Balsiger, mother of W. T. Balsiger, returned to her home in western Washington Thursday afternoon.

It has been reported that Mrs. Passmore, mother of Mrs. Dorothy Johnston, had fallen breaking her hip. Mrs. Passmore is 94 years of age.

### June 22

## HI-WAYS TO HEALTH

by ADA R. MAYNE

### OREGON DAIRY COUNCIL

JUNE IS DAIRY MONTH

Make America Stronger by making Americans Stronger is the official slogan for the annual June Dairy this year. It is a timely slogan too, for in the National Defense picture the nutrition of our people is of paramount importance. The nation is talking and thinking in terms of diet for defense and we need to stress the fact that to "Make America Stronger" by increasing the consumption of the protective foods.

The daily meals for all - adults as well as children - should be built around milk and milk products, fruits and vegetables, eggs, and whole grain cereals to provide generous amounts of the minerals and vitamins. These are the protective foods, including meat and fish, fats and sweets, which help to round out a well-balanced diet and to make interesting, appetizing meals.

Milk and cheese hold a far more important place in maintaining the health of adults than is commonly recognized, because no other foods supply a large enough amount of calcium for the daily needs. Calcium is necessary for the normal

functioning of all body processes. It is important in body building, too, and if reserves of calcium are not constantly renewed, fragility of the bones occurs. This is one reason why the bones of some elderly people break so easily.

When the home maker is reminded that milk is one of the first foods to be called "protective" - that it is the best single food source of calcium and therefore should be a part of everyone's diet - that in a quart of milk she receives more food value and in a wider distribution than she receives in any other food - then she may look upon milk products, not only as an important food for her family, but as a definite budget saver.

The generous use of dairy products is a year-round program but with June officials Dairy Month it is a good time for a check-up. Are the children getting the equivalent of one quart of milk every day; are the grown-ups getting as much as one pint? This full measure standard should be met by drinking milk and using it generously in cooking if the home maker is doing her share in "making America stronger" by making Americans stronger.

## CHURCHES

B.Y.P.U. 8:00 p. m. - Evening service with photographs Thursdays at 8 p. m. will be Prayer, Bible Study and monthly business meeting.

Gedald C. Dryden, Pastor.

## ONE CAR TO 2.7 PEOPLE

Oregon has one registered motor vehicle for every 2.7 persons residing in the state, it was disclosed today by Earl Snell, secretary of State, who announces a registration of 394,284 vehicles at the end of May.

This registration is an increase of 8.8 percent above the registration for the same period last year. Registration fees totaled \$2,873,379 compared to a total of \$2,590,385 for the corresponding period last year.

There were 323, 911 private passenger vehicles registered in Oregon at the end of May, compared to 298,139 at the same time last year.

Registration of motor vehicles is expected to exceed the 400,000 mark in Oregon this year, Snell said. The 1940 registration was just 187 vehicles short of 400,000 and at the rate of increase shown to date, it is expected this mark will be passed before the year is over.

Registration of motor vehicles is expected to exceed the 400,000 mark in Oregon this year, Snell said. The 1940 registration was just 187 vehicles short of 400,000 and at the rate of increase shown to date, it is expected this mark will be passed before the year is over.

Mrs. Clark Dunlap, mother of Mrs. E. D. McKee, has been ill for several days and Mrs. C. R. Marshall, another daughter, is here to aid in caring for her.

Charles Fulton was brought home from the hospital this week much improved from the result of his accident a couple of weeks ago.

## Producers Studying Egg Classification

Egg producers and handlers in several sections of the state have been learning more about the care of eggs and the state egg-law in a series of meetings conducted jointly by the state department of agriculture and the state college. Main purpose has been to coordinate grading so the Oregon housewife may buy eggs with full protection that she is getting that for which she pays.

Only three grades of eggs may be sold at retail. Grade AA, grade A and B. All these must be clean eggs. Dirty eggs may be sold, but only as grade B, soiled. Many housewives do not realize that A grade eggs are very fine eggs and that actually the grade AA egg, held under normal conditions for 24 hours, usually develops a larger air cell than the law allows and so drops to a grade A egg.

Retailers must candle and grade eggs, but farmers or poultry raisers who produce eggs on their own premises may sell these eggs on the place where they were produced without candling or grading.

## New Speed Law Now In Effect

Oregon's new speed regulations, the new law pertaining to the operation of farm tractors and trailers along the highway, the repeal of non-resident registration law and other changes in motor vehicle regulations become effective Saturday, June 14, the day which marks the end of the 90-day period following adjournment of the 1941 session of the state legislative assembly.

After that date, the designated prima facie speed limit on Oregon highways outside municipal areas will be 55 miles per hour instead of 45 miles an hour indicated speed. In cities, the designated speed limits are 25 miles an hour in residential areas and 20 miles an hour in business districts while the speed past school grounds has been raised from 15 to 20 miles an hour.

These designated speeds may be changed by action of the newly created speed control board in the case of areas within city limits or on country roads, and by the state highway commission in the case of state highways. The speed control board, consisting of the secretary of state, the superintendent of state police and the chairman of

the highway commission, may act when consulted by city or county officials in connection with changing designated speed limits in cities or on county roads or upon their own motion after traffic engineering surveys. The state highway commission will make changes only on a basis of traffic engineering studies.

A bulletin by Dr. Ira N. Gabrielson, director of the fish and wildlife service of the U. S. department of the interior, has just been published by the Oregon State college extension service. The bulletin, entitled "Controlling Rodents and other Small Animal Pests in Oregon," is a reprint of an earlier bulletin prepared by Gabrielson when he was in charge of the U. S. biological survey in this state. The reprint carries the author's present title.

So It Seemed Girl - All he talked about was Socrates, Pericles, etc. Roommate - Isn't it strange that men are so fond of wrestling matches?
