### Playing for Safety

One of the first things impressed on the "cub" reporter by the editor of the local paper was the awful consequences of making ill-founded statements. Then he was sent to report a church bazaar.

"The bazaar," he wrote, "was opened (so it is said) by Mrs. Jones, the wife of Councilor Jones, commonly supposed to be a mere or less highly esteemed tradesman of this town. She was dressed in what some would describe as fashionable attire, and was supported on the platform by the so-called vicar and other reputed ladies and gentlemen."

Principles of safe driving and walking are as simple and important as the A.B.C.'s according to the public safety department of the Oregon Motor Association. Heavy summer driving with the increased danger of automobile mishaps brings a new responsibility upon both the driver and the pedestrian.

"Isn't your son rather young to join the army?"  
"Yes; but you see, he's only in the infantry."
