## CARD OF THANKS

We take this method of expressing our thanks to the thoughtful neighbors and friends for their many deeds and acts of kindness following the death of our dear wife and mother. May God's richest blessings rest upon each and every one of you.

J. H. Wilson and family.

## HIGH COMPRESSION

The term "high compression" as applied to an automobile engine is often misunderstood. An explanation offered by the Mechanical Department of the Oregon State Motor Association states that high, or increased, compression is gained by reducing the space in the combustion chamber, with the result that gas is compressed tighter and greater explosive force results.
